Tourism and Handicrafts ,2008 The International Conference on Tourism and Handicrafts held in Tehran, Iran, in May 2006 was the first international conference ever with specific focus on the linkage between tourism and handicrafts. The main objectives of this conference were the evaluation of poverty alleviation opportunities offered by a closer cooperation of both sectors and the role of local tourism in the preservation of traditional craft. The conference examined case studies of the production and marketing of tourism-related handicrafts and defined strategies and practical tools for governments and the private sector to strengthen the partnership between handicraft production and tourism. The conference was supported by UNWTO, UNESCO and Iran Cultural Heritage, Handicrafts and Tourism Organization (ICHHTO) which brought together a strong team of experts, international speakers and delegates.

Terrorism and the Media David L. Paletz,Alex Peter Schmid,1992-03-30 How do the researchers, the terrorists, the government, the press, the public, and the victims view and use the media? Who manipulates whom? For the first time one volume contains the range of significant perspectives on the relationship of insurgent terrorism and the media. Based on original data gathered from terrorists' spokespersons and writings, questionnaires from broadcasters and editors, and the experience of reporters, *Terrorism and the Media* also provides a comprehensive analysis of opinion polls and a definitive categorization and assessment of the literature on terrorism. Highly regarded for their previous work in this area, the contributors analyze key issues such as freedom of the press, codes of ethics, intimidation, victimization, and censorship.
