European Pack for Visiting Auschwitz-Birkenau Memorial and Museum Alicja Białecka, 2010-01-01 Taking groups of students To The Auschwitz-Birkenau Memorial and Museum is a heavy responsibility, but it is a major contribution to citizenship if it fosters understanding of what Auschwitz stands for, particularly when the last survivors are at the end of their lives. It comes with certain risks, however. This pack is designed for teachers wishing to organise student visits to authentic places of remembrance, and For The guides, academics and others who work every day with young people at Auschwitz. There is nothing magical about visiting an authentic place of remembrance, and it calls for a carefully thought-out approach. To avoid the risk of inappropriate reactions or the failure to benefit from a large investment in travel and accommodation, considerable preparation and discussion is necessary before the visit and serious reflection afterwards. Teachers must prepare students for a form of learning they may never have met before. This pack offers insights into the complexities of human behaviour so that students can have a better understanding of what it means to be a citizen. How are they concerned by what happened at Auschwitz? Is the unprecedented process of exclusion that was practised in the Holocaust still going on in Europe today? In what sense is it different from present-day racism and anti-Semitism? The young people who visit Auschwitz in the next few years will be witnesses of the last witnesses, links in the chain of memory. Their generation will be the last to hear the survivors speaking on the spot. The Council of Europe, The Polish Ministry of Education And The Auschwitz-Birkenau Memorial and Museum are jointly sponsoring this project aimed at preventing crimes against humanity through Holocaust remembrance teaching.

Thunderstorm Dancing Katrina Germein, Judy Watson, 2015-04-01 When a sunny day at the beach turns stormy, a little girl runs for cover. Her daddy and brothers are wild in the wind and lightning, and her poppy is as loud as thunder. They fill the house with stamping and crashing while Granny plays piano to their riotous thunderstorm dancing... until the storm passes and they all fall down. Then, in the stillness, the girl is ready to play. What will she be, now that the rain has stopped and there's a glimmer of sunlight?

Kidding Around Hilary Bradt, James Lowen, 2019-10-24 Becoming a parent need to not put an end to wanderlust. That's the message in this new anthology from Bradt, the latest in a series of collections of real-life tales focusing on different aspects of travel. With contributions from a range of both well-known, professional travel writers and newer writers from the UK and North America, this engaging and entertaining compilation of 37 stories lifts the lid on the perils and joys of travelling with babies, toddlers and teenagers in locations spanning five continents. Contributors include renowned travel writer Dervla Murphy, National Geographic Traveller Editorial Director Maria Pieri, multi-award winning authors Adrian Phillips and Mike Unwin, and nature writers Amy-Jane Beer and Nicola Chester to name just a few. Potentially life-threatening situations, confessions of inept parenting and celebrations of derring-do are all part of the mix. There's plenty of adventurous travel, from trekking with toddlers in the Himalayas to sailing en famille across the Atlantic Ocean and the first circumnavigation of Mauritius by bicycle. Read how one mother threatens to dump her baby on jobsworth airport officials, how a father inadvertently takes his daughters to a brothel, and how one family turned up six hours early for a flight. and still managed to miss it. Join families paddling with crocodiles and getting their jeep stuck on a beach as the tide is coming in, or eleven-month-old Rory as he eats alongside marine iguanas and three-year-old Quin who befriends a family of cockroaches. At times comical, hair-raising or just plain fun, there are also magical moments with wild creatures or in wild places. For anyone who has ever travelled with children, or wondered what it must be like to head out into the unknown with little ones in tow, this is a captivating read.

Star Wars Origami, 2012-08-07 Kids love origami—and what could be cooler than transforming a piece of paper into Boba Fett, Princess Leia, Yoda, or R2-D2? And not just any paper, but custom-designed paper illustrated with art from the movies. Star Wars® Origami marries the fun of paper folding with the obsession of Star Wars. Like *The Joy of Origami* and *Origami on the Go*, this book puts an original spin on an ancient art. And like Star Wars® Scanimation® and Star Wars® Fandex®, it's a fresh take on Star Wars mania. Chris Alexander is a master folder and founder of the popular website StarWarsOrigami.com, and here are 36 models, clearly explained, that range in difficulty from Youngling (easy) to Padawan (medium), Jedi Knight (difficult), and Jedi Master (tricky!). A front section introduces origami definitions and basic folds. Bound in the back is the book's unique folding paper, two sheets for each figure. Illustrated with original art, it makes each creation—the essential lightsabers, the Death Star, and much more—true to the movies. *Star Wars Origami* includes a foreword by Tom Angleberger, author of the New

York Times bestsellers *The Strange Case of Origami Yoda* and *Darth Paper Strikes Back*, and is scheduled to be published at the same time as Angleberger's upcoming book, *The Secret of the Fortune Wookiee*.

Introductory Grammar of Amharic Wolf Leslau, 2000 This book closes the gap for beginners who want to study the Amharic language and had difficulties in finding the right grammar for this purpose: The first grammar of Amharic, the national language of Ethiopia, was published by Hiob Ludolf in 1698. The Amharic grammar published by Praetorius in 1879 is based on Amharic religious texts and on scattered material, usually composed by missionaries. A milestone in the study of Amharic is Marcel Cohen's *Traite de langue amharique* (1936), but this grammar, too is not completely suited for beginners since the author's generalizations are at times aimed at linguists. The grammar that comes closest to the concept of a beginner's grammar is that of C.H. Dawkin (1960), yet this grammar is extremely short, does not give examples and does not introduce the student to the intricacies of the language. The new book gives all the grammatical forms and the sentences of the present grammar in Amharic script and in phonetic transcription. The illustrative examples have a free and a literal translation. This procedure should likewise prove to be useful for the Semitist as well as for the general linguist.

Wild Women Mariella Frostrup, 2022-12-08 A collection of the greatest women's travel writing selected by journalist and presenter Mariella Frostrup. From Constantinople to Crimea; from Antarctica to the Andes. Throughout history adventurous women have made epic, record-breaking journeys under perilous circumstances. Whether escaping constricted societies back home or propelled by a desire for independence, footloose females have ventured to the four corners of the earth and recorded their exploits for posterity. For too long their triumphs have been overshadowed by those of their male counterparts, whose honourable failures make bigger news. In curating this collection of first-hand accounts, broadcaster, writer and traveller Mariella Frostrup puts female explorers back on the map. Her selection includes explorers from the 1700s to the present day, from iconic heroines to lesser-known eccentrics, celebrating 300 years of wild women and their amazing adventures over land, sea and air. Reviews for Wild Women: 'A stirring whistle-stop tour, led by women who often risked disapproval in leaving home to roam the world' Vanity Fair 'Like any good travel book, Wild Women succeeds in casting the reader's mind off on journeys of its own, inspiring fresh plans and what the Germans call Fernweh, or a longing for faraway places' TLS 'Required reading for anyone who assumed that 'the road less travelled' was a solely masculine preserve' Sunday Independent

Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

A Cup of Friendship Deborah Rodriguez, 2011-01 Running a Kabul coffee shop that is patronized by ex-pats, American Sunny reaches out to a growing circle of new friends including a pregnant rape victim, a journalist with a painful secret, and a den mother who is engaged in a complicated affair.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward

the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The World's Oldest Alphabet Douglas Petrovich, 2016 For about 150 years, scholars have attempted to identify the language of the world's first alphabetic script, and to translate some of the inscriptions that use it. Until now, their attempts have accomplished little more than identifying most of the pictographic letters and translating a few of the Semitic words. With the publication of *The World's Oldest Alphabet*, a new day has dawned. All of the disputed letters have been resolved, while the language has been identified conclusively as Hebrew, allowing for the translation of 16 inscriptions that date from 1842 to 1446 BC. It is the author's reading that these inscriptions expressly name three biblical figures (Asenath, Ahisamach, and Moses) and greatly illuminate the earliest Israelite history in a way that no other book has achieved, apart from the Bible.
