**Vickers VC10** Lance Cole,2020-12-28 "A comprehensive history of the VC10 . . . enhanced by the fabulous artwork and photographs . . . will take you back to the golden age of jet travel." —Flight Line Book Review Designed and manufactured by the men who would make Concorde, the Rolls-Royce powered Vickers VC10, and its larger variant, the Super VC10, represented the ultimate in 1960s subsonic airliners. The VC10 was Britain's answer to the Boeing 707 and the Douglas DC-8, but it could take off in a very short distance, climb more steeply, and land at slower speed than its rivals. These were vital safety benefits in the early years of the jet age. At one stage, the Super VC10 was the biggest airliner made in Europe and the fastest in the world. On entry into service, both the VC10 and the longer Super VC10 carved out a niche with passengers who enjoyed the speed, silence and elegance of the airliner. Pilots, meanwhile, loved its ease of flying and extra power. Yet the VC10 project was embroiled in machinations across many years and more than one government. Questions were asked in parliament and the whole story was enmeshed in a political and corporate affair that signified the end of British big airliner production. Yet the men who made the VC10 also went on to design and build Concorde. Many VC10 pilots became Concorde pilots. In service until the 1980s with British Airways, and until 2013 with the RAF, the VC10 became a British icon and a national hero, one only eclipsed by Concorde. It retains a place in the hearts and minds of enthusiasts the world over. "A good one-stop reference to the VC10." —Scale Aviation Modeller International

Vickers/BAC VC10 Manual Keith Wilson,2016-12-01 Designed in the 1950s to operate on long-distance routes, the four-jet Vickers VC10 saw service with BOAC and a number of other airlines from the 1960s to 1981. It enjoyed a further career with the RAF as a strategic transport and later as an aerial refuelling aircraft. The last VC10 K3 tanker was retired by the RAF in 2013. Keith Wilson examines the design, construction and use of the VC10, using as his centrepiece ex-RAF VC10 C1K (XR808) and VC10 K3 (ZA147) tankers at Bruntingthorpe, Leicestershire.

This is Hong Kong Miroslav Sasek,2007-02-13 Like the other Sasek classics, this is a facsimile edition of the original book. The brilliant, vibrant illustrations have been meticulously preserved, remaining true to his vision more than 40 years later. Facts have been updated for the 21st-century, appearing on a This is . . . Today page at the back of the book. These charming illustrations, coupled with Sasek's witty, playful narrative, make for a perfect souvenir that will delight both children and their parents, many of whom will remember the series from their own childhoods. This is Hong Kong, first published in 1965, captures the enchantment and the contrasts of Hong Kong in the sixties. Roaring jets bring in the tourists; bamboo rickshaws taxi them through exotic streets fragrant with incense, roasting chestnuts, and honey-glazed Peking duck. Sasek shows you the sweeping panorama of gleaming Kowloon Bay framed by misty mountain ridges, then moves in for close-ups of laborers and hawkers, refugees from the mainland, and sailors of flame-red junks, and the strange water people who, it is said, never set foot on dry land.

Flight Artworks Gary Eason,2015-09-18 Collected in book form for the first time - and also available as an ebook - are some of Gary Eason's acclaimed Flight Artworks: carefully researched and crafted photorealistic pictures of historical air combat. This first volume presents images of WWII scenes, selected from artworks created since 2011.From my point of view as a pilot for the last 43 years and an RAF fighter pilot for 30 years, the realism he captures is uncanny .... - Squadron Leader Clive Rowley MBE RAF (Retd)Third edition, September 2015

In Plain Sight Dan Davies,2014-07-17 Winner of the 2015 Gordon Burn Prize and the 2015 CWA Non-Fiction Dagger Shortlisted for the Orwell Prize and the James Tait Black Prize Dan Davies has spent more than a decade on a quest to find the real Jimmy Savile, and interviewed him extensively over a period of seven years before his death. In the course of his quest, he spent days and nights at a time quizzing Savile at his homes in Leeds and Scarborough, lunched with him at venues ranging from humble transport cafes to the Athenaeum club in London and, most memorably, joined him for

a short cruise aboard the QE2. Dan thought his quest had come to an end in October 2011 when Savile's golden coffin was lowered into a grave dug at a 45-degree angle in a Scarborough cemetery. He was wrong. In the last two and a half years, Dan has been interviewing scores of people, many of them unobtainable while Jimmy was alive. What he has discovered was that his instincts were right all along and behind the mask lay a hideous truth. Jimmy Savile was not only complex, damaged and controlling, but cynical, calculating and predatory. He revelled in his status as a Pied Piper of youth and used his power to abuse the vulnerable and underage, all the while covering his tracks by moving into the innermost circles of the establishment.

**Yvain** Chretien de Troyes, Chrétien (de Troyes), 1987-09-10 A twelfth-century poem by the creator of the Arthurian romance describes the courageous exploits and triumphs of a brave lord who tries to win back his deserted wife's love

The Aurelian Legacy Michael A. Salmon, Peter Marren, Basil Harley, 2000 This entertaining and informative book traces the history of butterfly collection in Britain from the 17th century, when the study of natural history had its beginnings. Laced with anecdotes and quotations, the beautifully illustrated volume describes the equipment used and gives brief biographies of 101 deceased lepidopterists. 58 illustrations, 42 in color.

*The Final Archives of the Führerbunker* Paul Villatoux, Xavier Aiolfi, 2020-10-28 Collected documents offering a look into the minds of the Third Reich's leaders in their final days, and at Berlin following the end of World War II. In November 1945, two French officers secretly entered the Führerbunker, the air raid shelter near the Chancellery in Berlin. The bunker was the last home of Adolf Hitler; the background of the last months of his life and the war; where he married Eva Braun on April 29, 1945; and where he killed himself less than two days later. In the middle of a heap of furniture and broken objects, the two officers found hundreds of documents littering the ground. Among the documents that they retrieved were a dozen telegrams of historic importance that allow us to understand the spirit of the last leaders of the Third Reich as well as the events that took place between April 23 and 26, 1945. These and other documents are presented for the first time in this book, shown in their proper context with an expert commentary. "But although the building may have gone, troves of historic documents survived. Now, many have been published for the first time in this new visual history, an excellent guide to the horrendous final days, hours, and minutes of the Third Reich." —Military History Matters

**The Aurelian Legacy - a History of British Butterflies and their Collectors** Michael Salmon, 2021-10-25 Although the collecting of butterflies is today an emotive subject, it is impossible to separate a history of British butterflies from a history of their collectors, without whose activities our knowledge of the identification, occurrence, distribution, and variation of British butterflies would be much the poorer. Liberally laced with contemporary quotations, this book brings to life the past three hundred years of butterfly study, with details of early societies, collecting equipment, biographies of 101 deceased lepidopterists, with portraits where available, as well as the chequered history in Britain of some 35 species of butterfly. The colour plates include some of the finest butterfly illustrations ever.

Armageddon Leon Uris, 2022-10-25 Meticulously researched, this New York Times bestselling novel gives a historically accurate account of the early days of the Cold War and the fight for German redemption. At the end of World War II, American army officer Captain Sean O'Sullivan is commissioned with rebuilding Berlin. Reeling from the death of his brothers at German hands and faced with the direct horrors of the Holocaust, O'Sullivan struggles against his animosity toward the nation he is helping restore. Meanwhile, Soviet forces blockade Germany in a bid for power, and the Western Allies must unite to prevent a communist takeover. When the airlift begins, the Allies find their deepest convictions tested as they fight against a threat even more dangerous than Hitler.

The Forgotten Rohingya: Their Struggle for Human Rights in Burma Habib Habib Siddiqui, 2019 Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and human rights consider you as settlers from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations? For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on marriage and those married without government authorization are paraded naked on the streets? - Are restricted from traveling outside their villages? - Have no legal right to

own land or property? - Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings? - Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan? - Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights? Nothing can excuse us from the criminal silence that we practice in not voicing our concern about the plight of the Rohingya people. The Forgotten Rohingya makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of Burma's orange revolution.
