The Leaving Tara Altebrando,2016-06-07 Six were taken. Eleven years later, five come back--with no idea of where they've been. A riveting mystery for fans of *We Were Liars*. Eleven years ago, six kindergartners went missing without a trace. After all that time, the people left behind moved on, or tried to. Until today. Today five of those kids return. They're sixteen, and they are . . . fine. Scarlett comes home and finds a mom she barely recognizes, and doesn't really recognize the person she's supposed to be, either. But she thinks she remembers Lucas. Lucas remembers Scarlett, too, except they're entirely unable to recall where they've been or what happened to them. Neither of them remember the sixth victim, Max--the only one who hasn't come back. Which leaves Max's sister, Avery, wanting answers. She wants to find her brother--dead or alive--and isn't buying this whole memory-loss story. But as details of the disappearance begin to unfold, no one is prepared for the truth. This unforgettable novel--with its rich characters, high stakes, and plot twists--will leave readers breathless.

*You're Nicked* Ben Lamb,2023-07-04 This is the first comprehensive investigation of British television police series from 1955 to the present. It reveals how the popular genre has developed along stylistic, thematic and philosophical lines, simultaneously providing a socio-political history of British class, culture and gender.

The Fox and the Star Coralie Bickford-Smith,2015-11-10 From the award-winning designer of the iconic Penguin Hardcover Classics comes a beautifully illustrated fable about loss, friendship, and courage *The Fox and the Star* is the story of a friendship between a lonely Fox and the Star who guides him through the frightfully dark forest. Illuminated by Star's rays, Fox forages for food, runs with the rabbits, and dances in the rain—until Star suddenly goes out and life changes, leaving Fox huddling for warmth in the unfamiliar dark. To find his missing Star, Fox must embark on a wondrous journey beyond the world he knows—a journey lit by courage, newfound friends, and just maybe, a star-filled new sky. Inspired by the Arts and Crafts movement and the art of William Blake, *The Fox and the Star* is a heartwarming, hopeful tale which comes alive through Bickford-Smith's beloved illustrations, guiding readers both young and grown to “look up beyond your ears.”

**Gothic television** Helen Wheatley,2017-06-01 Gothic television is the first full length study of the Gothic released on British and US television. An historical account, the book combines detailed archival research with analyses of key programmes, from *Mystery and Imagination* and *Dark Shadows*, to *The Woman in White* and *Twin Peaks*, and uncovers an aspect of television drama history which has, until now, remained critically unexplored. While some have seen television as too literal or homely a medium to successfully present Gothic fictions, Gothic television argues that the genre, in its many guises, is, and has always been, well-suited to television as a domestic medium, given the genre's obsessions with haunted houses and troubled families. This book will be of interest to lecturers and students across a number of disciplines including television studies, Gothic studies, and adaptation studies, as well as to the general reader with an interest in the Gothic, and in the history of television drama.

Rape and Resistance Linda Martín Alcoff,2018-05-04 Sexual violence has become a topic of intense media scrutiny, thanks to the bravery of survivors coming forward to tell their stories. But, unfortunately, mainstream public spheres too often echo reports in a way that inhibits proper understanding of its causes, placing too much emphasis on individual responsibility or blaming minority cultures. In this powerful and original book, Linda Martín Alcoff aims to correct the misleading language of public debate about rape and sexual violence by showing how complex our experiences of sexual violation can be. Although it is survivors who have galvanized movements like #MeToo, when their words enter the public arena they can be manipulated or interpreted in a way that damages their effectiveness. Rather than assuming that all experiences of sexual violence are universal, we need to be more sensitive to the local and personal contexts – who is speaking and in what circumstances – that affect how activists' and survivors' protests will be received and understood. Alcoff has written a book that will revolutionize the way we think about rape, finally putting the survivor center stage.

**Dead of Winter** Kealan Patrick Burke,2010-12-15 Winter isn't coming...it's already here, and with it comes a horror no door can keep out. It's there in the yard, in the faces of the snowmen a young boy doesn't remember building. It's in the oddly empty streets below Santa Claus's crumbling sleigh. It's in the unnatural movement of the snow that suffocates a widower's town, and in the cold eyes of a lonely man's estranged children. Here, there is no holiday cheer, only spine-chilling fear, in the DEAD OF WINTER. Featuring seven stories, an introduction by the author, and a list of recommended books for the winter season.

Lump David Douglas Duncan,2006 One spring morning in 1957, photojournalist David Douglas Duncan paid a visit to his friend and frequent subject Pablo Picasso, at the artist's home near Cannes. Alongside Duncan in his Mercedes Gullwing 300 SL was the photographer's pet dachshund, Lump. When they arrived at Picasso's Villa La Californie, Lump decided that he had found paradise on earth, and that he would move in with Picasso, whether the artist welcomed him or not. This is the background for a book that offers an uncommonly sensitive portrait of Picasso. Lump was immortalized in a Picasso portrait painted on a plate the day they met, but that was just the beginning. In a suite of forty-five paintings reinterpreting Velasquez's masterpiece 'Las Meninas', Picasso replaced the impassive hound in the foreground with jaunty renderings of Lump. Today all of those historic canvases are now the centerpiece exhibition in the Picasso Museum of Barcelona. Fourteen of the paintings are reproduced here in full colour, juxtaposed with Duncan's dramatic and intimate black-and-white photographs of Picasso and Lump, bringing full circle the odyssey of a lucky dachshund who found his way to becoming a furry, super-stretched icon of modern art.

Confessions of the World's Best Father Dave Engledow,2014 As seen on CBS Sunday Morning · A hilarious pictorial parody of a clueless father and his adorable daughter In an attempt to create an image that his new daughter would one day appreciate, Dave Engledow took a photo in which he's cradling eight-week-old Alice Bee like a football and doctored it to look like he's squirting breast milk into a World's Best Father mug. Friends and family clamored for more. After Dave's humorous attempts to capture the sleep-deprived obliviousness of being a first-time dad went viral, he and Alice Bee found themselves bona fide Internet and television celebrities. Merging a Norman Rockwell aesthetic with a darkly comic sensibility, Dave pairs each side-splittingly funny image with a log entry describing the awkward situation that the World's Best Father has found himself in. Hilarious and heartwarming, *Confessions of the World's Best Father* is a celebration of the early years of parenthood.

**Moon-face and Other Stories** Jack London,1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant

astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. The son of the Wolf (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, The Call of the Wild (1903), which tells the story of the dog Buck, who, after his master’s death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including The Sea-Wolf (1904), White Fang (1906), South Sea Tales (1911), and Jerry of the South Seas (1917). One of London’s most interesting novels is the semi-autobiographical Martin Eden (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

**Transnational Television Drama** Elke Weissmann,2012-08-30 This history of British and American television drama since 1970 charts the increased transnationalisation of the two production systems. From The Forsyte Saga to Roots to Episodes , it highlights the close relationship that drives innovation and quality on both sides of the Atlantic.

English Music Walter James Turner,1941 The common fallacy that we are not a musical nation has persisted so long that we have almost come to believe it ourselves. This admirable outline of the history of English music appears most opportunely, and shows how glorious is the heritage that the great English composers have left to us. We are indeed a nation not only of music-lovers but of music-makers, and this inborn interest in music goes back through long centuries of our history. Mr. W. J. Turner shows clearly the close connection between the life of our people and the music they make, and traces the splendid story from the days of William Byrd, Orlando Gibbons, Purcell and Dr. Arne to the present century, which has produced in Elgar and Delius composers of world-wide renown.--Dust jacket.

*Forestry Tales* Michael Bleby,2020-11-30 An anthology of short stories collected during Michael Bleby's 40 year career as a Forester in South Australia. Life as an operational Forester involved many and varied contacts with people which sometimes had nothing to do with growing trees. These accounts typify the interesting and unusual incidents and events that arose during everyday life on a Forest District.
