Michael Brown

**Monkey Business Theatre** Robert M. Laughlin,2009-06-03 In 1983, a group of citizens in San Cristóbal de las Casas, Chiapas, formed Sna Jtz'ibajom, the Tzotzil-Tzeltal Maya writers' cooperative. In the two decades since, this group has evolved from writing and publishing bilingual booklets to writing and performing plays that have earned them national and international renown. Anthropologist Robert M. Laughlin has been a part of the group since its beginnings, and he offers a unique perspective on its development as a Mayan cultural force. The Monkey Business Theatre, or Teatro Lo'il Maxil, as this branch of Sna Jtz'ibajom calls itself, has presented plays in virtually every corner of the state of Chiapas, as well as in Mexico City, Guatemala, Honduras, Canada, and in many museums and universities in the United States. It has presented to the world, for the first time in drama, a view of the culture of the Mayas of Chiapas. In this work, Laughlin presents a translation of twelve of the plays created by Sna Jtz'ibajom, along with an introduction for each. Half of the plays are based on myths and half on the social, political, and economic problems that have confronted—and continue to confront—the Mayas of Chiapas.

**Monkey Business** Simon Louvish,2000-06-08 Strange but true: this is the first authentic account of the Marx Brothers, their origins and of the roots of their comedy. First and foremost, this is the saga of a family whose theatrical roots stretch back to mid-19th century Germany. From Groucho Marx's first warblings with the singing Leroy Trio, this book brings to life the vanished world of America's wild and boisterous variety circuits, leading to the Marx Brothers' Broadway successes, and their alliance with New York's theatrical lions, George S. Kaufman and the 'Algonquin Round Table'. Never-before-published scripts, well-minted Marxian dialogue, and much madness and mayhem feature in this tale of the Brothers' battles with Hollywood, their films, their loves and marriages, and the story of the forgotten brother Gummo.

**Indian Ink** Jacob Rajan,Justin Lewis,2005 The most significant works in recent New Zealand theatre, Krishnan's Dairy, The Candlestickmaker, and The Pickle King form a loose trilogy connected by theme and theatrical style that explores three eternal questions: Will I find love? How can I find happiness? and What is worth preserving? Western theatrical traditions fuse with Indian flavors in the telling of three stories that are accessible to all cultures.

Ensemble Theatre Making Rose Burnett Bonczek,David Storck,2013 Ensemble Theatre Making: A Practical Guide is the first comprehensive diagnostic handbook for building, caring for and maintaining ensemble. Successful ensembles don't happen by chance: they can be created, nurtured and maintained through specific actions taken by ensemble leaders and members. Ensemble Theatre Making provides a thorough step-by-step process to consistently achieve the collaborative dynamic that leads to the group trust, commitment and sacrifice necessary for the success of a common goal.Through planning and preparation, investigating the essential building blocks of ensemble, identifying ensemble behaviours and techniques of responding to those behaviours, Ensemble Theatre Making gives tools, techniques and recipes for bringing ensemblefrom the realm of luck into a grounded practice. This conversational, straight-forward guide gives clarity and practical guidance to the sometimes mystifying questions of what creates ensemble bonds, how to fix them when they start to break, and how to strengthen and protect them--

**Contemporary Asian American Communities** Linda Trinh Võ,Rick Bonus,2009 Once thought of in terms of geographically bounded spaces, Asian America has undergone profound changes as a result of post-1965 immigration as well as the growth and reshaping of established communities. This collection of original essays demonstrates that conventional notions of community, of ethnic enclaves determined by exclusion and ghettoization, now have limited use in explaining the dynamic processes of contemporary community formation.Writing from a variety of perspectives, these contributors expand the concept of community to include sites not necessarily bounded by space; formations around gender, class, sexuality, and generation reveal new processes as well as the demographic diversity of today's Asian American population. The case studies gathered here speak to the fluidity of these communities and to the need for new analytic approaches to account for the similarities and differences between them. Taken together, these essays forcefully argue that it is time to replace the outworn concept of a monolithic Asian America.
