A Narrative Of Joshua Davis, An American Citizen, Who Was Pressed And Served On Board Six Ships Of The British Navy Joshua Davis,2014-08-15 Joshua Davis was a native of Boston born in 1760, as his short memoir attests he was an experienced sailor and seasoned campaigner. In 1779 he boarded the 20 gun privateer, the Jason, on a mission to capture as many British ships as possible, he and his crewmates were successful in their search for targets along the eastern seaboard. However on a very calm day with no hope of escape, his ship was run down by the British frigate Surprise and captured. Pressed in British service, Davis did his best to make a nuisance of himself, often punished for his crimes, clapped in irons or confined. He was present at seven engagements on board British ships, and wounded once, before his eventual escape and return to America many years later. A fascinating story of early American maritime adventure.

Silver Screen Fiend Patton Oswalt,2015-10-13 Between 1995 and 1999, Patton Oswalt lived with an unshakable addiction. It wasn't drugs, alcohol or sex: it was film. After moving to L.A., Oswalt became a huge film buff (or as he calls it, a sprocket fiend), absorbing classics, cult hits, and new releases at the New Beverly Cinema. Silver screen celluloid became Patton's life schoolbook, informing his notion of acting, writing, comedy, and relationships. Set in the nascent days of L.A.'s alternative comedy scene, Oswalt's memoir chronicles his journey from fledgling stand-up comedian to self-assured sitcom actor, with the colorful New Beverly collective and a cast of now-notable young comedians supporting him all along the way--

The Woodland Book Tessa Wardley,2014-06-05 From an author passionate about reconnecting both adults and children with nature, The Woodland Book aims to show anyone with an interest in nature and the great outdoors how to make the most of the unique environments provided by a canopy of trees. Packed with fascinating facts about woodlands including ancient rituals and the wildlife and flora that make it special. You'll learn how to identify different kinds of woodland, assess the age of a tree from a stump, recognise the birds that nest in the canopy by their song and meet other creatures such as bats, badgers and even the odd wild boar. Other activities include learning ancient woodland arts such as coppicing, searching for woodland fruits and building your own shelter and mythical 'green man'. Perfect for adults and children who enjoy climbing, investigating, den building, camping and generally having fun, this book will encourage readers to have fun with nature.

Zombie Spaceship Wasteland Patton Oswalt,2011-01-04 Prepare yourself for a journey through the world of Patton Oswalt, one of the most creative, insightful, and hysterical voices on the entertainment scene today. Widely known for his roles in the films Big Fan and Ratatouille, as well as the television hit The King of Queens, Patton Oswalt—a staple of Comedy Central—has been amusing audiences for decades. Now, with *Zombie Spaceship Wasteland*, he offers a fascinating look into his most unusual, and lovable, mindscape. Oswalt combines memoir with uproarious humor, from snow forts to Dungeons & Dragons to gifts from Grandma that had to be explained. He remembers his teen summers spent working in a movie Cineplex and his early years doing stand-up. Readers are also treated to several graphic elements, including a vampire tale for the rest of us and some greeting cards with a special touch. Then there's the book's centerpiece, which posits that before all young creative minds have anything to write about, they will home in on one of three story lines: zombies, spaceships, or wastelands. Oswalt chose wastelands, and ever since he has been mining our society's wasteland for perversion and excess, pop culture and fatty foods, indie rock and single-malt scotch. *Zombie Spaceship Wasteland* is an inventive account of the evolution of Patton Oswalt's wildly insightful worldview, sure to indulge his legion of fans and lure many new admirers to his very entertaining "wasteland."

Hubs of Empire Matthew Mulcahy,2014-11-03 The colonial Low Country (the Carolinas, Georgia) and British Caribbean made up an integrated region quite distinct from the Chesapeake, Mid-Atlantic, or New England. Like Maryland and Virginia, the greater Southeast--which formed, as Mulcahy argues, a dynamic center of the British imperial scheme in the New World--relied on staple crops and slave labor. Yet the economic and social ties that bound the Carolinas and the West Indies created quite distinct cultures, black and white alike, giving planters, e.g., a sense of taste and behavior far more tropical and Continental than the ideals that influenced tobacco planters in the Chesapeake. The location and trade patterns of the Carolinas and West Indies encouraged the purchase of slaves from sources and in numbers that ensured far greater persistence of African traditions (and threats of violence) than elsewhere. Mulcahy offers us a short book that explores this early-American/Caribbean region in the manner of our other series titles--explaining the integrity if not unity of the region and what made it so and also comparing it to other economic/cultural regions in the colonial period--
