Bodyguard Manual Leroy Thompson,2005 Although military operations against terrorist forces often garner the headlines, those who protect government, military, and business leaders from assassination or kidnapping are also in the front lines against terrorism. Ready and prepared to place his body between his employer and a bullet, the bodyguard must be able to blend into the milieu around his charge, yet be ready to spring into action instantly to counter an attack. Based on techniques of the U.S. Secret Service, U.S. State Department Security, the Special Air Service, the Royal Corps of Military Police, the Metropolitan Police, the KGB and its successor the FSB, France's GSPR, and other protective units around the world, The Bodyguard Manual details the steps a protective team takes to prevent attack as well as the tactics which are employed when it is necessary to counter an attack in progress. From security aboard Concorde, the Orient Express, or the Queen Elizabeth 2, to protecting a military general officer in combat, The Bodyguard Manual allows the reader to stand post with the professional bodyguard.

One Last Kiss Michael W. Cuneo,2012-07-31 FROM ADULTERY... Ex-Marine and bodyguard Chris Coleman was a family man with a secret: He wanted to leave his wife for another woman, Tara Lintz. But as head of security for the world-famous Joyce Meyer Ministries—an evangelical organization that frowns on divorce—Coleman had to make other plans. TO MURDER... On May 5, 2009, Illinois police received a call from Coleman, who claimed he was unable to contact his family. When investigators arrived at his home, they found Coleman's wife and two sons strangled in bed. Across the walls, spray-painted in red, were various obscenities—the word punished among them. TO LIFE—OR DEATH. Who could have done something so sinister? As Coleman played the part of a grieving husband, forensic evidence at the crime scene told a different story. Key testimony from Lintz afforded yet more evidence of Coleman's guilt—and soon a jury would find him guilty of three counts of murder in the first degree.

The problem is, Ryan would much rather go to film school. But his dad doesn't want to hear it. His teammates sure don't. He can't afford the application fees anyway. But then a solution appears when Markus, a strange exchange student with outrageous stories about mobsters and hackers, offers to pay Ryan to be his bodyguard. Things get complicated when Ryan realizes the stories may be closer to the truth than anyone imagined.

Deception Plan Bodyguard: Deception Modeling as a Means to Benchmark Risk ,2002 This paper examines Operation Overlord and deception plan Bodyguard--the deception that made the Allied invasion of Europe in WWII so successful. First, the paper advocates why deception planning should be pursued, in spite of American inclinations not to, by examining the direct benefits deception provided to the success of Overlord. This paper is not a comprehensive A to Z examination of the tenets of deception. Instead, it more closely examines only two aspects of deception: the dynamics of transmitting deception to the enemy and the dynamics of enemy reaction to the deception. With Bodyguard as the example, the paper then describes via use of an Input/Output model how the two variables interact with one another and what elements must comprise each in order to succeed. Finally, lessons learned are drawn and offered for the consideration of today's Commander. Among the lessons learned is the unconventional claim that, under certain circumstances, operational success can be designed contingent upon deception success.

M, King's Bodyguard Niall Leonard,2022-06-14 A thrilling, action-packed page-turner (Wall Street Journal) based on a true story of anarchy and assassination in Edwardian London, centred around one detective's mission to preserve the life of his king and prevent a bloody war in Europe. From humble beginnings in Ireland, William Melville has risen through hard work, intelligence, and occasional brute force to become head of Scotland Yard's Special Branch, personal bodyguard to Queen Victoria and her family, and the scourge of anarchists at home and abroad. But when the aged Queen dies in January 1901 and the crowned heads of Europe converge on London for her funeral, Melville learns of a conspiracy, led by a mysterious nihilist known only as Akushku, to assassinate Kaiser Wilhelm of Germany at the ceremony. Racing to prevent the atrocity, Melville and his German counterpart Gustav Steinhauer find themselves tangled in a web of adultery, betrayal, and violence. As the funeral looms ever closer, Melville realizes that Akushku is the most resourceful and vicious foe he has yet encountered—but is the greater threat from Melville's enemies, or his allies?

When the group picks up on a trail of corruption which reaches to the top of the UK's National Crime Agency, their mission begins. DCI John Tenniel is a ruthless individual unafraid to break the rules in order to elevate himself to more power and bodies have been piling up in his mission to the top. Going after Tenniel will require Logan and the team to delve beneath the surface of society and into a murky underworld where the lines between gangsters and the police have become increasingly blurred. But Blinkeye have acquired their target and now it's time to strike .
