Rival governments wage a cold war of aggression while greedy corporations vie for valuable resources. Colonists reach for the stars and gamble with their lives - each new world tamed is either feast or famine. And there are things lurking in the shadows of every asteroid - things strange and different and deadly. Things alien. This is the official ALIEN tabletop roleplaying game - a universe of body horror and corporate brinkmanship, where synthetic people play god while space truckers and marines serve host to newborn ghoulish creatures. Slavery by Another Name Douglas A. Blackmon, 2012-10-04 A Pulitzer Prize-winning history of the mistreatment of black Americans. In this 'precise and eloquent work' - as described in its Pulitzer Prize citation - Douglas A. Blackmon brings to light one of the most shameful chapters in American history - an 'Age of Neoslavery' that thrived in the aftermath of the Civil War through the dawn of World War II. Using a vast record of original documents and personal narratives, Blackmon unearths the lost stories of slaves and their descendants who journeyed into freedom after the Emancipation Proclamation and then back into the shadow of involuntary servitude thereafter. By turns moving, sobering and shocking, this unprecedented account reveals these stories, the companies that profited the most from neoslavery, and the insidious legacy of racism that reverberates today.

Ordinary Lives Ben Highmore, 2010-09-13 This new study from Ben Highmore looks at the seemingly banal world of objects, work, daily media, and food, and finds there a scintillating array of passionate experience. Through a series of case studies, and building on his previous work on the everyday, Highmore examines our relationship to familiar objects (a favourite chair), repetitive work (housework, typing), media (distracted television viewing and radio listening) and food (specifically the food of multicultural Britain). A chair allows him to consider the history of flat-pack furniture as well as the lively presence of inorganic 'stuff' in our daily lives. Distracted television watching and radio listening becomes one of the preconditions for experiencing wonder through the media. Ordinary Lives links the concrete study of routine existence to theoretical reflection on everyday life. The book discusses philosophers such as Jacques Rancière, William James and David Hume and combines them with autobiographical testimonies, historical research and the analysis of popular culture to investigate the minutiae of day-to-day life. Highmore argues that aesthetic experience is embedded in the mundane sensory world of everyday life. He asks the reader to reconsider the negative associations of habit and routine, focusing specifically on the intrinsic ambiguity of habit (habit, we find out, is both rigid and adaptive). Rather than ask 'what does everyday life mean?' this book asks 'what does everyday life feel like and how do our sensual, emotional and temporal experiences interconnect and intersect?' Ordinary Lives is an accessible, animated and engaging book that is ideally suited to both students and researchers working in cultural studies, media and communication and sociology.

The Red Feast Gav Thorpe, 2019-10-29 On the Flamescar Plateau, a time of peace and prosperity is threatened by a distant sorcerous power. Can Athol Khul bring the tribes together to keep the peace, or will war claim them all – and destroy their future? The coming of the God-King Sigmar has brought relative peace and prosperity to the Great Parch. Yet across the sun-drenched plains of the Flamescar Plateau the passions of the tribes are intemperate and generations of loyalty to the Hammer-God cannot wholly erase their warlike past and bloodthirsty traditions. Among them live the Khul, outsiders allied to the mighty Aridians through shared blades. Athol Khul is the spear-carrier, the bridge between these peoples, and to him falls a near-impossible task when a distant sorcerous power threatens the alliance. With the lives of

his family and people hanging in the balance, Athol must secure whatever companions and powers he can to aid in the coming war. In doing so, he starts upon a path that will lead to glory and ruin in equal measure.

The Making of Exile Nandita Bhavnani, 2014 To date, most books on Partition have ignored or minimised the Sindhi Hindu experience, which was significantly different from the trials of minorities in Punjab or Bengal. The Making of Exile hopes to redress this, by turning a spotlight on the specific narratives of the Sindhi Hindu community. Post-Partition, Sindh was relatively free of the inter-communal violence witnessed in Punjab, Bengal, and other parts of north India. Consequently, in the first few months of Pakistan's early life, Sindhi Hindus did not migrate, and remained the most significant minority in West Pakistan. Starting with the announcement of the Partition of India, The Making of Exile firmly traces the experiences of the community - that went from being a small but powerful minority to becoming the target of communal discrimination, practised by both the state as well as sections of Pakistani society. This climate of communal antipathy threw into sharp relief the help and sympathy extended to Sindhi Hindus by other Pakistani Muslims, both Sindhi and muhajir. Finally, it was when they became victims of the Karachi pogrom of January 1948 that Sindhi Hindus felt compelled to migrate to India. The second segment of the book examines the resettlement of the community in India - their first brush with squalid refugee camps, their struggle to make sense of rapidly changing governmental policies, and the spirit of determination and enterprise with which they rehabilitated themselves in their new homeland.
