Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Vanguard is a modern fantasy tale of trading card playing and making friends through gaming. In the game Vanguard, each player represents an astral spirit dueling on the fictional planet Cray. The cards in players' decks, called units, represent characters from Cray that players can summon. And due to its never-before-seen gaming style, Vanguard has become popular throughout the world. In the fifth volume of Cardfight!! Vanguard, Kai has fallen to Ren and his Psyqualia abilities. And now Aichi is next on Ren's list to take down. Kai's plan to protect Aichi from Ren has failed miserably. He put up a great battle and took Ren to the limit, but ultimately his foresight was not good enough, his strength not powerful enough to defeat the defense Ren had built up in his psychic aggression.

Turning the World Upside Down Anish Kapoor, Julia Peyton-Jones, Darian Leader, Hans-Ulrich Obrist, Marcus Du Sautoy, Stephanie Dieckvoss, 2011 The major outdoor sculptures by acclaimed London-based artist Anish Kapoor are currently on show in the beautiful settings of Kensington Gardens, sited to contrast and reflect the changing colours, foliage and weather. Despite their monumental scale, the works appear as pure reflection of their surroundings: the sky, trees, water, wildlife and changing seasons. The distortions in the works mirror-like surfaces call into question the viewers relationship to both the work itself and the surrounding environment. This catalogue of Kapoors installation is brilliantly illustrated with photographs of the works in situ. It is also the first monograph to feature a

comprehensive overview of every one of Kapoors stainless steel sculptures.
