Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The Return of the Mother Andrew Harvey, 2013-08-20 Adapted from a series of lectures on the historical basis and current resurgence of the sacred feminine, given by Andrew Harvey at the California Institute of Integral Studies in Spring 1994, *The Return of the Mother* is a profound journey into the heart of the Divine Mother. In this comprehensive and groundbreaking work, mystical scholar Andrew Harvey unearths traces of the sacred feminine in major world religions—Hinduism, Islam (Sufism), Buddhism, Taoism, and Christianity—and in aboriginal and indigenous wisdom traditions. Harvey presents a scathing critique of the patriarchal distortions in religious history and doctrine that have obscured full knowledge of the Divine Mother, and shows how to reintegrate this vital aspect into the spiritual consciousness of humankind. *The Return of the Mother* offers a radical new perspective, balancing the historical overemphasis on transcendence by honoring the immanence of the divine in passionate engagement in the world. Only by cultivating a direct, respectful relationship with the transformative power of the sacred feminine can we alter our disastrous attitude of dissociation from nature, the body, sexuality, and the details of human life, and generate the energy and compassion needed

to reverse the course of destruction we have set the planet—and all of life—hurtling toward. In lively question-and-answer sections, Harvey further illuminates these vital issues and takes a strong stand against our dependence on “gurus” and “masters,” proposing instead an egalitarian model of spiritual community based on intimate groups of mutually supportive guides and friends. The Return of the Mother is an eloquent and passionate call for all of us to rediscover and reclaim an authentic and empowering relationship to the divine, and recreate a sacred life-in-the-world.

My Darkest Years James Bachner,2010-06-25 Born in Berlin in 1922, James Bachner was a German Jew during the darkest days of the Third Reich. Once a happy child in a well-to-do German family, as the years passed Bachner faced first ridicule and persecution, then

imprisonment and deprivation. Attributing his survival to a combination of strength and being in the right place at the right time, Bachner's memoir is a poignant and often horrific account of Jewish struggles during the days of World War II. Beginning with his idyllic childhood, Bachner expresses the range of emotions he experienced as the Nazis transformed his homeland into a nation where he and his fellow Jews were no longer welcome. He describes the volatile political atmosphere and the fears inspired in all Germans by tales of the concentration camps. In addition, he tells of the belief many Jews held that the West would step in and put an end to Hitler's reign. The work then details the realities of life in a concentration camp. The end of the war, Bachner's reunion with his remaining family members and his eventual relocation to America are also discussed.

Adrian Frutiger – Typefaces Heidrun Osterer,Philipp Stamm,2014-05-08 The international creation of typefaces after 1950 was decisively influenced by the Swiss type designer Adrian Frutiger. His Univers typeface and the machine-readable font OCR-B, which was adopted as an ISO standard, are milestones, as is his type for the Paris airports, which set new standards for signage types and evolved into the Frutiger typeface. With his corporate types, he helped to define the public profiles of companies such as the Japanese Shiseido line of cosmetics. In all he created some fifty types, including Ondine, Méridien, Avenir, and Vectora. Based on conversations with Frutiger himself and on extensive research in France, England, Germany, and Switzerland, this publication provides a highly detailed and accurate account of the type designer's artistic development. All of his types – from the design phase to the marketing stage – are illustrated and analyzed with reference to the technology and related types. Hitherto unpublished types that were never realized and more than one hundred logos complete the picture. This second, revised and expanded study edition, which now has an index, makes Frutiger's achievement even more accessible.
