- 📖 **Sticks and Stones** Melissa Lennig,2019-05-07 Sticks and Stones presents a treasure trove of building and engineering ideas for children to employ in the great outdoors using the materials made readily available to them, from cabins and tipis to bridges and dams. Many smaller scale projects are included, too—such as how to make ochre paint with shale, make a fishing pole, and carve a marshmallow roasting stick. Opportunities and materials for constructive play exist everywhere in nature. Author Melissa Lennig (of the blog Fireflies and Mud Pies) introduces today’s screen-overloaded kids to this world of fun waiting just outside the door. Whether camping or hanging out in the back yard, children will marvel at the wonderful, useful tools and playthings they can create with natural objects. Sticks and Stones details various designs for the ever-popular fort (cabins, tipis, survival shelters, etc.) and also covers structures such as bridges, fences, and dams, while explaining the STEAM principles behind each. In addition to structures, there are other ideas and projects for camping and the backyard, like a fire ring (explaining the types of fires, airflow, and safety), the always useful tripod, a travois, a rock garden, and toy boats. Along the way, there are multi-leveled reading opportunities in the form of quick features on considerations like mindfulness, campfire safety, mini STEAM design challenges, and more. Sticks and Stones is an essential resource for every junior outdoor adventurer.
- 📖 **Saints Around the World** Meg Hunter-Kilmer,2021-08-16 The lives of the saints are one of the most powerful ways God draws people to himself, showing us the love and the joy we can find in him. But so often, these saints seem distant—impossibly holy or dull or unlike us in race and age and state in life. In Saints Around the World, you’ll meet over one-hundred saints from more than sixty countries, including saints with different disabilities, strengths, and struggles. The beautiful illustrations and captivating storytelling will introduce you and your children to new heavenly friends while also helping you fall more in love with Jesus. Each story in this book is written not only to capture the imagination but also to speak about God’s tremendous love and our call to be saints. There are stories in Saints Around the World for when you feel like life isn’t fair, when people are being unkind to you, when you’ve made a terrible mistake, when you’re struggling at school, when prayer is hard. And there are stories of shouting down Nazis, of fleeing a murderous villain, of making scientific discoveries, of smoking a cigar while enemy soldiers amputate your leg. There are scared saints, brilliant saints, weak saints, adventurous saints, abused saints, overjoyed saints, disabled saints—and the point of every one of them is the love of God. Whether you’re checking the map to find saints who look like you or perusing the extensive indices to find saints with your skills or struggles, you’ll find countless stories in this book that remind you how very possible holiness is.

- 📖 **Zen Drawing - A New Way to Become an Artist** Michelle Dujardin,2014-07-25 This eBook is derived from the hardcover book called ‘The Zen Drawing Pack’, which was published in October 2014 by Rockpoint Publishers and as an eBook called ‘The Zen Drawing eBook’ by the authors. In this eBook called ‘Zen Drawing - A New Way to Become an Artist’, the authors have put less emphasis on the Zen Buddhism background of Zen drawing and more emphasis on the artistic benefits that can be found by using the techniques described in the hardcover book. For instance by adding a chapter on the use of watercolors and ink. As with all their books on Zen drawing, this eBook is based on the works of Frederick Franck and Betty Edwards. In this eBook artist Michelle Dujardin helps you to awaken your inner artist and add soul to your sketches by ignoring conventional drawing techniques and focus on really seeing your subject. Michelle helps you achieve a meditative state just by changing the way you see a subject, and allow your hands to follow the movement of your eyes. When you trust your own drawing reflex, the art that you create will become more expressive and beautiful than what you’ve done before. Not great with a pencil? Don’t worry, everyone can learn to draw this way and you don’t need any special talent or class. For any level of artist, from a beginner with little talent to an illustration expert, Zen drawing is not about making perfect pictures, it is about the experience of drawing, finding inspiration, and connecting to the world around you.
- 📖 **Christmas Bells and A Christmas Carol** Henry Wadsworth Longfellow,191?
- 📖 **Pen & Ink** James Hobbs,2019-06-01 Pen & Ink is packed with page after page of bite-sized creative sketching tips and accessible advice, and offers aspiring artists the freedom to dip in and out for practical information or flick through for fresh inspiration and ideas. Exploring around 200 pieces of artwork by young contemporary artists, Pen & Ink highlights and examines the different techniques, qualities, and effects relating to each piece. Organized into chapters according to the technique exemplified (e.g.water soluble, mixed media) artwork is featured large and luscious, accompanied by extended captions, insightful tips, and practical advice. A detailed index at the front of the book also groups the paintings according to three main categories: Principles (e.g. composition), Media, Type of sketch (e.g. abstract), and Subject (e.g. nature). Listing each page where similar examples may be found, this category index enables the reader to easily identify and cross reference subjects that have been painted in similar styles. Throughout the book, useful information and practical tips are provided on a wide range of topics such as tone, perspective, color, and much more besides. Readers are encouraged to discover the various ways in which similar subjects and styles are executed by different artists, while also being inspired to use the tips in the book as a way of building on their existing skills. Offering a bold, refreshing change from other run-of-the-mill art books, Pen & Ink adopts the unique approach of accessing practical information via the images, focusing on the way subjects can be treated using a whole range of different drawing techniques, rather than looking at how to master one single style. This gives the reader a much wider skill set—allowing them to capture or create the essence of any image in a variety of different ways.
