Introductory Grammar of Amharic Wolf Leslau,2000 This book closes the gap for beginners who want to study the Amharic language and had difficulties in finding the right grammar for this purpose: The first grammar of Amharic, the national language of Ethiopia, was published by Hiob Ludolf in 1698. The Amharic grammar published by Praetorius in 1879 is based on Amharic religious texts and on scattered material, usually composed by missionaries. A milestone in the study of Amharic is Marcel Cohen's *Traite de langue amharique* (1936), but this grammar, too is not completely suited for beginners since the author's generalizations are at times aimed at linguists. The grammar that comes closest to the concept of a beginner's grammar is that of C.H. Dawkin (1960), yet this grammar is extremely short, does not give examples and does not introduce the student to the intricacies of the language. The new book gives all the grammatical forms and the sentences of the present grammar in Amharic script and in phonetic transcription. The illustrative examples have a free and a literal translation. This procedure should likewise prove to be useful for the Semitist as well as for the general linguist.

Paper Dandy's Horrorgami Marc Hagan-Guirey,2015-09-01 Paper Dandy's Horrorgami features 20 kirigami (cut-and-fold) designs based around haunted houses and scenes from horror films by the creator of the successful Horrorgami blog and exhibition. Kidding Around Hilary Bradt, James Lowen, 2019-10-24
Becoming a parent need to not put an end to wanderlust. That's the message in this new anthology from Bradt, the latest in a series of collections of real-life tales focusing on different aspects of travel. With contributions from a range of both well-known, professional travel writers and newer writers from the UK and North America, this engaging and entertaining compilation of 37 stories lifts the lid on the perils and joys of travelling with babies, toddlers and teenagers in locations spanning five continents. Contributors include renowned travel writer Dervla Murphy, National Geographic Traveller Editorial Director Maria Pieri, multi-award winning authors Adrian Phillips and Mike Unwin, and nature writers Amy-Jane Beer and Nicola Chester to name just a few. Potentially life-threatening situations, confessions of inept parenting and celebrations of derring-do are all part of the mix. There's plenty of adventurous travel, from trekking with toddlers in the Himalayas to sailing en famille across the Atlantic Ocean and the first circumnavigation of Mauritius by bicycle. Read how one mother threatens to dump her baby on jobsworth airport officials, how a father inadvertently takes his daughters to a brothel, and how one family turned up six hours early for a flight. and still managed to miss it. Join families paddling with crocodiles and getting their jeep stuck on a beach as the tide is coming in, or eleven-month-old Rory as he eats alongside marine iguanas and three-year-old Quin who befriends a family of cockroaches. At times comical, hair-raising or just plain fun, there are also magical moments with wild creatures or in wild places. For anyone who has ever travelled with children, or wondered what it must be like to head out into the unknown with little ones in tow, this is a captivating read.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Rosie Revere, Engineer Andrea Beaty, 2013-09-03 New York Times Bestseller Rosie may seem quiet during the day, but at night she's a brilliant inventor of gizmos and gadgets who dreams of becoming a great engineer. When her great-great-aunt Rose (Rosie the Riveter) comes for a visit and mentions her one unfinished goal—to fly—Rosie sets to work building a contraption to make her aunt's dream come true. But when her contraption doesn't fly but rather hovers for a moment and then crashes, Rosie deems the invention a failure. On the contrary, Aunt Rose insists that Rosie's contraption was a raging success: you can only truly fail, she explains, if you quit. From the powerhouse author-illustrator team of Iggy Peck, Architect comes Rosie Revere, Engineer, another charming, witty picture book about believing in yourself and pursuing your passion. Ada Twist, Scientist, the companion picture book featuring the next kid from Iggy Peck's class, is available in September 2016.!--?xml:namespace prefix = o ns = urn:schemas-microsoft-com:office:office /-- Praise for Rosie

Revere, EngineerComically detailed mixed-media illustrations that keep the mood light and emphasize Rosie's creativity at every turn.—Publishers Weekly The detritus of Rosie's collections is fascinating, from broken dolls and stuffed animals to nails, tools, pencils, old lamps and possibly an erector set. And cheddar-cheese spray. —Kirkus Reviews This celebration of creativity and perseverance is told through rhyming text, which gives momentum and steady pacing to a story, consistent with the celebration of its heroine, Rosie. She's an imaginative thinker who hides her light under a bushel (well, really, the bed) after being laughed at for one of her inventions. —Booklist Award 2013 Parents' Choice Award - GOLD 2014 Amelia Bloomer Project List ReadBoston's Best Read Aloud Book

Wild Women Mariella Frostrup, 2022-12-08 A collection of the greatest women's travel writing selected by journalist and presenter Mariella Frostrup. From Constantinople to Crimea; from Antarctica to the Andes. Throughout history adventurous women have made epic, record-breaking journeys under perilous circumstances. Whether escaping constricted societies back home or propelled by a desire for independence, footloose females have ventured to the four corners of the earth and recorded their exploits for posterity. For too long their triumphs have been overshadowed by those of their male counterparts, whose honourable failures make bigger news. In curating this collection of first-hand accounts, broadcaster, writer and traveller Mariella Frostrup puts female explorers back on the map. Her selection includes explorers from the 1700s to the present day, from iconic heroines to lesser-known eccentrics, celebrating 300 years of wild women and their amazing adventures over land, sea and air. Reviews for Wild Women: 'A stirring whistle-stop tour, led by women who often risked disapproval in leaving home to roam the world' Vanity Fair 'Like any good travel book, Wild Women succeeds in casting the reader's mind off on journeys of its own, inspiring fresh plans and what the Germans call Fernweh, or a

longing for faraway places' TLS 'Required reading for anyone who assumed that 'the road less travelled' was a solely masculine preserve' Sunday Independent

Kookoo Kookaburra Gregg Dreise,2015-05-01 Age range 5 to 8 Kindness is like a boomerang -- if you throw it often, it comes back often. Kookoo the Kookaburra is the second heartwarming morality tale - set within the cultural context of the Dreamtime -- by Queensland teacher Gregg Dreise. In the same vein as his first book Silly Birds (MagabalaBooks 2014) Dreise tells the story of Kookoo, a kind and well-loved kookaburra who is famous for entertaining the other bush creatures with his funny stories. Everyone knows Kookoo has a special gift because he can tell funny stories about the other animals without hurting their feelings. However, when Kookoo runs out of kind stories he turns to teasing and making fun of his friends' differences. Refusing to listen to the sage advice of his uncle, Kookoo gradually alienates all his friends until he finds himself alone and ignored by the other

animals. When he finally listens to the sounds of his own laughter echoing around the bush and realises it has become an unhappy sound, Kookoo is forced to remember his uncle's words and change his ways -- kindness is like a boomerang -- if you throw it often, it comes back often.

A Cup of Friendship Deborah Rodriguez, 2011-01 Running a Kabul coffee shop that is patronized by ex-pats, American Sunny reaches out to a growing circle of new friends including a pregnant rape victim, a journalist with a painful secret, and a den mother who is engaged in a complicated affair.

The Checkout Girl Susan Zettell, 2008 It's 1970, and the optimism of Trudeaumania is starting to give way to fears of wage and price controls. In Varnum, Ontario, where the smell of industry is the smell of money, a lot of that money's heading south, just like Bobby Orr. The Checkout Girl is the story of Kathy Rausch, whose life these days is something that just seems to happen to her. After sneaking out on her boyfriend in Vancouver, Kathy moves back to Varnum and hides out in the basement of her high school buddy, Penny Lehman, in a room she shares with Penny's skittish boa constrictor, Freddie. When Kathy isn't checking out groceries, she practices hockey drills. And when she isn't practicing, she's warding off advances from fellow basement dweller Little Barry Bender, ignoring her well-meaning mother Connie, hanging out with her best friend, champion baton twirler Darlyn Smola, and dealing a bit of marijuana for Penny's husband Pete. But when Kathy stumbles upon a brutal murder she is finally driven to put her hockey stick where her heart is: on the ice.
