Original Grin Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Beginners Guide to Goldwork Ruth Chamberlin,2017-02-28 This popular book by Ruth Chamberlin now returns as a Search Press Classic, with an updated design and preface on the author by the illustrious embroiderer Mary Corbet. A needle art that dates back over a thousand years, goldwork embroidery involves sewing with lavish metal threads. It has been prized and often used by religious orders and royal households for its opulence and the way the light glimmers and plays on the beautiful metallic designs. Those in love with this brilliant style of embroidery can now create their own with easy-to-follow, step-by-step guide. Through calm and deliberate instruction, Chamberlin's book aims to teach the reader how to create a personal sampler - a piece of embroidery containing a mixture of designs and stitches, which shall provide a basis for future projects and enable readers to continue on their goldwork journey. With multiple stitch techniques - from simple laid stitch to the more complex basket stitch, several design motifs with corresponding templates that can be used, and a luminous gallery of finished work interspersed throughout, Chamberlin's work gently introduces beginners to the exquisite needle art of goldwork embroidery.

The Marriage of Heaven and Earth Marlin Watling,2016-10-07 On the lookout for a mind-blowing new perspective on the nature of God and humanity's place in the world today? Dive into *The Marriage of Heaven and Earth*, and enter the mind of a veritable rock star of contemporary theology-N. T. Wright. Marlin Watling takes abstract and complex ideas and grounds them in simple terms through his unique combination of readable summaries and fifty accompanying illustrations. He distills a lifetime of complex theological analysis and data into easy-to-consume sketches with explanations to provide one thing: universal access to a brilliant mind. Watling's guide comprises four parts ♦ An introduction to N. T. Wright ♦ Summaries of Wright's four key concepts ♦ Wright's proposal of a new worldview ♦ An overview of humanity's mission, with an eye toward the end times Following in the footsteps of reformer Martin Luther, N. T. Wright makes the old story new again with his paradigm-shifting worldview. And in *The Marriage of Heaven and Earth*, Watling does something equally novel. He enters the ivory tower, strips away the pomp and ceremony of untouchable academia, and presents to believers of all interest levels Wright's theology as it's truly meant to be: easy to understand and full of grace.
