Psychic Self-Defense Dion Fortune, 2021-12-12 Psychic Self-Defense Dion Fortune - Psychic Self-Defense is one of the best guides to detection and defence against psychic attack from one of the leading occult writers of the 20th century. After finding herself the subject of a powerful psychic attack in the 1930's, famed British occultist Dion Fortune wrote this detailed instruction manual on protecting oneself from paranormal attack. This classic psychic self-defence guide explains how to understand the signs of a psychic attack, vampirism, hauntings, and methods of defence. Everything you need to know about the methods, motives, and physical aspects of a psychic attack and how to overcome it is here, along with a look at the role psychic elements play in mental illness and how to recognise them.

American Vaudeville as Ritual Albert F. McLean Jr., 2021-10-21 This study affords an entirely new view of the nature of modern popular entertainment. American vaudeville is here regarded as the carefully elaborated ritual serving the different and paradoxical myth of the new urban folk. It demonstrates that the compulsive myth-making faculty in man is not limited to primitive ethnic groups or to serious art, that vaudeville cannot be dismissed as meaningless and irrelevant simply because it fits neither the criteria of formal criticism or the familiar patterns of anthropological study. Using the methods for criticism developed by Susanne K. Langer and others, the author evaluates American vaudeville as a symbolic manifestation of basic values shared by the American people during the period 1885-1930. By examining vaudeville as folk ritual, the book reveals the unconscious symbolism basic to vaudeville—in its humor, magic, animal acts, music, and playlets, and also in the performers and the managers—which gave form to the dominant American myth of success. This striking view of the new mass man as a folk and of his mythology rooted in the very empirical science devoted to dispelling myth has implications for the serious study of all forms of mass entertainment in America. The book is illustrated with a number of striking photographs.

The 1619 Project Nikole Hannah-Jones, The New York Times Magazine, 2021-11-16 #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD WINNER • A dramatic expansion of a groundbreaking work of journalism, *The 1619 Project: A New Origin Story* offers a profoundly revealing vision of the American past and present. FINALIST FOR THE KIRKUS PRIZE • ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, NPR, Esquire, Marie Claire, Electric Lit, Ms. magazine, Kirkus Reviews, Booklist In late August 1619, a ship arrived in the British colony of Virginia bearing a cargo of twenty to thirty enslaved people from Africa. Their arrival led to the barbaric and unprecedented system of American chattel slavery that would last for the next 250 years. This is sometimes referred to as the country's original sin, but it is more than that: It is the source of so much that still defines the United States. The New York Times Magazine's award-winning 1619 Project issue reframed our understanding of American history by placing slavery and its continuing legacy at the center of our national narrative. This book substantially expands on that work, weaving together eighteen essays that explore the legacy of slavery in present-day America with thirty-six poems and works of fiction that illuminate key moments of oppression, struggle, and resistance. The essays show

how the inheritance of 1619 reaches into every part of contemporary American society, from politics, music, diet, traffic, and citizenship to capitalism, religion, and our democracy itself. This book that speaks directly to our current moment, contextualizing the systems of race and caste within which we operate today. It reveals long-glossed-over truths around our nation's founding and construction—and the way that the legacy of slavery did not end with emancipation, but continues to shape contemporary American life. Minor Histories Mike Kelley, 2004-02-06 The second volume of writings by Los Angeles artist Mike Kelley, focusing on his own work. What John C. Welchman calls the blazing network of focused conflations from which Mike Kelley's styles are generated is on display in all its diversity in this second volume of the artist's writings. The first volume, *Foul Perfection*, contained thematic essays and writings about other artists; this collection concentrates on Kelley's own work, ranging from texts in voices that grew out of scripts for performance pieces to expository critical and autobiographical writings. *Minor Histories* organizes Kelley's writings into five sections. Statements consists of twenty pieces produced between 1984 and 2002 (most of which were written to accompany exhibitions), including *Ajax*, which draws on Homer, Colgate- Palmolive, and Longinus to present its eponymous hero; *Some Aesthetic High Points*, an exercise in autobiography that counters the standard artist bio included in catalogs and press releases; and a sequence of creative writings that use mass cultural tropes in concert with high art mannerisms—approximating in prose the visual styles that characterize Kelley's artwork. Video Statements and Proposals are introductions to videos made by Kelley and other artists, including Paul McCarthy and Bob Flanagan and Sheree Rose. Image-Texts offers writings that accompany or are part of artworks and installations. This section includes *A Stopgap Measure*, Kelley's zestful millennial essay in social satire, and *Meet John Doe*, a collage of appropriated texts. Architecture features an discussion of Kelley's Educational Complex (1995) and an interview in which he reflects on the role of architecture in his work. Finally, *Ufology* considers the aesthetics and sexuality of space as manifested by UFO sightings and abduction scenarios.

How to Fix a Broken Record Amena Brown, 2017-11-07 Allow God to heal the broken record of your soul, so you can step into your calling, speak up for what's right, and dance your own story of God's grace. What does the soundtrack in your head sound like? The hurtful words of others and the failures of your past often determine what record you play the most in your mind. Those painful repetitions often keep us from speaking up, standing up for what's right, being loved, pursuing our dreams, and growing closer to God. Spoken word poet Amena Brown's broken records played messages about how she wasn't worthy to be loved. But after years of playing those destructive rhythms over and over, How to Fix a Broken Record chronicles her journey of healing as she's allowed the music of God's love to play on repeat instead. From bad dates to marriage lessons at Waffle House, from learning to love her hair to learning to love an unexpected season of life, from discovering the power of saying no and the freedom to say yes, Amena offers keep-it-real stories your soul can relate to. Along the way, you'll discover how to . . . Recognize the negative messages that play on repeat in your mind Replace them with the truth that you are a beloved child of God And find new joy in the beautiful music of your life.

A Certain Age Rudolf Mrázek, 2010-04-16 A Certain Age is an unconventional, evocative work of history and a moving reflection on memory, modernity, space, time, and the limitations of traditional historical narratives. Rudolf Mrázek visited Indonesia throughout the 1990s, recording lengthy interviews with elderly intellectuals in and around Jakarta. With few exceptions, they were part of an urban elite born under colonial rule and educated at Dutch schools. From the early twentieth century, through the late colonial era, the national revolution, and well into independence after 1945, these intellectuals injected their ideas of modernity, progress, and freedom into local and national discussion. When Mrázek began his interviews, he expected to discuss phenomena such as the transition from colonialism to postcolonialism. His interviewees, however, wanted to share more personal recollections. Mrázek illuminates their stories of the past with evocative depictions of their late-twentieth-century surroundings. He brings to bear insights from thinkers including Walter Benjamin, Bertold Brecht, Le Corbusier, and Marcel Proust, and from his youth in Prague, another metropolis with its own experience of passages and revolution. Architectural and spatial tropes organize the book. Thresholds, windowsills, and sidewalks come to seem more apt as descriptors of historical transitions than colonial and postcolonial, or modern and postmodern. Asphalt roads, homes, classrooms, fences, and windows organize movement, perceptions, and selves in relation to others. A Certain Age is a portal into questions about how the past informs the present and how historical accounts are inevitably partial and incomplete.

Unsui Eshin Nishimura,2021-05-25 Although the lines of the palm of the hand are barely visible in the early light, the monks of the Tofukuji monastery have been about their familiar rounds of daily tasks for several hours. Their routine is simple but faithfully practiced. Within its repetition lies the key to the self and the Buddha who resides within. The daily life of the monastery is portrayed here in ninety-seven watercolor sketches. Drawn during his last years by the Zen monk Giei Sato, these sketches recollect his days as an unsui, an apprentice monk. With humor and steadfast warmth Sato depicts the day of leaving home and the day of returning; the rainy season and the snowy season; the chores, the celebrations, the days of cleaning, and the days of begging. Each of the charming drawings is enhanced by a brief description of the event portrayed, a touch of Zen teaching, or a note on monastic life.

Prince of Networks: Bruno Latour and Metaphysics Graham Harman,2009 Prince of Networks is the first treatment of Bruno Latour specifically as a philosopher. It has been eagerly awaited by readers of both Latour and Harman since their public discussion at the London School of Economics in February 2008. Part One covers four key works that display Latour's underrated contributions to metaphysics: Irreductions, Science in Action, We Have Never Been Modern, and Pandora's Hope. Harman contends that Latour is one of the central figures of contemporary philosophy, with a highly original ontology centered in four key concepts: actants, irreduction, translation, and alliance. In Part Two, Harman summarizes Latour's most important philosophical insights, ...

Ordinary Lives Ben Highmore,2010-09-13 This new study from Ben Highmore looks at the seemingly banal world of objects, work, daily media, and food, and finds there a scintillating array of passionate experience. Through a series of case studies, and building on his previous work on the everyday, Highmore examines our relationship to familiar objects (a favourite chair), repetitive work (housework, typing), media (distracted television viewing and radio listening) and food (specifically the food of multicultural Britain). A chair allows him to consider the history of flat-pack furniture as well as the lively presence of inorganic 'stuff' in our daily lives. Distracted television watching and radio listening becomes one of the preconditions for experiencing wonder through the media. Ordinary Lives links the concrete study of routine existence to theoretical reflection on everyday life. The book discusses philosophers such as Jacques Rancière, William James and David Hume and combines them with autobiographical testimonies, historical research and the analysis of popular culture to investigate the minutiae of day-to-day life. Highmore argues that aesthetic experience is embedded in the mundane sensory world of everyday life. He asks the reader to reconsider the negative associations of habit and routine, focusing specifically on the intrinsic ambiguity of habit (habit, we find out, is both rigid and adaptive). Rather than ask 'what does everyday life mean?' this book asks 'what does everyday life feel like and how do our sensual, emotional and temporal experiences interconnect and intersect?' Ordinary Lives is an accessible, animated and engaging book that is ideally suited to both students and researchers working in cultural studies, media and communication and sociology.
