*New York City Zoos and Aquarium* Joan Scheier,2006-02-22 Situated within the five boroughs of New York City are five zoos and one aquarium. New York City Zoos and Aquarium chronicles the establishment of the Central Park Zoo, the Bronx Zoo, the Prospect Park Zoo, the Queens Zoo, the Staten Island Zoo, and the New York Aquarium. Popular children's zoos are also featured. The city's first zoo opened in Central Park in the 1850s, while the newest zoo opened in Queens after the 1964 World's Fair. While each one of these facilities has many similarities, they all have their own unique attributes. All of the facilities are focused on education, conservation, and the care of the animals that now reside in natural habitats.

**Achtung-Panzer!** Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

experience life holistically and from a common viewpoint. Thus begins the battle for both personal and soul growth. As you learn to love, appreciate and acknowledge every facet of who you are, you begin to experience your absolute potential through your innate power and uniqueness, which brings fulfillment, happiness and inner contentment. Together, the ego and the soul dance symbiotically to the rhythm of life. Living Life Consciously assists you to expand your awareness and thus encounter the blessings that life has to offer. Instead of battling to swim upstream you learn how to consciously manoeuvre your way downstream, going with the flow of life, rather than against it. You will learn how to interact with others and the dynamics of your relationships that either help or hinder you in your development towards self-growth and self-acceptance. Living Life Consciously teaches you that your purpose in life is not only to share your unique talents and abilities with others, but more importantly how to use your strengths to develop and embrace those aspects of yourself that you reject, thereby creating a 'whole' individual.
