Pick Me Up Adam J. Kurtz, 2016-10-04 A quirky, creative companion that offers a pick-me-up on every page On the heels of his internationally successful first book, *1 Page at a Time*, graphic designer and illustrator Adam J. Kurtz delivers another intimate and engaging journal for anyone who loves to explore ideas, record thoughts and feelings, and capture those fleeting but amazing moments of everyday life. Unlike a linear journal, this book can be opened up to any page, encouraging and engaging readers time and time again through continued use. Rather than simply complete tasks and turn pages, users are encouraged to leave their mark, and if they land on the same page days or weeks later, they can review, reflect, and revise their previous response. Feeling lonely? Pensive? Peeved? Questioning? This deceptively simple book offers perspective, hope, and a twist of existential metaphor - and is perfect to pick up again and again.

Blueprint for a Book Jennie Nash, 2021-09 How to write a novel in the most efficient way by tackling the hardest part before you start to write, from top book coach Jennie Nash This process makes me want to write, and it makes what I'm writing better. I read it before every draft. It's that good. -KJ Dell'Antonia, New York Times bestselling author of *The Chicken Sisters* Whether you're writing your first novel or your tenth, there is a temptation to pin it to the page before it disappears. It's such a brilliant idea and you can see the whole thing shimmering in your mind, just out of reach. Maybe you do some work on character development and plotting, but you're a racehorse at the gate, ready to run, ready to write. This book is an argument to stop and define the foundational elements of your story before you keep writing - which means understanding your motivation as a writer, considering your reader's expectations, and making sure your story has a solid structure that will hold up inside and out from beginning to end. This clarity is what gives a novel its power and a writer their confidence. Jennie Nash is the creator of the Book Coach Certification program at Author Accelerator and has taught hundreds of book coaches and thousands of novelists how to use the Blueprint for a Book system-and the Inside Outline at the heart of it - to help them produce their best work in the most efficient way. Jennie Nash turned me into a plotter and changed the way I think about approaching any new project. I'm an Inside Outside outline fan for life! -Alison Hammer, author of *You and Me and Us* and *Little Pieces of Me* If you are about to start writing or revising your novel - hold up! You need this book before putting fingers to keyboard. It's a step-by-step design-your-novel manual that encapsulates the most important aspect of great story-telling: how to reach deep into your writerly heart and into the heart of the story you want to bring to life. - Janet Fox, author of *The Artifact Hunters* I will sing the praises of the Inside Outline forever. It's f*ing genius. -Carla Naumburg, author of *How to Stop Losing Your Sh*t With Your Kids* The Inside Outline is making writing easier. I can focus more on the writing rather than discovering what the scene is about when I'm creating it. Why isn't every writer using it? Instead, people are plonking down good money to be told ten key steps in writing dialogue or setting a scene. I'm so grateful I'm no longer one of them. - Kate Kimball, first time novelist

Victore Or, Who Died and Made You Boss? James Victore, 2010-09 James Victore is hell-bent on world domination, one graphic design project at a time. A self-taught designer, Victore's work is vivid, memorable and often controversial. In this funny and honest book Victore takes readers through a collection of his greatest hits, telling the stories behind the work, his inspirations, process and lessons learned. Throughout his career he has sought comrades, not clients - brave, smart collaborators who have given him the freedom to reinterpret old design solutions and to pressure viewers to think about issues and ideas in a new way. The book will be wrapped in a poster jacket, created by Victore specifically for the book, and will have three edge black stain and hot pink ribbon bookmark, making it a must-have design object for students, graphic designers and anyone with an interest in the power of ink on paper. --Publisher description.

Within the Frame David duChemin, 2009-05-01 Within the Frame is a book about finding and expressing your photographic vision, specifically where people, places, and cultures are concerned. A personal book full of real-world wisdom and incredible images, author David duChemin (of pixelatedimage.com) shows you both the how and the why of finding, chasing, and expressing your vision with a camera to your eye. Vision leads to passion, and passion is a cornerstone of great photography. With it, photographs draw the eye in and create an emotional experience. Without it, a photograph is often not worth—and can't capture—a viewer's attention. Both instructional and inspirational, Within the Frame helps you on your photographic journey to make better images of the places and people you love, whether they are around the world or in your own backyard. duChemin covers how to tell stories, and the technology and tools we have at our disposal in order to tell those narratives. Most importantly, he stresses the crucial theme of vision when it comes to photographing people, places, and cultures—and he helps you cultivate and find your own vision, and then fit it within the frame.

European Pack for Visiting Auschwitz-Birkenau Memorial and Museum Alicja Biańska, 2010-01-01 Taking groups of students To The Auschwitz-Birkenau Memorial and Museum is a heavy responsibility, but it is a major contribution to citizenship if it fosters understanding of what Auschwitz stands for, particularly when the last survivors are at the end of their lives. it comes with certain risks, however. This pack is designed for teachers wishing to organise student visits to authentic places of remembrance, and For The guides, academics and others who work every day with young people at Auschwitz. There is nothing magical about visiting an authentic place of remembrance, and it calls for a carefully thought-out approach. To avoid the risk of inappropriate reactions or the failure to benefit from a large investment in travel and accommodation, considerable preparation and discussion is necessary before the visit and serious reflection afterwards. Teachers must prepare students for a form of learning they may never have met before. This pack offers insights into the complexities of human behaviour so that students can have a better understanding of what it means to be a citizen. How are they concerned by what happened at Auschwitz? is the unprecedented process of exclusion that was practised in the Holocaust still going on in Europe today? in what sense is it different from present-day racism and anti-Semitism? the young people who visit Auschwitz in the next few years will be witnesses of the last witnesses, links in the chain of memory. Their generation will be the last to hear the survivors speaking on the spot. The Council of Europe, The Polish Ministry of Education And The Auschwitz-Birkenau Memorial and Museum are jointly sponsoring this project aimed at preventing crimes against humanity through Holocaust remembrance teaching.
