*The Fires of October: The Planned US Invasion of Cuba During the Missile Crisis of 1962* Blaine Pardoe,2014-03-26 It was the closest we ever came to unleashing the Third World War.... The image of that world was so horrible to contemplate that both sides stepped away from that precipice and opted for peace. Fires of October is the exhilarating military history of the Cuban Missile Crisis exploring in detail the strategic plans implemented by American Armed Forces as they headed towards a catastrophic nuclear collision with Cuba and the USSR. Using recently declassified material, Blaine Pardoe systematically recounts the origins of the crisis, from the Berlin Crisis of 1961 and Cuba's military metamorphosis, to the internal disorganization of the US military, which exacerbated tensions between the USA, Cuba, and the USSR. Pardoe reveals that the invasion plans were based on old intelligence, outdated maps, and misconceptions about the size, strength, and composition of the Soviet forces in Cuba; for the first time, and with harrowing results, he scrutinizes the potential fallout had the invasion gone ahead. Gripping and unnerving, Fires of October shows us just how close the world came to nuclear war.

The branch of agriculture which deals with the raising, selective breeding and maintenance of livestock is termed as animal husbandry. It is necessary to maintain animal health to maximize the production of livestock and the products derived from them. Livestock management also includes the control, treatment and prevention of diseases which can be caught by livestock such as foot and mouth disease, classical swine fever and scrapie. The farming practices in livestock management are broadly classified as intensive or extensive. Intensive livestock farming involves housing animals in high density conditions, focusing on maximizing output while minimizing costs. Animals are left to roam at will or under the supervision of a herdsman under extensive livestock farming. This book explores all the important aspects of livestock production and management. It elucidates new techniques and their applications in a multidisciplinary approach. This book will serve as a valuable source of reference for those interested in this field.

**Death Waits in the Dark** Mark Edward Langley,2020-08-04 It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

Turns out, life is full of surprises. Time to deal. Haley has ditched New York for a crazy little dot on the map known as Point Hope, Alabama. It's a town gone extra crazy for the holidays, and Haley is sticking out like a sore thumb with her very much Grinch-self. She can't afford to let Spencer learn all of her secrets, a tough job since she is living with the man. No sex, though. It's purely a business relationship. The most beautiful, fascinating woman he's ever seen has just dropped into his life like a gift from, well, the big guy in red. Only the problem is that Haley seems to think Spencer is some by-the-book, nice guy. Probably because of the badge. And if she wants him to be the hero, that's a role that he's happy to play for her. But the truth is, Spencer has plenty of darkness inside, too. An ex Navy SEAL, he knows how to get sh-um, stuff done. He also knows how to be very, very naughty. When danger threatens his Haley, all bets are off. No one is going to hurt her. No one is going to threaten her. Not in his town. Not on his watch.
