Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Painting Peace Kazuaki Tanahashi, 2018-04-10 A revered modern artist and Zen teacher offers an inspirational account of how his art has been the expression of a life of social activism. "Awakening," says Kazuaki Tanahashi, "is to realize the infinite value of each moment of your own life as well as of other beings, then to continue to act accordingly." This book is the record of a life spent acting accordingly: Through his prose, poetry, letters, lyrics, and art, Tanahashi provides an inspirational account of a what it's been like to work for peace and justice, from his childhood in Japan to the present day. Included are fascinating vignettes of the seminal figures who refined his views--among them Daniel Ellsberg, Gary Snyder, Mayumi Oda, and Morihei Ueshiba, the founder of

Aikido--as well as striking examples of the art he has so famously used to bear witness to the infinite value of life.

Rain of the Ghosts Greg Weisman,2013-12-03 Rain of the Ghosts is the first in Greg Weisman's series about an adventurous young girl, Rain Cacique, who discovers she has a mystery to solve, a mission to complete and, oh, yes, the ability to see ghosts. Welcome to the Prospero Keys (or as the locals call them: the Ghost Keys), a beautiful chain of tropical islands on the edge of the Bermuda Triangle. Rain Cacique is water-skiing with her two best friends Charlie and Miranda when Rain sees her father waiting for her at the dock. Sebastian Bohique, her maternal grandfather, has passed away. He was the only person who ever made Rain feel special. The only one who believed she could do something important with her life. The only thing she has left to remember him by is the armband he used to wear: two gold snakes intertwined, clasping each other's tails in their mouths. Only the armband . . . and the gift it brings: Rain can see dead people. Starting with the Dark Man: a ghost determined to reveal the Ghost Keys' hidden world of mystery and mysticism, intrigue and adventure.

Code Monkey Save World Greg Pak,Jonathan Coulton,2014-02-15 A put-upon coding monkey teams up with a seething, lovelorn super-villain to fight robots, office worker zombies, and maybe even each other as they struggle to impress the amazing women for whom they fruitlessly long. Based on the songs of internet superstar musician Jonathan Coulton.

Spirits of Ash and Foam Greg Weisman,2014-07-08 Welcome to the Prospero Keys (or as the locals call them: the Ghost Keys), the beautiful chain of tropical islands on the edge of the Bermuda Triangle where Rain Cacique lives. When Rain's maternal grandfather passed away, he left her his special armband: two gold snakes intertwined, clasping each other's tails in their mouths. Rain soon discovers that the armband is actually a zemi - a very powerful talisman created by the island's native Arawak Taino Indians - and that it allows Rain to see ghosts, including her own grandfather who is determined to help her uncover the Ghost Keys' hidden world of mystery and mysticism, intrigue and adventure. Now, Rain Cacique's looking for a few answers — and the second zemi, a Taino relic that allows her to see dead people. But it's the first week of school, so she's pretty busy juggling teachers, homework, baby-sitting duties, new friends, missing tourist kids... and a vampire with a tribal twist. *Spirits of Ash and Foam* is the second installment in Greg Weisman's *Rain of the Ghosts* series.

Notes from the Hyena's Belly Nega Mezlekia,2015-04-07 In this acclaimed memoir, Mezlekia recalls his boyhood in the arid city of Jijiga, Ethiopia, and his journey to manhood during the 1970s and 1980s. He traces his personal evolution from child to soldier--forced at the age of eighteen to join a guerrilla army. And he describes the hardships that consumed Ethiopia after the fall of Emperor Haile Selassie and the rise to power of the communist junta, in whose terror thousands of Ethiopians died. Part autobiography and part social history, Notes from the Hyena's Belly offers an unforgettable portrait of Ethiopia, and

of Africa, during the defining and turbulent years of the last century.
