European Pack for Visiting Auschwitz-Birkenau Memorial and Museum Alicja Białocka,2010-01-01 Taking groups of students To The Auschwitz-Birkenau

Memorial and Museum is a heavy responsibility, but it is a major contribution to citizenship if it fosters understanding of what Auschwitz stands for, particularly when the last survivors are at the end of their lives. It comes with certain risks, however. This pack is designed for teachers wishing to organise student visits to authentic places of remembrance, and for the guides, academics and others who work every day with young people at Auschwitz. There is nothing magical about visiting an authentic place of remembrance, and it calls for a carefully thought-out approach. To avoid the risk of inappropriate reactions or the failure to benefit from a large investment in travel and accommodation, considerable preparation and discussion is necessary before the visit and serious reflection afterwards. Teachers must prepare students for a form of learning they may never have met before. This pack offers insights into the complexities of human behaviour so that students can have a better understanding of what it means to be a citizen. How are they concerned by what happened at Auschwitz? Is the unprecedented process of exclusion that was practised in the Holocaust still going on in Europe today? In what sense is it different from present-day racism and anti-Semitism? The young people who visit Auschwitz in the next few years will be the last witnesses, links in the chain of memory. Their generation will be the last to hear the survivors speaking on the spot. The Council of Europe, The Polish Ministry of Education And The Auschwitz-Birkenau Memorial and Museum are jointly sponsoring this project

aimed at preventing crimes against humanity through Holocaust remembrance teaching.

Thunderstorm Dancing Katrina Germein, Judy Watson, 2015-04-01 When a sunny day at the beach turns stormy, a little girl runs for cover. Her daddy and brothers are wild in the wind and lightning, and her poppy is as loud as thunder. They fill the house with stamping and crashing while Granny plays piano to their riotous thunderstorm dancing... until the storm passes and they all fall down. Then, in the stillness, the girl is ready to play. What will she be, now that the rain has stopped and there's a glimmer of sunlight?

Water+Ink Coloring Book Winter 2020 Kim Winberry, 2019-07-22 I begin my paintings with a sketch and application of colorful/bright pigment and water to the paper. I disrupt the blends with salt or water, watching as one color blossoms in water, as another color starts to travel across the paper. I utilize India Ink to demarcate changes, also adding add swirls other artifacts, in the aim to achieve whimsy. My coloring books are my paintings! I run the paintings through filters and drop the color from them, leaving the lines so that you can add your own color. But wait, there's more... I've added an Augmented Reality component to this. Wonder what colors I used for that piece in the corner there? Take out your phone, download the Zappar app from your app store and zap the code. What happens? At the very least an image of the original painting will pop up and you can see what it looks like, side by side with the coloring page. Beyond that, you'll meet Mist, my

liaison to the AR world. She will be a recurring character in all my AR work. Stay tuned and enjoy.

Introductory Grammar of Amharic Wolf Leslau, 2000 This book closes the gap for beginners who want to study the Amharic language and had difficulties in finding the right grammar for this purpose: The first grammar of Amharic, the national language of Ethiopia, was published by Hiob Ludolf in 1698. The Amharic grammar published by Praetorius in 1879 is based on Amharic religious texts and on scattered material, usually composed by missionaries. A milestone in the study of Amharic is Marcel Cohen's *Traite de langue amharique* (1936), but this grammar, too is not completely suited for beginners since the author's generalizations are at times aimed at linguists.

The grammar that comes closest to the concept of a beginner's grammar is that of C.H. Dawkin (1960), yet this grammar is extremely short, does not give examples and does not introduce the student to the intricacies of the language. The new book gives all the grammatical forms and the sentences of the present grammar in Amharic script and in phonetic transcription. The illustrative examples have a free and a literal translation. This procedure should likewise prove to be useful for the Semitist as well as for the general linguist.

Opossums to the Rescue Gina Gallois, 2021-08-12 Mama Opossum awakens to count her 10 sleeping babies - but wait! Eleven? That can't be right! A baby mouse has snuggled in with the joeys. She must be lost. Young readers are invited to join the Opossum Family in their quest to find Baby Mouse's family by comparing her features to the animals they meet. Does Baby Mouse have long ears like rabbits? Strong claws like moles? A flickering tongue like a snake? Each page is a new adventure as families and classes can discuss similarities and differences between the different animals they see. Children can also seek and find a different tiny hidden creature on each page: beetles, ladybugs, snails, fish, etc. *Opossums to the Rescue* stands on its own, but is also the sequel to *Mama Opossum's Misadventures*, where Mama finds her missing

babies with different nocturnal animals in the forest. In the end, when all of her babies are safely back home, she wakes up the next evening to discover Baby Mouse has joined her family. Opossums to the Rescue is also available in French: Les opossums à la rescousse. Opossum Opposites is the first book in the Awesome Opossum Stories series and is a book of nonfiction, all about the lives and habits of opossums. Opossum Opposites is available in English, French and Spanish.
