Lame Deer, Seeker of Visions Lame Deer, Richard Erdoes, 1994-10 *Lame Deer Storyteller*, rebel, medicine man, Lame Deer was born almost a century ago on the Rosebud Reservation in South Dakota. A full-blooded Sioux, he was many things in the white man's world -- rodeo clown, painter, prisoner. But, above all, he was a holy man of the Lakota tribe. *Seeker of Vision* The story he tells is one of harsh youth and reckless manhood, shotgun marriage and divorce, history and folklore as rich today as ever -- and of his fierce struggle to keep pride alive, though living as a stranger in his own ancestral land.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern

English historian Paul Harris.

Geekomancy Michael R. Underwood, 2012-07-10 Clerks meets Buffy the Vampire the Slayer in this original urban fantasy ebook about Geekomancers—humans that derive supernatural powers from pop culture. Ree Reyes's life was easier when all she had to worry about was scraping together tips from her gig as a barista and comic shop slave to pursue her ambitions as a screenwriter. When a scruffy-looking guy storms into the shop looking for a comic like his life depends on it, Ree writes it off as just another day in the land of the geeks. Until a gigantic "BOOM!" echoes from the alley a minute later, and Ree follows the rabbit hole down into her town's magical flip-side. Here, astral cowboy hackers fight trolls, rubber-suited werewolves, and elegant Gothic Lolita witches while wielding nostalgia-powered props. Ree joins Eastwood (aka Scruffy Guy), investigating a mysterious string of teen suicides as she tries to recover from her own drag-your-heart-through-jagged-glass breakup. But as she digs deeper, Ree discovers Eastwood may not be the knight-in-cardboard armor she thought. Will Ree be able to stop the suicides, save Eastwood from himself, and somehow keep her job?

Modern Popular Theatre Jason Price, 2016-09-05 This book offers a concise history of popular theatre since the early twentieth century. Using key popular culture theories and critical perspectives, Jason Price analyses popular theatres across different cultural and political contexts, drawing on a diverse range of international artists and theatre-makers who have worked with popular forms, including Vsevolod Meyerhold, Blue Blouse, Bertolt Brecht, Erwin Piscator, the San Francisco Mime Troupe, the Bread and Puppet Theatre and more. As well as defining what 'popular' means in relation to performance and the audiences who watch it, the book considers some of the political frameworks and causes that popular theatre has been placed in service of, such as socialism, the New Left and the gay rights movement. It also addresses the uses of cabaret, puppetry and circus outside their native popular contexts, examining the role they play in avant-garde and experimental theatre practices. In doing so, Price encourages readers to look beyond popular theatre as a simple form of entertainment and to consider its potential as a form of political activism, as a community-builder, and as a valuable tool for artistic experimentation.

Monet's Garden Claude Monet, Christoph Becker, Catherine Hug, Monika Leonhardt, Linda Schädler, 2004 Claude Monet (1840-1926) was one of the first artists to move his studio out into the open air, creating works which continue to fascinate and inspire us today as much as they did his

contemporaries. One of the founding fathers of Impressionist art, Monet's works consistently reflect the artist's profound love of nature. Many of his paintings were directly inspired by the gardens that played such an important role in his life--the garden at his house in Sèvres in the 1860s, those at his two homes in Argenteuil in the 1870s, followed by a garden at his estate in Vetheuil. Yet the most famous of Monet's gardens was the expansive park in Giverny, which inspired his masterful handling of light and color for more than thirty years and provided motifs for hundreds of individual paintings and series that remain immensely popular today--among them the masterpieces of his Water-Lilies series. This magnificent volume of full-page color plates is devoted to this central theme in the work of the French artist. It presents landscapes, still lifes, and portraits of people in natural settings from nearly all of Monet's creative periods--from his early Impressionist paintings of the 1870s to the Grandes Décorations of the early 1900s. Also included are photographs of Monet's gardens, diagrammatic recreations of these spaces (based on the artist's paintings), several bills of delivery and planting instructions from horticulturalists.
