*Horse Photography* Carol J. Walker, 2010 Why photograph horses? Because, in the words of author Carol Walker, they fill our hearts, and capturing them on film or in digital images expresses that relationship. We want to catch and hold -- and show -- their spirit, their tremendous joy in living, their unique personalities, and of course, their incomparable beauty. And we want the quality of our images to honour our glorious subjects. Photographing horses presents a double challenge, the first being the technical aspects -- the lenses, the setting, the light and speed, and how all those relate to the subject. The second element is more elusive; it is horse knowledge -- the educated ability to see how a horse moves, sense its moods, and understand its psychology as a prey animal. This book presents the tools to master both technique and subject matter. More than that, the book will stir your creativity and inspire you to spend more time focusing on these animals you admire. Carol Walker has travelled the world photographing animals for almost 30 years, and since 2000 has concentrated on horses, including the object of her greatest passion, America's wild horses. Carol's stunning images illuminate the relationship between horses and their people, as well as showcase the beauty of horses at liberty. She teaches equine photography workshops for amateurs, and her commercial work includes fine art, magazine covers, and calendars. Her first book, *Wild Hoofbeats: America's Vanishing Wild Horses* is in its second

printing and has won numerous awards for the quality of images and evocative writing. This book will be the reference of choice for any photographer aspiring to do justice to that most appealing of animals, the horse.

*A Song of Gladness* Michael Morpurgo, 2021-04-29

Travel the globe on an inspiring journey through the animal kingdom. *A Song of Gladness* is a timely reminder of the beauty and importance of the natural world from two of today's most celebrated children's book creators. From a blackbird in a Devon garden to leopards in the African savanna, hibernating bears and chimpanzees high in the forest canopy, *A Song of Gladness* reminds us all of our connection with nature, and with each other, and the urgent need for us to join together in caring for the planet and every creature in it. Former Children's Laureate and CILIP Carnegie Medal winner Sir Michael Morpurgo's beautiful story is both moving and full of hope; the illustrations from twice CILIP Kate Greenaway-winning Emily Gravett are breathtaking. This gorgeous book is a classic in the making and the perfect gift for any animal and nature lover.

**The McElderry Book of Aesop's Fables** Michael

**Riding Through It** Nikki Porter, 2021-11-26

*Riding Through It* is a collection of stories written by equestrian women who have shown up openly and honestly. We describe ourselves as horse people and sometimes we

describe ourselves as crazy too. Perhaps that goes hand in hand with deciding to love something so deeply. That love has the potential to make or break us- depending on how open we are to learning the lessons horses teach us. We are proud to be among the world's horse people, and the stories we share with you on these pages will show you why, strengthen your pride as a horse person, or maybe even make you wish you were one too. In this book, you will read stories of loss, heartbreak, grief, fear, pain, and rock bottom, but because of horses, you will also see them transform into stories of hope, resilience, love, awareness, self-acceptance, confidence, compassion, and awakenings. No two stories are alike. Each writer and the experiences they share with us are as unique as they are, but there is a thread that weaves each story together and connects every equestrian in the world: Horses test and transform us.

*Achtung-Panzer!* Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**Blue Zeus** Carol Walker, 2022-03-15 This book is the story of a wild stallion named Blue Zeus, who lived in the Red Desert of Wyoming. Carol Walker, a wild horse photographer followed he and his family in the wild for years. In October of 2020 he was rounded up with helicopters and removed from his home and his family. A year later he is reunited with his family at Skydog Sanctuary.

*Polyhedra Pastimes* Jill Britton, 2001 Did you ever think that you would be building kites with your math class? How about using bubbles to teach your middle school students? Now you can do both of these and more!

**Wild Hoofbeats** Carol Walker, 2008 An emblem of the American West and once numbering in the millions, the wild horse is considered by some today as a resource to be exploited or a pest to be eliminated. Now the wild horse is on the verge of being removed entirely from our nation's public lands. *Wild hoofbeats* takes us deep into Adobe Town in Wyoming's Red Desert and one of the largest remaining wild herds in America. In passionate prose, but above all in stunning photographs that are both intimate and grand, Carol Walker convinces us to take the future of these elegant, exceptional animals to heart--P. [4] of cover.

**Galloping to Freedom** Carol Walker, 2021-06 Join award-winning author and photographer Carol Walker as she tells the story, in words and photographs, of the wild horses of Adobe Town herd of Wyoming, and the dramatic fight to protect these magnificent and endangered animals. Protective. Dignified. Elegant and affectionate. Certainly beautiful. Above all else, loyal. These are the horses of Wyoming's famed Adobe Town herd, their stunning images caught in the wild by award-winning photographer Carol Walker. Especially remarkable are the snowcapped stallion that Walker thinks of as Bronze Warrior and his band of

Appaloosa-marked mares and offspring. But their freedom was to be curtailed. In the fall of 2014, the Adobe Town horses were rounded up, their bands divided. Bronze Warrior and his sons were shipped to Colorado, their mares to a holding facility in Wyoming, and their young sent to Carson City, Nevada. Moved by the horse's strong family bonds in the wild, Walker joined with other advocates to intercede. This is the story, captured in Walker's signature dramatic images, of searching out, gathering together, and ultimately reuniting Bronze Warrior's extended family at the Black Hills Wild Horse Sanctuary. *Galloping to Freedom* will engage your heart and forever change your view of America's wild horses.
