

Borderlands Psycho Bandit Papercraft Mask

Fran Krause

Freedom of the Mask Robert McCammon, 2021-08-17 This historical adventure filled with menace and mayhem by a New York Times–bestselling author “keep[s] the story twisting unpredictably. . . . [A] page-turner” (Publishers Weekly, starred review). At the dawn of the eighteenth century, Matthew Corbett, professional problem solver, has left New York for Charles Town on an assignment from his agency—and vanished. As his friend Hudson Greathouse sets out to track him down, he has no idea that Matthew is across the sea in London’s notorious Newgate Prison, accused of murdering a Prussian count and targeted by a masked vigilante. Now Hudson, accompanied by Matthew’s beloved Berry Grigsby, must sail to England in hopes of saving him in time . . . Featuring Daniel Defoe as a fellow inmate at Newgate, this whirlwind tale of mystery and adventure comes from Robert McCammon, the multiple award-winning author of five previous novels featuring Matthew Corbett, as well as such classics as *Swan Song* and *Boy’s Life*. “Rousing . . . Matthew quickly becomes embroiled in mysteries involving fellow inmate Daniel Defoe; a gin-running street gang, the Black-Eyed Broodies; a kidnapped Italian opera singer; and a masked avenger.” —Publishers Weekly, starred review Praise for the Matthew Corbett Novels “Matthew is a very well designed character, very much a man of his time but also ahead of his time, as though he has stepped out of a modern-day crime lab into the early eighteenth century.” —Booklist “This popular series takes us to a long forgotten time with characters who never fail to entertain.” —The Florida Times-Union

The Anatomy of Fascism Robert O. Paxton, 2007-12-18 What is fascism? By focusing on the concrete: what the fascists did, rather than what they said, the esteemed historian Robert O. Paxton answers this question. From the first violent uniformed bands beating up “enemies of the state,” through Mussolini’s rise to power, to Germany’s fascist radicalization in World War II, Paxton shows clearly why fascists came to power in some countries and not others, and explores whether fascism could exist outside the early-twentieth-century European setting in which it emerged. A deeply intelligent and very readable book. . . . Historical analysis at its best. —The Economist *The Anatomy of Fascism* will have a lasting impact on our understanding of modern European history, just as Paxton’s classic *Vichy France* redefined our vision of World War II. Based on a lifetime of research, this compelling and important book transforms our knowledge of fascism—“the major political innovation of the twentieth century, and the source of much of its pain.”

Transformers vs. The Terminator Tom Waltz, John Barber, David Mariotte, 2021-02-02 It's Skynet vs. Cybertron in a crossover for the ages! 1984: When a deadly race of machines emerge from another time, will a robotic guardian be able to protect the Earth from a dire future... or will the T-800 fail in his mission to prevent the world from becoming a plaything to the Decepticons? The T-800, last hope of its kind, has travelled back to 1984 to destroy the Cybertronians before they can awaken and subjugate his future. But when the Ark systems start to bring the Autobots and Decepticons back online, what will he do against two armies? It's up to one Terminator to save the future and nothing's gonna stand in his way!

Red Pedagogy Sandy Grande, 2015-09-28 This ground-breaking text explores the intersection between dominant modes of critical educational theory and the socio-political landscape of American Indian education. Grande asserts that, with few exceptions, the matters of Indigenous people and Indian education have been either largely ignored or indiscriminately absorbed within critical theories of education. Furthermore, American Indian scholars and educators have largely resisted engagement with critical educational theory, tending to concentrate instead on the production of historical monographs, ethnographic studies, tribally-centered curricula, and site-based research. Such a focus stems from the fact that most American Indian scholars feel compelled to address the socio-economic urgencies of their own communities, against which engagement in abstract theory appears to be a luxury of the academic elite. While the author acknowledges the dire need for practical-community based research, she maintains that the global encroachment on Indigenous lands, resources, cultures and communities points to the equally urgent need to develop transcendent theories of decolonization and to build broad-based coalitions.

Sweet Battlefields Mats Utas, 2003

Slow Violence and the Environmentalism of the Poor Rob Nixon, 2011-06-01 The violence wrought by climate change, toxic drift, deforestation, oil spills, and the environmental aftermath of war takes place gradually and often invisibly. Using the innovative concept of slow violence to describe these threats, Rob Nixon focuses on the inattention we have paid to the attritional lethality of many environmental crises, in contrast with the sensational, spectacle-driven messaging that impels public activism today. Slow violence, because it is so readily ignored by a hard-charging capitalism, exacerbates the vulnerability of ecosystems and of people who are poor, disempowered, and often involuntarily displaced, while fueling social conflicts that arise from desperation as life-sustaining conditions erode. In a book of extraordinary scope, Nixon examines a cluster of writer-activists affiliated with the environmentalism of the poor in the global South. By approaching environmental justice literature from this transnational perspective, he exposes the limitations of the national and local frames that dominate environmental writing. And by skillfully illuminating the strategies these writer-activists deploy to give dramatic visibility to environmental emergencies, Nixon invites his readers to engage with some of the most pressing challenges of our time.

African Conflicts and Informal Power Mats Utas, 2012-09-13 In the aftermath of an armed conflict in Africa, the international community both produces and demands from local partners a variety of blueprints for reconstructing state and society. The aim is to re-formalize the state after what is

viewed as a period of fragmentation. In reality, African economies and polities are very much informal in character, with informal actors, including so-called Big Men, often using their positions in the formal structure as a means to reach their own goals. Through a variety of in-depth case studies, including the DRC, Sierra Leone and Liberia, this comprehensive volume shows how important informal political and economic networks are in many of the continent's conflict areas. Moreover, it demonstrates that without a proper understanding of the impact of these networks, attempts to formalize African states, particularly those emerging from wars, will be in vain.

Borderlands Mikey Neumann, 2017

Harbinger Wars Josh Dysart, Duane Swierczynski, 2014-07-15 When an untrained and undisciplined team of super-powered test subjects escape from Project Rising Spirit and onto the Vegas Strip, Bloodshot and the Harbinger Renegades will find themselves locked in battle against a deadly succession of opponents-- and each other. As the combined forces of H.A.R.D. Corps, Generation Zero, and omega-level telekinetic Toyo Harada all descend on Las Vegas to vie for the control of Project Rising Spirit's deadliest assets, the world is about to discover the shocking price of an all-out superhuman conflict-- and no one will escape unscathed--Jacket.

Metroimperial Intimacies Victor Román Mendoza, 2015-11-11 In *Metroimperial Intimacies* Victor Román Mendoza combines historical, literary, and archival analysis with queer-of-color critique to show how U.S. imperial incursions into the Philippines enabled the growth of unprecedented social and sexual intimacies between native Philippine and U.S. subjects. The real and imagined intimacies--whether expressed through friendship, love, or eroticism--threatened U.S. gender and sexuality norms. To codify U.S. heteronormative behavior, the colonial government prohibited anything loosely defined as perverse, which along with popular representations of Filipinos, regulated colonial subjects and depicted them as sexually available, diseased, and degenerate. Mendoza analyzes laws, military records, the writing of Philippine students in the United States, and popular representations of Philippine colonial subjects to show how their lives, bodies, and desires became the very battleground for the consolidation of repressive legal, economic, and political institutions and practices of the U.S. colonial state. By highlighting the importance of racial and gendered violence in maintaining control at home and abroad, Mendoza demonstrates that studies of U.S. sexuality must take into account the reach and impact of U.S. imperialism.

Hell Is a Very Small Place Jean Casella, James Ridgeway, Sarah Shourd, 2014-11-11 "An unforgettable look at the peculiar horrors and humiliations involved in solitary confinement" from the prisoners who have survived it (New York Review of Books). On any given day, the United States holds more than eighty-thousand people in solitary confinement, a punishment that--beyond fifteen days--has been denounced as a form of cruel and degrading treatment by the UN Special Rapporteur on Torture. Now, in a book that will add a startling new dimension to the debates around human rights and prison reform, former and current prisoners describe the devastating effects of isolation on their minds and bodies, the solidarity expressed between individuals who live side by side for years without ever meeting one another face to face, the ever-present specters of madness and suicide, and the struggle to maintain hope and humanity. As Chelsea Manning wrote from her own solitary confinement cell, "The personal accounts by prisoners are some of the most disturbing that I have ever read." These firsthand accounts are supplemented by the writing of noted experts, exploring the psychological, legal, ethical, and political dimensions of solitary confinement. "Do we really think it makes sense to lock so many people alone in tiny cells for twenty-three hours a day, for months, sometimes for years at a time? That is not going to make us safer. That's not going to make us stronger." --President Barack Obama "Elegant but harrowing." --San Francisco Chronicle "A potent cry of anguish from men and women buried way down in the hole." --Kirkus Reviews

Altai - Himalaya. A Travel Diary Nicholas Roerich, 2017-03-24

'Illegal' Traveller S. Khosravi, 2010-04-14 Based on fieldwork among undocumented immigrants and asylum seekers *Illegal Traveller* offers a narrative of the polysemic nature of borders, border politics, and rituals and performances of border-crossing. Interjecting personal experiences into ethnographic writing it is 'a form of self-narrative that places the self within a social context'.

The Last 100 Yards Paul Berg, Army University Press, 2019-05 *The Last 100 Yards: The Crucible of Close Combat in Large-Scale Combat Operations* presents thirteen historical case studies of close combat operations from World War I through Operation Iraqi Freedom. This volume is a collection from the unique and deliberate perspective of the last 100 yards of ground combat. In today's Army, there are few leaders who have experienced multi-domain large-scale ground combat against a near-peer or peer enemy first hand. This volume serves to augment military professionals' understanding of the realities of large-scale ground combat operations through the experiences of those who lived it.

The Ten Types of Human Dexter Dias, 2017-06-01 The inspiration behind the hit podcast THE 100 TYPES OF HUMAN with DEXTER DIAS and BBC 5 Live host NIHAL ARTHANAYAKE 'This book is the one. Think *Sapiens* and triple it.' - Julia Hobsbawm, author of *Fully Connected*

We all have ten types of human in our head. They're the people we become when we face life's most difficult decisions. We want to believe there are things we would always do - or things we never would. But how can we be sure? What are our limits? Do we have limits? *The Ten Types of Human* is a pioneering examination of human nature. It looks at the best and worst that human beings are capable of,

and asks why. It explores the frontiers of the human experience, uncovering the forces that shape our thoughts and actions in extreme situations. From courtrooms to civil wars, from Columbus to child soldiers, Dexter Dias takes us on a globe-spanning journey in search of answers, touching on the lives of some truly exceptional people. Combining cutting-edge neuroscience, social psychology and human rights research, *The Ten Types of Human* is a provocative map to our hidden selves. It provides a new understanding of who we are - and who we can be. _____ 'The Ten Types of Human is a fantastic piece of non-fiction, mixing astonishing real-life cases with the latest scientific research to provide a guide to who we really are. It's inspiring and essential.' - Charles Duhigg, author of *The Power of Habit* 'I emerged from this book feeling better about almost everything... a mosaic of faces building into this extraordinary portrait of our species.' - Guardian 'Uplifting and indispensable.' - Howard Cunnell

_____ What readers are saying about 'the most important book in years': 'utterly compelling...this one comes with a warning - only pick it up if you can risk not putting it down' - Wendy Heydorn on Amazon, 5 stars 'one of the most remarkable books I've read... I can genuinely say that it has changed the way I view the world' - David Jones on Amazon, 5 stars 'Essential reading for anyone wishing to understand the human condition... a thrilling and beautifully crafted book' - Wasim on Amazon, 5 stars 'This is the most important book I have read in years' - Natasha Geary on Amazon, 5 stars 'an important and fascinating read... It will keep you glued to the page' - Hilary Burrage on Amazon, 5 stars 'a journey that I will never forget, will always be grateful for, and I hope will help me question who I am... a work of genius' - Louise on Amazon, 5 stars 'This is a magnificent book that will capture the interest of every type of reader... one of those rare and special books that demand rereading' - Amelia on Amazon, 5 stars 'I simply couldn't put it down... one of the most significant books of our time' - Jocelyne Quennell on Amazon, 5 stars 'Read *The Ten Types of Human* and be prepared to fall in love' - Helen Fospero on Amazon, 5 stars

Level Up! Scott Rogers, 2010-09-29 Design and build cutting-edge video games with help from video game expert Scott Rogers! If you want to design and build cutting-edge video games but aren't sure where to start, then this is the book for you. Written by leading video game expert Scott Rogers, who has designed the hits *Pac Man World*, *Maxim vs. Army of Zin*, and *SpongeBob Squarepants*, this book is full of Rogers's wit and imaginative style that demonstrates everything you need to know about designing great video games. Features an approachable writing style that considers game designers from all levels of expertise and experience Covers the entire video game creation process, including developing marketable ideas, understanding what gamers want, working with player actions, and more Offers techniques for creating non-human characters and using the camera as a character Shares helpful insight on the business of design and how to create design documents So, put your game face on and start creating memorable, creative, and unique video games with this book!

Craft: Volume 01 Carla Sinclair, 2006-11-28 CRAFT is the first project-based magazine dedicated to the renaissance that is occurring within the world of crafts. Celebrating the DIY spirit, CRAFT's goal is to unite, inspire, inform and entertain a growing community of highly imaginative people who are transforming traditional art and crafts with unconventional, unexpected and even renegade techniques, materials and tools; resourceful spirits who undertake amazing crafting projects in their homes and communities. Volume 01, the premier issue, features 23 projects with a twist! Make a programmable LED shirt, turn dud shoes into great knitted boots, felt an iPod cocoon, embroider a skateboard, and much more.

New Hyperion Geoffrey Handley-Taylor, 1950

Exotic Nations Renata Wasserman, 2018-03-15 In this highly original and critically informed book, Renata R. Mautner Wasserman looks at how, during the first decades following political independence, writers in the United States and Brazil assimilated and subverted European images of an exotic New World to create new literatures that asserted cultural independence and defined national identity. *Exotic Nations* demonstrates that the language of exoticism thus became part of the New World's interpretation of its own history and natural environment.

Deep Dark Fears Fran Krause, 2015-09-29 A devilishly funny collection of comics that explores our most gruesome, hilarious, and bizarre fears—and the dangers lurking around every corner. We all have strange, irrational fears—from seeing ghosts in the bedroom mirror to being sucked into a mall escalator or finding yourself miles below the ocean's surface on the deck of a sunken ship. In *Deep Dark Fears*, animator, illustrator, and cartoonist Fran Krause brings these fears to life in 101 vividly illustrated comics inspired by his wildly popular web comic and based on real fears submitted by online readers. *Deep Dark Fears* reveals a primal part of our humanity and highlighting both our idiosyncrasies and our similarities.
