**Water+Ink Coloring Book Winter 2020** Kim Winberry,2019-07-22 I begin my paintings with a sketch and application of colorful/bright pigment and water to the paper. I disrupt the blends with salt or water, watching as one color blossoms in water, as another color starts to travel across the paper. I utilize India Ink to demarcate changes, also adding swirls other artifacts, in the aim to achieve whimsy. My coloring books are my paintings! I run the paintings through filters and drop the color from them, leaving the lines so that you can add your own color. But wait, there's more... I've added an Augmented Reality component to this. Wonder what colors I used for that piece in the corner there? Take out your phone, download the Zappar app from your app store and zap the code. What happens? At the very least an image of the original painting will pop up and you can see what it looks like, side by side with the coloring page. Beyond that, you'll meet Mist, my liaison to the AR world. She will be a recurring character in all my AR work. Stay tuned and enjoy.
