Recycling Christmas Cards Anneke Lipsanen,2014-09-10 If you are a crafter, teacher or parent interested in recycling Christmas cards, then you will love these pretty eco crafts, ideas and special templates to repurpose your used Holiday cards into charming new crafted items. The full color book with instructions and photographs for the 50 projects, plus the template collection with easy craft templates, are all you need to give used greeting cards a second life. The templates are designed and adapted for greeting card sizes and can be used again and again. Don't throw away those beautiful cards after the very short holiday period! Create nifty new items for fabulous scrapbooking, pretty packaging, little personal gifts, fun favors, small tokens of appreciation, creative containers, decor, decorations and ornaments! There are bonus projects, printable pattern paper and a second set of blank craft templates too. Make them for yourself, or to sell at craft markets and fundraising events. And use them for school arts and crafts projects too, as many projects are suitable for children. No fancy coordinated craft shop designs or expensive embellishments are needed. Just use what you have on hand. The happy patchwork medley is exactly what makes the projects in Recycling Christmas Cards so charming. Those lavish graphics on greeting cards were created by professional designers and make fabulous crafting material for pennies on the dollar - and in sturdy cardstock to boot. They are just waiting for the new life you can give them. Folks love to browse craft fairs and the likes for those inexpensive little something gifts. Many projects are geared towards such little gifts and stocking stuffers. Crafters will love the 45 craft templates in the book, as they have the perfect size for the projects. (Suggestions for recycling Christmas cards are easy to find, but finding templates that are ready to use and scaled to size are not). For convenience the templates are also available as printable downloads. If you have some odd cards left in a box somewhere, you can start your crafting straight away. Then ask friends, family and neighbors for theirs, as you will soon need (and want) a lot of cards. You can even arrange collection boxes at super markets, clubs and such. It is not just about recycling Christmas cards, but about recycling Christmas fun - all year long! So keep every one of your cards and get started for the next Holiday season, because 40 million recycled cards save 13 600 trees! Reuse, remake, repurpose, reduce, recycle and rethink!

Zen drawing - a new way to become an artist Michelle Dujardin,2014-07-25 This eBook is derived from the hardcover book called 'the Zen drawing Pack', which was published in October 2014 by Rockpoint publishers and as an eBook called 'The Zen drawing eBook' by the authors. In this eBook called 'Zen drawing - a new way to become an artist', the authors have put less emphasis on the Zen Buddhism background of Zen drawing and more emphasis on the artistic benefits that can be found by using the techniques described in the hardcover book. For instance by adding a chapter on the use of watercolors and ink. As with all their books on Zen drawing, this eBook is based on the works of Frederick Franck and Betty Edwards. In this eBook artist Michelle Dujardin helps you to awaken your inner artist and add soul to your sketches by ignoring conventional drawing techniques and focus on really seeing your subject. Michelle helps you achieve a meditative state just by changing the way you see a subject, and allow your hands to follow the movement of your eyes. When you trust your own drawing reflex, the art that you create will become more expressive and beautiful than what you've done before. Not great with a pencil? Don't worry, everyone can learn to draw this way and you don't need any special talent or class. For any level of artist, from a beginner with little talent to an illustration expert, Zen drawing is not about making perfect pictures, it is about the experience of drawing, finding inspiration, and connecting to the world around you.

The Road Back Di Morrissey,2016-01-12 Journalist Chris Baxter is at a crossroads. He has an enviable life as a journalist in the U.S. and the prospect of an exciting new post in Thailand. But his needs aren't the only ones he must consider. His daughter is struggling with the effects of his divorce and her mother's remarriage. So Chris abandons dreams of Thailand and returns with his teenage daughter to his mother's house in the beautiful township of Neverend, where Chris comes to see that sometimes taking the road back is the start of a journey forward.

Pen & Ink James Hobbs,2019-06-01 Pen & Ink is packed with page after page of bite-sized creative sketching tips and accessible advice, and offers aspiring artists the freedom to dip in and out for practical information or flick through for fresh inspiration and ideas. Exploring around 200 pieces of artwork by young contemporary artists, Pen & Ink highlights and examines the different techniques, qualities, and effects relating to each piece. Organized into chapters according to the technique exemplified (e.g.water soluble, mixed media) artwork is featured large and luscious, accompanied by extended captions, insightful tips, and practical advice. A detailed index at the front of the book also groups the paintings according to three main categories: Principles (e.g. composition), Media, Type of sketch (e.g. abstract), and Subject (e.g. nature). Listing each page where similar examples may be found, this category index enables the reader to easily identify and cross reference subjects that have been painted in similar styles. Throughout the book, useful information and practical tips are provided on a wide range of topics such as tone, perspective, color, and much more besides. Readers are encouraged to discover the various ways in which similar subjects and styles are executed by different artists, while also being inspired to use the tips in the book as a way of building on their existing skills. Offering a bold, refreshing change from other run-of-the-mill art books, Pen & Ink adopts the unique approach of accessing practical information via the images, focusing on the way subjects can be treated

using a whole range of different drawing techniques, rather than looking at how to master one single style. This gives the reader a much wider skill set—allowing them to capture or create the essence of any image in a variety of different ways.

Introductory Grammar of Amharic Wolf Leslau,2000 This book closes the gap for beginners who want to study the Amharic language and had difficulties in finding the right grammar for this purpose: The first grammar of Amharic, the national language of Ethiopia, was published by Hiob Ludolf in 1698. The Amharic grammar published by Praetorius in 1879 is based on Amharic religious texts and on scattered material, usually composed by missionaries. A milestone in the study of Amharic is Marcel Cohen's Traite de langue amharique (1936), but this grammar, too is not completely suited for beginners since the author's generalizations are at times aimed at linguists. The grammar that comes closest to the concept of a beginner's grammar is that of C.H. Dawkin (1960), yet this grammar is extremely short, does not give examples and does not introduce the student to the intricacies of the language.The new book gives all the grammatical forms and the sentences of the present grammar in Amharic script and in phonetic transcription. The illustrative examples have a free and a literal translation. This procedure should likewise prove to be useful for the Semitist as well as for the general linguist.

Star Wars Origami ,2012-08-07 Kids love origami—and what could be cooler than transforming a piece of paper into Boba Fett, Princess Leia, Yoda, or R2-D2? And not just any paper, but custom-designed paper illustrated with art from the movies. Star Wars® Origami marries the fun of paper folding with the obsession of Star Wars. Like The Joy of Origami and Origami on the Go, this book puts an original spin on an ancient art. And like Star Wars® Scanimation® and Star Wars® Fandex®, it's a fresh take on Star Wars mania. Chris Alexander is a master folder and founder of the popular website StarWarsOrigami.com, and here are 36 models, clearly explained, that range in difficulty from Youngling (easy) to Padawan (medium), Jedi Knight (difficult), and Jedi Master (tricky!). A front section introduces origami definitions and basic folds. Bound in the back is the book's unique folding paper, two sheets for each figure. Illustrated with original art, it makes each creation—the essential lightsabers, the Death Star, and much more—true to the movies. Star Wars Origami includes a foreword by Tom Angleberger, author of the New York Times bestsellers The Strange Case of Origami Yoda and Darth Paper Strikes Back, and is scheduled to be published at the same time as Angleberger's upcoming book, The Secret of the Fortune Wookiee.

Paper Dandy's Horrorgami Marc Hagan-Guirey,2015-09-01 Paper Dandy's Horrorgami features 20 kirigami (cut-and-fold) designs based around haunted houses and scenes from horror films by the creator of the successful Horrorgami blog and exhibition. Each project features step-by-step instructions and a template that you remove from the book. You then follow the lines on the template, cutting and folding to make your own kirigami model. All you need is a scalpel, a cutting mat and a ruler. Clear cutting tips help you with the tricky stages and give you an order in which to complete your work, while photos of the finished model show you the final design. Suitable for folding experts and beginners alike, Paper Dandy's Horrorgami makes the perfect Halloween activity.

Water+Ink Coloring Book Winter 2020 Kim Winberry,2019-07-22 I begin my paintings with a sketch and application of colorful/bright pigment and water to the paper. I disrupt the blends with salt or water, watching as one color blossoms in water, as another color starts to travel across the paper. I utilize India Ink to demarcate changes, also adding add swirls other artifacts, in the aim to achieve whimsy. My coloring books are my paintings! I run the paintings through filters and drop the color from them, leaving the lines so that you can add your own color. But wait, there's more... I've added an Augmented Reality component to this. Wonder what colors I used for that piece in the corner there? Take out your phone, download the Zappar app from your app store and zap the code. What happens? At the very least an image of the original painting will pop up and you can see what it looks like, side by side with the coloring page. Beyond that, you'll meet Mist, my liaison to the AR world. She will be a recurring character in all my AR work. Stay tuned and enjoy.
