Clay's Ark Octavia E. Butler, 2023-03-28 A powerful story of survival in unprecedented times, from the award-winning author of *Parable of the Sower*. In an alternate America marked by volatile class warfare, Blake Maslin is traveling with his teenage twin daughters when their car is ambushed. Their attackers appear sickly yet possess inhuman strength, and they transport Blake's family to an isolated compound. There, the three captives discover that the compound's residents have a highly contagious alien disease that has mutated their DNA to make them powerful, dangerous, and compelled to infect others. If Blake and his daughters do not escape, they will be infected with a virus that will either kill them outright or transform them into outcasts whose very existence is a threat to the world around them. In the following hours, Blake and his daughters each must make a vital choice: risk everything to escape and warn the rest of the world, or accept their new reality -- as well as the uncertain fate of the human race.

Waterloo David Armine Howarth, 1968 For eighteen years, Napoleon and his armies had overrun and terrorized more and more of Europe. Most of that time, the families of the British soldiers had lived in fear of invasion, and the younger soldiers themselves had been brought up with Napoleon as a familiar bogey. Then at last he had overreached himself and been beaten -- and Wellington and his British troops, fighting through the Spanish peninsula, had been able to claim a good share of the credit for his downfall.

In April 1814, only just over a year before, Napoleon had been sent into exile on the island of Elba. - p. [5].

**Wounds** Heather E Tisdale,2019-10-08 What kind of husband chooses his wife by how easily she bruises? Why would a woman wear glass shoes that cut her feet to impress a man? Does sleeping imply consent? I have always been a reader of fairy

tales and my preference was for the darker ones-- the ones with blood and pain and the villains getting what was coming to them. As an adult I began to see how these classic tales mirrored my experiences as a woman in a patriarchal society. I began to write my own versions of darker tales based on my life and the lives of women I knew. *Wounds: New Openings Into Old Stories* is a collection of eighteen fairy tales, folk tales and nursery rhymes that retells these classic stories through a feminist lens. It is my story. It is our story.

**Goetia Pathworking** Corwin Hargrove, 2019-05-15 Magick is easier and safer than many people believe, and pathworking is a method that takes you to the essence of power. There are many ways of working with demons. The spirits of Goetia can bring knowledge, manipulate reality, produce changes within yourself, or attract conditions and events that you desire. This is widely known. Demons are famed for their speed, dignity, and willingness to cooperate with you. What is less well known is that incredibly simple pathworking rituals enable you to make easy contact with these demons safely and reliably. Advantages of The

Pathworking Method - No difficult words of power to learn or speak. - Nothing to burn, collect, or make. - No sacrifice, reward, or offering is required. - No sigils need to be drawn, and you only need to look at the sigils in this book. - No angels or divine names are used, which makes the magick feel more reliable for some people. - The method automatically creates the correct state of mind and summons elemental energy. - Pathworking can be performed in complete privacy. - The method is extremely safe and easy to learn. You ask for something, and you get it, without any backlash or payment. You will never have to learn difficult visualisation methods or train in demanding mental techniques. Based on a system of Elemental Imagery, this is a unique way to perform magick. You ask for something, and you get it, without any repercussion or payment. People say you never get something for nothing. Here, you get something because you've performed magick and filled it with your desire. That is enough to get the results you seek, from love and lust, to cursing, influence, illusion, and wealth.

**Achtung-Panzer!** Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for

German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
