Notes from the Hyena's Belly Nega Mezlekia, 2015-04-07

In this acclaimed memoir, Mezlekia recalls his boyhood in the arid city of Jijiga, Ethiopia, and his journey to manhood during the 1970s and 1980s. He traces his personal evolution from child to soldier--forced at the age of eighteen to join a guerrilla army. And he describes the hardships that consumed Ethiopia after the fall of Emperor Haile Selassie and the rise to power of the communist junta, in whose terror thousands of Ethiopians died. Part autobiography and part social history, *Notes from the Hyena's Belly* offers an unforgettable portrait of Ethiopia, and of Africa, during the defining and turbulent years of the last century.

Expanded and updated from the Electronic Resources section, The APA style guide to electronic resources outlines for students and writers the key elements with numerous examples. Dissertations and theses; bibliographies; curriculum and course material; reference materials, including Wiki; gray literature, such as conference hearings, presentation slides, and policy briefs; general interest media and alternative presses such as audio podcasts; and online communities, such as Weblog posts and video Weblog posts.

*The Marriage of Heaven and Earth* Marlin

Watling,2016-10-07 On the lookout for a mind-blowing new perspective on the nature of God and humanity's place in the world today? Dive into The Marriage of Heaven and Earth, and enter the mind of a veritable rock star of contemporary theology-N. T. Wright. Marlin Watling takes abstract and complex ideas and grounds them in simple terms through his unique combination of readable summaries and fifty accompanying illustrations. He distills a lifetime of complex theological analysis and data into easy-to-consume sketches with explanations to provide one thing: universal access to a brilliant mind. Watling's guide comprises four parts ♦ An introduction to N. T. Wright ♦ Summaries of Wright's four key concepts ♦ Wright's proposal of a new worldview ♦ An overview of humanity's mission, with an eye toward the end times Following in the footsteps of reformer Martin Luther, N. T. Wright makes the old story new again with his paradigm-shifting worldview. And in The Marriage of Heaven and Earth, Watling does something equally novel. He enters the ivory tower, strips away the pomp and ceremony of untouchable academia, and presents to believers of all interest levels Wright's theology as it's truly meant to be: easy to understand and full of grace.

### **Business History and International Business** Peter

Buckley,2014-01-02 Business History and International Business are cognate subjects. There are few, if any, studies of international business that do not require a proper study of context. International business decision making must be made relevant by a considered evaluation of the circumstances surrounding that decision. This often means putting it into its historical context. The contributions that the study of international business can make to

business history are the input of appropriate theory and appropriate research methods. The best international business theory can illuminate the seemingly disparate strategies of firms in given historical circumstances and can provide an integrated, overarching conceptual structure of the study of business history. The research methods used in international business are also worthy of scrutiny by business historians. The proposition of this book is that international business theory and method can complement business history. This cross-fertilization has been occurring with increasing regularity over the past few decades and this book brings together some of the fruits of this conjunction of two important intellectual domains. This book was published as a special issue of Business History.
