Pick Me Up Adam J. Kurtz,2016-10-04 A quirky, creative companion that offers a pick-me-up on every page On the heels of his internationally successful first book, 1 Page at a Time, graphic designer and illustrator Adam J. Kurtz delivers another intimate and engaging journal for anyone who loves to explore ideas, record thoughts and feelings, and capture those fleeting but amazing moments of everyday life. Unlike a linear journal, this book can be opened up to any page, encouraging and engaging readers time and time again through continued use. Rather than simply complete tasks and turn pages, users are encouraged to leave their mark, and if they land on the same page days or weeks later, they can review, reflect, and revise their previous response. Feeling lonely? Pensive? Peeved? Questioning? This deceptively simple book offers perspective, hope, and a twist of existential metaphor – and is perfect to pick up again and again.

A self-taught designer, Victore's work is vivid, memorable and often controversial. In this funny and honest book Victore takes readers through a collection of his greatest hits, telling the stories behind the work, his inspirations, process and lessons learned. Throughout his career he has sought comrades, not clients - brave, smart collaborators who have given him the freedom to reinterpret old design solutions and to pressure viewers to think about issues and ideas in a new way. The result is a body of work that for 20 years has been plastered on the streets of New York, exhibited at MoMA and featured in magazines all over the world. The book will be wrapped in a poster jacket, created by Victore specifically for the book, and will have three edge black stain and hot pink ribbon bookmark, making it a must-have design object for students, graphic designers and anyone with an interest in the power of ink on paper. --Publisher description.

European Pack for Visiting Auschwitz-Birkenau Memorial and Museum Alicja Białocka,2010-01-01 Taking groups of

students To The Auschwitz-Birkenau Memorial and Museum is a heavy responsibility, but it is a major contribution to citizenship if it fosters understanding of what Auschwitz stands for, particularly when the last survivors are at the end of their lives. It comes with certain risks, however. This pack is designed for teachers wishing to organise student visits to authentic places of remembrance, and for the guides, academics and others who work every day with young people at Auschwitz. There is nothing magical about visiting an authentic place of remembrance, and it calls for a carefully thought-out approach. To avoid the risk of inappropriate reactions or the failure to benefit from a large investment in travel and accommodation, considerable preparation and discussion is necessary before the visit and serious reflection afterwards. Teachers must prepare students for a form of learning they may never have met before. This pack offers insights into the complexities of human behaviour so that students can have a better understanding of what it means to be a citizen. How are they concerned by what happened at Auschwitz? Is the unprecedented process of exclusion that was practised in the Holocaust still going on in Europe today? In what sense is it different from present-day racism and anti-Semitism? The young people who visit Auschwitz in the next few years will be the last witnesses, links in the chain of memory. Their generation will be the last to hear the survivors speaking on the spot. The Council of Europe, The Polish Ministry of Education And The Auschwitz-Birkenau Memorial and Museum are jointly sponsoring this project aimed at preventing crimes against humanity through Holocaust remembrance teaching.

Within the Frame David duChemin, 2009-05-01 Within the Frame is a book about finding and expressing your photographic vision, specifically where people, places, and cultures are concerned. A personal book full of real-world wisdom and incredible images, author David duChemin (of pixelatedimage.com) shows you both the how and the why of finding, chasing, and expressing your vision with a camera to your eye. Vision leads to passion, and passion is a cornerstone of great photography. With it, photographs draw the eye in and create an emotional experience. Without it, a photograph is often not worth—and can't capture—a viewer's attention. Both instructional and inspirational, Within the Frame helps you on your photographic journey to make better images of the places and people you love, whether they are around the world or in your own backyard. duChemin covers how to tell stories, and the technology and tools we have at our disposal in order to tell those narratives. Most importantly, he stresses the crucial theme of vision when it comes to photographing people, places, and cultures—and he helps you cultivate and find your own vision, and then fit it within the frame.

Dynamic Symmetry Tavis Leaf Glover,2019-02-25 Serious visual artists can now easily understand and apply the secret geometry that masters used to create remarkable art. Superior mathematical skills aren't required because there are hundreds of excellent step-by-step diagrams to explain everything with simplicity. Learn how the ancient and modern masters used dynamic symmetry to promote unity, movement, rhythm, and strength. These qualities, along with many others, allowed their art to have visual clarity, impact, and stand the test of time. This is an essential book for painters, photographers, sculptors, and cinematographers that hold composition and design with a high priority. For far too long, artists have been stuck with the basic tools of artistic composition, like the rule of thirds and leading lines. Unfortunately, we're incapable of reaching the master level if all we know are the basics. Powerful tools like dynamic symmetry and other composition techniques have been kept a secret from all of us. It's time to learn of them, push past any plateau that stands in our way, and finally unlock our true potential!

The Best Camera Is The One That's With You Chase Jarvis,2009-09-18 A beacon of creativity with boundless energy, Chase Jarvis is well known as a visionary photographer, director, and social artist. In *The Best Camera Is The One That's With You*, Chase reimagines, examines, and redefines the intersection of art and popular culture through images shot with his iPhone. The pictures in the book, all taken with Chase's iPhone, make up a visual notebook—a photographic journal—from the past year of his life. The book is full of visually-rich iPhone photos and peppered with inspiring anecdotes. Two megapixels at a time, these images have been gathered and bound into a book that represents a stake in the ground. With it, Chase underscores the idea that an image can come from any camera, even a mobile phone. As Chase writes, "Inherently, we all know that an image isn't measured by its resolution, dynamic range, or anything technical. It's measured by the simple—sometimes profound, other times absurd or humorous or whimsical—effect that it can have upon us. If you can see it, it can move you." This book is geared to inspire everyone, regardless of their level of photography knowledge, that you can capture moments and share them with our friends, families, loved ones, or the world at the press of a button. Readers of *The Best Camera Is The One That's With You* will also enjoy the iPhone application Chase Jarvis created in conjunction with this book, appropriately named *Best Camera*. *Best Camera* has a unique set of filters and effects that can be applied at the touch of a button. Stack them. Mix them. Remix them. *Best Camera* also allows you to share directly to a host of social marketing sites via www.thebestcamera.com, a new online community that allows you to contribute to a living, breathing gallery of the best iPhone photography from around the globe. Together, the book, app, and website, represent a first-of-its-kind ecosystem dedicated to encouraging creativity through picture taking with the camera that you already have. *The Best Camera Is The One That's With You*—shoot!
