This collection is as wild and diverse as the films that it covers. Fascinating. This book is the world's first reader on cult film. It brings together key works in the field on the structure, form, status, and reception of cult cinema traditions. Including work from key established scholars in the field such as Umberto Eco, Janet Staiger, Jeffrey Sconce, Henry Jenkins, and Barry Keith Grant, as well as new perspectives on the gradually developing canon of cult cinema, the book not only presents an overview of ways in which cult cinema can be approached, it also re-assesses the methods used to study the cult text and its audiences. With editors' introductions to the volume and to each section, the book is divided into four clear thematic areas of study - The Conceptions of Cult; Cult Case Studies; National and International Cults; and Cult Consumption - to provide an accessible overview of the topic. It also contains an extensive bibliography for further related readings. Written in a lively and accessible style, The Cult Film Reader dissects some of biggest trends, icons, auteurs and periods of global cult film production.
