Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The Checkout Girl Susan Zettell,2008 It's 1970, and the optimism of Trudeaumania is starting to give way to fears of wage and price controls. In Varnum, Ontario, where the smell of industry is the smell of money, a lot of that money's heading south, just like Bobby Orr. The Checkout Girl is the story of Kathy Rausch, whose life these days is something that just seems to happen to her. After sneaking out on her boyfriend in Vancouver, Kathy moves back to Varnum and hides out in the basement of her high school buddy, Penny Lehman, in a room she shares with Penny's skittish boa constrictor, Freddie. When Kathy isn't checking out groceries, she practices hockey drills. And when she isn't practicing, she's warding off advances from fellow basement dweller Little Barry Bender, ignoring her well-meaning mother Connie, hanging out with her best friend, champion baton twirler Darlyn Smola, and dealing a bit of marijuana for Penny's husband Pete. But when Kathy stumbles upon a brutal murder she is finally driven to put her hockey stick where her heart is: on the ice.

The Great International Paper Airplane Book Jerry Mander,Howard Luck Gossage,George Dippel,1998-08 Paper airplanes as serious science? No longer shamefully relegated to the back rows of elementary-school sports stadiums, paper airplanes come into their own with this amusing -- and instructive -- book. The Great International Paper Airplane Book documents the proceedings of the first (and possibly only) International Paper Airplane Competition conducted by Scientific American. In addition to the behind-the-scenes story and official records of the Competition, readers will discover intriguing mini-essays on the historical, aesthetic, technological, and folkloric aspects of the paper airplane and on its startling implications for the future of aviation. Best of all, there are dozens of cut-fold-and-fly-them-yourself planes to experiment with. Combining real science with outright fun, this book appeals to paper airplane enthusiasts and would-be aviators of every age.

Slave Stealers Timothy Ballard,2018 Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, Incidents in the Life of a Slave Girl, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day underground railroad which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from

past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The Conductor; Abraham Lincoln--the Great Emancipator; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

Janey the Vet Janey Lowes,2020-03-19 'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.

Happiness 6 Shuzo Oshimi,2017-12-19 A supernatural story of sexual awakening, growing up, and suburban vampirism, Happiness follows a dorky boy who is attacked by a girl in an alley. She sucks his blood and gives him a choice: life or death. He chooses life, but finds himself nearly overwhelmed by a new thirst and a fascination with the necks of his classmates... Praise for Flowers of Evil: A shockingly readable story that vividly--one might even say queasily--evokes the fear and confusion of discovering one's own sexuality. Recommended. -The Manga Critic A page-turning tale of sordid middle school blackmail. -Otaku USA Magazine By loving this

manga I recognize what a sick and twisted individual I have become. While I can still say that I am not truly deviant, Flowers of Evil is a great reminder of my own thirst for power and my own personal corruption. -Otaku Champloo
