Introductory Grammar of Amharic Wolf Leslau,2000 This book closes the gap for beginners who want to study the Amharic language and had difficulties in finding the right grammar for this purpose: The first grammar of Amharic, the national language of Ethiopia, was published by Hiob Ludolf in 1698. The Amharic grammar published by Praetorius in 1879 is based on Amharic religious texts and on scattered material, usually composed by missionaries. A milestone in the study of Amharic is Marcel Cohen's *Traite de langue amharique* (1936), but this grammar, too is not completely suited for beginners since the author's generalizations are at times aimed at linguists. The grammar that comes closest to the concept of a beginner's grammar is that of C.H. Dawkin (1960), yet this grammar is extremely short, does not give examples and does not introduce the student to the intricacies of the language. The new book gives all the grammatical forms and the sentences of the present grammar in Amharic script and in phonetic transcription. The illustrative examples have a free and a literal translation. This procedure should likewise prove to be useful for the Semitist as well as for the general linguist.

Original Grin Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The Origin of Evil Chuck Missler, When did Satan fall? We know that the angels were created prior to the Earth. We find Satan had already fallen in Genesis 3. The mystery is, when did he fall? It appears that there are substantial Scriptural references to his rebellion, his agenda, and the subsequent catastrophic judgment that ensued. This raises the whole issue of the origin of evil. And why hasn't God simply wiped him, and sin, out completely? It is also disturbing to recognize that Satan tempted Jesus by offering him the kingdom, power and the glory in the temptations recorded in Luke 5. How could Satan lay a legitimate claim to these?

Parents, Children, and the Facts of Life Henry V. Sattler,1952 Father Sattler has written *Parents, Children and the Facts of Life* to help parents fulfill the extremely important duty of training boys and girls to be pure and innocent, and eventually to enter marriage with a noble and holy purpose if God calls them to that state of life. According to the official Catholic teaching, sex education is the duty of the parents, yet many parents still struggle to convey the facts of life to their children in a natural and inspiring way. Applying traditional Catholic principles to very practical questions, Fr. Sattler explains what parents should tell their children, when and how they should tell it, what moral and psychological dangers they must avoid, and what questions they should anticipate. His conversational and down to earth style provides parents with the confidence and practical wisdom to fulfill their role as their children's primary teachers of the facts of life.

Jan Van Toorn Rick Poynor,2008 Jan van Toorn is one of the most significant and influential Dutch graphic designers to have emerged since the early 1960s. His designs persistently call attention to their status as visual contrivances, obliging the viewer to make an effort to process their complexities. Van Toorn wants the public to measure the motives of both the client and the designer who mediates the client's message against their own experiences of the world. He hoped in this way to stimulate a more active and skeptical view of art, communication, media ownership and society. Projects such as Van Toorn's posters and catalogues for the Van Abbemuseum in Eindhoven and his long-running series of calendars for the printing firm Mart.Spruijt are powerful demonstrations of graphic design used as a means of commentary and as a tool of critique. Later, as director of the Jan van Eyck Academy, Van Toorn drew together all the strands of his critical practice into a multi-levelled educational initiative that urged designers to think harder about design's role in shaping contemporary reality.

Goodnight Dune Julia Yu,2021-09-16 In a great green room, tucked away in bed, a young bunny gazes upon the two remaining moons of Arrakis...This book is inspired by Frank Herbert's 1965 science fiction novel Dune. Many of the visual motifs come from the 1984 David Lynch movie adaptation of Dune, and drawn in the style of Margaret Wise Brown / Clement Hurd's classic children's book Goodnight Moon. Originally created in 2011, (finally) updated in 2021.

The World's Oldest Alphabet Douglas Petrovich,2016 For about 150 years, scholars have attempted to identify the language of the world's first alphabetic script, and to translate some of the inscriptions that use it. Until now, their attempts have accomplished little more than identifying most of the pictographic letters and translating a few of the Semitic words. With the publication of The World's Oldest Alphabet, a new day has dawned. All of the disputed letters have been resolved, while the language has been identified conclusively as Hebrew, allowing for the translation of 16 inscriptions that date from 1842 to 1446 BC. It is the author's reading that these inscriptions expressly name three biblical figures (Asenath, Ahisamach, and Moses) and greatly illuminate the earliest Israelite history in a way that no other book has achieved, apart from the Bible.

Preschool Bilingual Education Mila Schwartz,2018-05-23 This volume provides an up-to-date collection of key aspects related to current preschool bilingual education research from a socio-linguistic perspective. The focus is on preschool bilingual education in multilingual Europe, which is characterized by diverse language models and children's linguistic backgrounds. The book explores the contemporary perspectives on early bilingual education in light of the threefold theoretical framework of child's, teachers', and parents' agencies in interaction in preschool bilingual education. Five significant theoretical concepts are promoted in this volume: the ecology of language learning, an educational partnership for bilingualism, a notion of agency in early language development and education, language-conducive contexts, and language-conducive strategies. The volume examines preschool bilingual education as embedded in specific socio-cultural contexts on the one hand and highlights its universal features on the other. The book is a fundamental read for scholars and students of second language teaching, preschool education, and bilingual education in multilingual and multicultural societies.

Evolution: the Grand Experiment Dr. Carl Werner,Carl Werner,2007 Darwin's book on evolution admitted that intermediate links were perhaps the most obvious and serious objection to the theory of evolution. Darwin recognized that the fossils collected by scientists prior to 1859 did not correspond with his theory of evolution, but he predicted that his theory would be confirmed as more and more fossils were found. One hundred and fifty years later, *Evolution: The Grand Experiment* critically examines the viability of Darwin's theory--

Never Give Up! Nancy Missler,2005-05 ?I don't understand! Why does my trial continue on and on? Did I somehow miss God What do you do when your dreams, your plans and your hopes blow up in your face? Who do you blame when everything in the Bible gave you hope but, then, all was destroyed? How do you refrain from being angry, bitter and blaming God in situations like this? If we are honest with ourselves all of us at one time or another, have felt like ?giving up.? Paul expresses it perfectly in 2 Corinthians 1:8 when he says that he ?despaired of life itself.? What did he do? How did he persevere? Most of us talk very openly about the need to ?be like Christ? and to have His characteristics of Love, joy, peace, but what about the fruit of longsuffering?the determination never to give up? God promises us that He will strengthen us; help us and uphold us. (Isaiah 41:10) The question is: How do we do our part? How do we, like Paul, patiently endure our trials by never giving up? That's what this book is all about.

Faith in the Night Seasons Dr Chuck Missler,Nancy Missler,2000-03-01 This Personal Application Workbook is designed to help you apply the Scriptural principles presented in the Faith in the Night Seasons textbook. The goal and purpose of every Christian is to be conformed into the image of Christ. A true Biblical night season is a Father-filtered period of time designed to do just that. God deprives us of the natural light that we are so used to, in order that He might strengthen our faith and we might come to know Him in His fullness.
