The Old Yellow House Joyce Wright,2018-11-11 Tyro, Mississippi. Once a thriving community, but like most rural towns go, it dwindled to just close neighbors and a few churches. The oldest house there had fallen into ruin. The man who farmed upon the land had passed. The heirs came together to sell the property.A young family saw an opportunity to homestead in this quiet, loving area. Everyone was so welcoming. But since the house was in shambles, it took close to a year, just to get it livable.After moving into the house, they decided to cheer it up by painting it yellow and trimming it in white. Upon a hill it sat fairly close to the main road leading through Tyro. Little did the young couple know that they were not the only ones to occupy the house. Unseen and seen forces began to plague them and their visitors. This truer than life story discloses events that at times stretches the imagination from believing to speculation.

Living Life Consciously Lana Tracy Lewis,2009-03 Living Life Consciously Living Life Consciously shares with you, your soul purpose, soul lesson and life lesson, each components of what constitutes your purpose in life. It reflects on your gifts and lessons, and how to actively and consciously implement them in your life in order to experience personal and spiritual enlightenment. As the ego and the soul come face to face on this earth plane, they become intertwined, and must learn to experience life holistically and from a common viewpoint. Thus begins the battle for both personal and soul growth. As you learn to love, appreciate and acknowledge every facet of who you are, you begin to experience your absolute potential through your innate power and uniqueness, which brings fulfillment, happiness and inner contentment. Together, the ego and the soul dance symbiotically to the rhythm of life. Living Life Consciously assists you to expand your awareness and thus encounter the blessings that life has to offer. Instead of battling to swim upstream you learn how to consciously manoeuvre your way downstream, going with the flow of life, rather than against it. You will learn how to interact with others and the dynamics of your relationships that either help or hinder you in your development towards self-growth and self-acceptance. Living Life Consciously teaches you that your purpose in life is not only to share your unique talents and abilities with others, but more importantly how to use your strengths to develop and embrace those aspects of yourself that you reject, thereby creating a 'whole' individual. Ultimately the ego and the soul are transformed and unite through the knowledge that they are inextricably interconnected. Together they create a harmonious, creative and constructive foundation needed to experience the joy and abundance ava

The Language of Flowers Beverly Seaton,2012-10-10 The author traces the phenomenon of ascribing sentimental meaning to floral imagery from its beginnings in Napoleonic France through its later transformations in England and America. At the heart of the book is a depiction of what the three most important flower books from each of the countries divulge about the period and the respective cultures. Seaton shows that the language of flowers was not a single and universally understood correlation of flowers to meanings that men and women used to communicate in matters of love and romance. The language differs from book to book, country to country. To place the language of flowers in social and literary perspective, the author examines the nineteenth-century uses of flowers in everyday life and in ceremonies and rituals and provides a brief history of floral symbolism. She also discusses the sentimental flower book, a genre especially intended for female readers. Two especially valuable features of the book are its table of correlations of flowers and their meanings from different sourcebooks and its complete bibliography of language of flower titles. This book will appeal not only to scholars in Victorian studies and women's studies but also to art historians, book collectors, museum curators, historians of horticulture, and anyone interested in nineteenth-century

popular culture.

Vincent Darre ,2022-03-08 From Vincent Darré, a French dandy and eccentric decorator, this volume offers a fanciful look into his unique universe of artful interiors. As a fixture of the city's nightlife scene and member of its exclusive artistic circles, Darré is arguably one of its most creative residents (prior to launching his decorating career, he held posts at top fashion houses)--which comes through in his instantly recognizable interiors: think Surrealist furniture, dizzying patterns, and spirited color combinations. Boasting over 200 vibrantly colored photographs, this exquisite tome takes readers on a journey into Darré's world of conversation-starting spaces. From his signature furnishings, such as the Grenouille nightstand, and maximalist use of prints (cue the Little Prince Bedroom), to his expert use of vivid hues, he offers an intimate glimpse into the singular, utterly enthralling universe of one of the design world's most eccentric, quirky, and celebrated members.
