Music Scenes Andy Bennett, Richard A. Peterson, 2004 While more than 80 percent of the world's commercial music is controlled by four multinational firms, most music is made and enjoyed in diverse situations divorced from such corporate behemoths. These fourteen original essays examine the fascinating world of music scenes, those largely inconspicuous sites where clusters of musicians, producers, and fans explore their common musical tastes and distinctive lifestyle choices. Although most music scenes come and go with hardly a trace, they nevertheless give immense satisfaction to their participants, and a few - New York bop jazz, Merseybeat, Memphis rockabilly, London punk, Bronx hip-hop - achieve fame and spur musical innovations. To date, serious study of the scenes phenomenon has

focused mainly on specific music scenes while paying less attention to recurrent dynamics of scene life, such as how individuals construct and negotiate scenes to the various activities. This volume remedies that neglect. The editors distinguish between three types of scenes - local, translocal, and virtual - which provide the organizing framework for the essays. Aspects of local scenes, which are confined to specific areas, are explored through essays on Chicago blues, rave, karaoke, teen pop, and salsa. The section on translocal scenes, which involve the coming together of scattered local scenes around a particular type of music and lifestyle, includes articles on Riot Grrrls, goths, art music, and anarcho-punk. Aspects of virtual scenes, in which fans communicate via the internet, are illustrated using alternative country, the Canterbury sound, postrock, and Kate Bush fans. Also included is an essay that shows how the social conditions in places where jazz was made influenced that music's development.

The Poems of Robert Browning Robert Browning, 1913

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting

armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The Dramatic Monologue Elisabeth A. Howe, 1996 In *The Dramatic Monologue*, Elisabeth A. Howe defines the characteristics of the subject as a genre, clearly differentiating it from the lyric poem. One feature she discusses is the double voice of the dramatic monologue - the reader hears simultaneously the voices of the poet and the speaker. This dialogical effect distinguishes the dramatic monologue both from lyric poetry and from narrative poems written in the first person. The use of a persona allows the poet to distance himself or herself from the poem. Howe investigates the origins of the dramatic monologue before examining poems by Browning and Tennyson, both masters of the form and both largely responsible for its popularity with late-nineteenth-century readers and poets. She offers close readings of Browning's *The Bishop Orders His Tomb at Saint Praxed's Church* and Tennyson's *Tithonus*. Later chapters include detailed analyses of dramatic monologues by

twentieth-century poets, including Ezra Pound's Marvail, T.S. Eliot's Portrait of a Lady, and poems by Robert Frost, Randall Jarrell, and the contemporary poet Richard Howard.

Louise Haselton Gillian Brown, Leigh Robb, Jenna McKenzie, 2019-11-02 Louise Haselton offers glimpses of the curious inner lives of everyday and overlooked things. From the domestic to the exotic, the natural to the 'made', she distinctively intuits connections between seemingly disparate material vernaculars. Haselton believes in the invisible forces that bind and repel the world around us. With a witty reverence for the objects and materials she engages with, Haselton explores the communicative possibilities of weight, balance and form within her predominantly sculptural works. Her practice is unexpected, unconventional, and exemplary of an artist especially attuned to the matters which surround us. Louise Haselton: Act natural is a compendium of Haselton's works to date including illustrated essays chronicling the inspirations, influences and ideas behind her extraordinary practice of the last twenty-five years.

That's Blaxploitation! Darius James, 1995-11-15 One of today's most controversial African-American authors presents his hilariously acidic interpretations of 1970's black films like Shaft and Superfly and the hip-hop culture, fashion, and music they inspired. Includes interviews with luminaries such as Melvin Van Peebles and Pam Grier, movie stills and a few filthy comics.

Periclean Athens and Its Legacy Judith M. Barringer, Jeffrey M. Hurwit, 2010-01-01 The late fifth century BC was the golden age of ancient Athens. Under the leadership of the

renowned soldier-statesman Perikles, Athenians began rebuilding the Akropolis, where they created the still awe-inspiring Parthenon. Athenians also reached a zenith of artistic achievement in sculpture, vase painting, and architecture, which provided continuing inspiration for many succeeding generations. The specially commissioned essays in this volume offer a fresh, innovative panorama of the art, architecture, history, culture, and influence of Periklean Athens. Written by leading experts in the field, the articles cover a wide range of topics, including: An evaluation of Perikles' military leadership during the early stages of the Peloponnesian War. Iconographical and iconological studies of vase paintings, wall paintings, and sculpture. Explorations of the Parthenon and other monuments of the Athenian Akropolis. The legacy of Periklean Athens and its influence upon later art. Assessments of the modern reception of the Akropolis. As a whole, this collection of essays proves that even a well-explored field such as Periklean Athens can yield new treasures when mined by perceptive and seasoned investigators.

Beginners Guide to Goldwork Ruth Chamberlin, 2017-02-28 This popular book by Ruth Chamberlin now returns as a Search Press Classic, with an updated design and

preface on the author by the illustrious embroiderer Mary Corbet. A needle art that dates back over a thousand years, goldwork embroidery involves sewing with lavish metal threads. It has been prized and often used by religious orders and royal households for its opulence and the way the light glimmers and plays on the beautiful metallic designs. Those in love with this brilliant style of embroidery can now create their own with easy-to-follow, step-by-step guide. Through calm and deliberate instruction, Chamberlin's book aims to teach the reader how to create a personal sampler - a piece of embroidery containing a mixture of designs and stitches, which shall provide a basis for future projects and enable readers to continue on their goldwork journey. With multiple stitch techniques - from simple laid stitch to the more complex basket stitch, several design motifs with corresponding templates that can be used, and a luminous gallery of finished work interspersed throughout, Chamberlin's work gently introduces beginners to the exquisite needle art of goldwork embroidery.
