**Leather Crafts** Valerie Schafer Franklin,Geoffrey Franklin,2016-06-14 A big part of the artisanal/DIY movement is about authenticity and quality, with a return to simplicity, real values, genuine materials, and careful craftsmanship. Leather is one of those authentic materials, and while it has always been used for handbags and gloves, it's also enjoying a resurgence in the field of crafts. Simple objects elegantly made of leather are featured everywhere on maker blogs, photo-sharing sites, tutorials, and craft marketplaces. Leather is in the real world, too, in heavily curated hipster boutiques and well-edited coffee shops that sell sundries. *Idiot's Guides®: Leather Crafts* offers 20 projects (illustrated with copious step-by-step photos), ranging from beginner to advanced, each one building on the skills that have been taught in prior projects. Unlike most existing books on leathercraft, which come with a heavy whiff of the '70s, this one has a sleek, modern aesthetic. The projects are functional, and the minimal, elegant embellishment and natural finishes will keep them timeless.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Michael Schumacher is the author of six books. He has written 25 documentaries on Great Lakes shipwrecks, including three about the Edmund Fitzgerald. In his ballad, Mr. Lightfoot sang about the Fitz's final tense moments, when the waves turn minutes to hours: Now the hours have lengthened into years and years into decades-but the allure of this doomed ship and its missing men remains as strong as ever.-Wall Street Journal
