Degree Hell! No punches pulled, no hilarities dodged, no meme unmangled! O Bunny you are sooo genius! —Margaret Atwood, via Twitter A wild, audacious and ultimately unforgettable novel.

—Michael Schaub, Los Angeles Times *Awad* is a stone-cold genius. —Ann Bauer, The Washington Post *The Vegetarian* meets *Heathers* in this darkly funny, seductively strange novel from the acclaimed author of *13 Ways of Looking at a Fat Girl* and *Rouge* We were just these innocent girls in the night trying to make something beautiful. We nearly died. We very nearly did, didn't we? Samantha Heather Mackey couldn't be more of an outsider in her small, highly selective MFA program at New England's Warren University. A scholarship student who prefers the company of her dark imagination to that of most people, she is utterly repelled by the rest of her fiction writing cohort--a clique of unbearably twee rich girls who call each other Bunny, and seem to move and speak as one. But everything changes when Samantha receives an invitation to the Bunnies' fabled Smut Salon, and finds herself inexplicably drawn to their front door--ditching her only friend, Ava, in the process. As Samantha plunges deeper and deeper into the Bunnies' sinister yet saccharine world, beginning to take part in the ritualistic off-campus Workshop where they conjure their monstrous

creations, the edges of reality begin to blur. Soon, her friendships with Ava and the Bunnies will be brought into deadly collision. The spellbinding new novel from one of our most fearless chroniclers of the female experience, *Bunny* is a down-the-rabbit-hole tale of loneliness and belonging, friendship and desire, and the fantastic and terrible power of the imagination. Named a Best Book of 2019 by TIME, Vogue, Electric Literature, and The New York Public Library

The Strange Case of Origami Yoda (Origami Yoda #1) Tom Angleberger, 2012-08-07 In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom
