📖 **THE UNBRcABLE WOMEN SERIES Box Set** Kathryn R. Biel,2022-02-20 Are you ready to Be UNBRcAbLe? Get set to live, laugh, and love with this award-winning series, chronicling the journey of women gaining control over their genetics. Contains the complete award-winning novels: Ready for Whatever, Seize the Day, and Underneath It All. Ready for Whatever: An uplifting romantic comedy about facing your worst fears ... and finding out that everything might be okay. Look on the bright side, Millie. At least you don’t have cancer. Testing positive for the BRCA gene only means one thing: Millie Dwyer is almost certain to develop cancer at a young age. After losing her grandmother and mother to the dreaded disease, Millie’s always feared a similar fate. But now the twenty-nine-year-old has technological advancements on her side, including radical surgeries, that can save her from ever having to deal with the Big C... but at quite a cost. Now Millie has to come to terms with a new normal—new breasts, missing ovaries, hot flashes, insensitive friends, and, worst of all, the knowledge that she’ll never have biological children. One thing’s for certain—she’s never planned on trying to navigate the dating scene with all this on her plate ... but on the road from loss to love, Millie finds that laughter certainly is the best medicine. Seize the Day: Current Mood: Freaking Out. Erin McAvoy is living her best life. A lover of tacos, witty t-shirts, and Pinterest, Erin is always ready to tell you about her favorite thing—the animals she tends to at one of the nation’s best zoos. But then there’s that other thing she doesn’t like to talk about: how a supposedly-for-fun DNA test revealed that Erin has a strong genetic predisposition to breast and ovarian cancer. She’d like to conveniently ignore that elephant in the room, except for the fact that unless she does something soon, Erin will miss out on her only chance to have a baby. Up to this point, the only guy she’s needed in her life was a sloth—the animal kind, not the lazy kind—named Barry. Turns out, if you want to have a baby, a sloth is not the right man for the job. Growing up in a conservative family, Erin’s never even considered any other options, until now. She doesn’t have a lot of time to wait, and online dating isn’t for the faint heart. When co-worker Xander Barnes—foe—or friend?—or maybe even more?—comes up with a plausible solution to give her the baby she wants, Erin realizes this may be her last chance to grab the tiger by the tail. Her family may not agree with her choices, but Erin knows that if one leopard can change his spots, then she can too. And maybe, just maybe, this will be everything she’s ever wanted. Underneath It All: Marg Kensington has the perfect life. No really, she does. A husband who’s as detail-oriented as she is, two great kids, the house, you name it. The only thing not perfect for Marg (pronounced with a hard g, get it right), is the fact that she carries the BRCA-1 gene mutation. Marg won’t let something like cancer stop her. Instead, she’s being proactive and saving her life before she gets sick. A small bump in her perfect road. But that bump turns into a massive sinkhole when her breast implants are recalled, and she finds her husband has been cheating on her. Now faced with health crisis after health crisis, a failed marriage, and rebelling children, Marg can no longer keep up the facade of a perfect life. It’s time, with help from a most unlikely source, to realize that facades may crumble, but it’s underneath it all that really matters.
