The Ash Warriors C. R. Anderegg,2000 In November 1991 the American flag was lowered for the last time at Clark Air Base in the Philippines. This act brought to an end American military presence in the Philippines that extended back over 90 years. It also represented the final act in a drama that began with the initial rumblings in April of that year of the Mount Pinatubo volcano, located about nine miles to the east of Clark. This book tells the remarkable story of the men and women of the Clark community and their ordeal in planning for and carrying out their evacuation from Clark in face of the impending volcanic activity. It documents the actions of those who remained on the base during the series of Mount Pinatubo's eruptions, and the packing out of the base during the subsequent months. This is the story of the Ash Warriors, those Air Force men and women who carried out their mission in the face of an incredible series of natural disasters, including volcanic eruption, flood, typhoons, and earthquakes, all of which plagued Clark and the surrounding areas during June and July 1991.

High As the Waters Rise Anja Kampmann,2021-09-28 This gorgeously written National Book Award finalist is a dazzling, heart-rending story of an oil rig worker whose closest friend goes missing, plunging him into isolation and forcing him to confront his past (NPR, One of the Best Books of the Year). One night aboard an oil drilling platform in the Atlantic, Waclaw returns to his cabin to find that his bunkmate and companion, Mátyás, has gone missing. A search of the rig confirms his fear that Mátyás has fallen into the sea. Grief-stricken, he embarks on an epic emotional and physical journey that takes him to Morocco, to Budapest and Mátyás's hometown in Hungary, to Malta, Italy, and finally to the mining town of his childhood in Germany. Waclaw's encounters along the way with other lost and yearning souls—Mátyás's angry, grieving half-sister; lonely rig workers on shore leave; a truck driver who watches the world change from his driver's seat—bring us closer to his origins while also revealing the problems of a globalized economy dependent on waning natural resources. *High as the Waters Rise* is a stirring exploration of male intimacy, the nature of memory and grief, and the cost of freedom—the story of a man who stands at the margins of a society from which he has profited little, though its functioning depends on his labor.

Consilience E. O. Wilson,2014-11-26 A dazzling journey across the sciences and humanities in search of deep laws to unite them. --The Wall Street Journal One of our greatest living scientists--and the winner of two Pulitzer Prizes for *On Human Nature* and *The Ants*--gives us a work of visionary importance that may be the crowning achievement of his career. In *Consilience* (a word that originally meant jumping together), Edward O. Wilson renews the Enlightenment's search for a unified theory of knowledge in disciplines that range from physics to biology, the social sciences and the humanities. Using the natural sciences as his model, Wilson forges dramatic links between fields. He explores the chemistry of the mind and the genetic bases of culture. He postulates the biological principles underlying works of art from cave-drawings to *Lolita*. Presenting the latest findings in prose of wonderful clarity and oratorical eloquence, and synthesizing it into a dazzling whole, *Consilience* is science in the path-clearing traditions of Newton, Einstein, and Richard Feynman.

Soldier Extraordinaire Alfred E. Cornebise,2019 *Soldier Extraordinaire* explores the colorful life and varied accomplishments of Brig. Gen. Frank Pinkie Dorn, an unusual player on the world stage during the 1920s and beyond World War II. Over the course of his 30-year Army career, Dorn manifested probing observations and analyses especially of Asia. He produced writings on subjects ranging from Philippine native tribes to Peking's Forbidden City and the origins of the Sino-Japanese War that began in 1937. Following the end of World War II, he was closely involved in Gen. Douglas MacArthur's brilliant occupation and pacification of Japan. Beyond his military successes, Dorn created world-class art, enjoyed cooking and writing cookbooks, was renowned for his cartography skills, and relished opportunities to comment on the frequent maelstroms and interplay of relevant personalities on social and military scenes.--Provided by publisher.

Developing Groundwater Alan M. MacDonald,2005 A user-friendly guide to developing groundwater for rural water supplies in developing countries. It provides information on simple, effective techniques for siting wells and boreholes, assessing resource sustainability, constructing and testing the yield of boreholes and wells, and monitoring groundwater quality.

The Conjugal Dictatorship of Ferdinand and Imelda Marcos Primitivo Mijares,2016-01-17 Author's Foreword This book is unfinished. The Filipino people shall finish it for me. I wrote this volume very, very slowly. I could have done with it in three months after my defection from the conjugal dictatorship of Ferdinand and Imelda Marcos on February 20,1975. Instead, I found myself availing of every excuse to slow it down. A close associate, Marcelino P. Sarmiento, even warned me, *Baka mapanis 'yan*. (Your book could become stale.)While I availed of almost any excuse not to finish the manuscript of this volume, I felt the tangible voices of a muted people back home in the Philippines beckoning to me from across the vast Pacific Ocean. In whichever way I turned, I was confronted by the distraught images of the Filipino multitudes crying out to me to finish this work, lest the frailty of human memory -- or any incident *ala Nalundasan* - consign to oblivion the matters I had in mind to form the vital parts of this book. It was as if the Filipino multitudes and history itself were surging in an endless wave presenting a compelling demand on me to San Francisco, California perpetuate the personal knowledge I have gained on the infamous machinations of Ferdinand E. Marcos and his overly ambitious wife, Imelda, that led to a day of infamy in my country, that Black Friday on September 22, 1972, when martial law was declared as a means to establish history's first conjugal

dictatorship. The sense of urgency in finishing this work was also goaded by the thought that Marcos does not have eternal life and that the Filipino people are of unimaginable forgiving posture. I thought that, if I did not perpetuate this work for posterity, Marcos might unduly benefit from a Laurelian statement that, when a man dies, the virtues of his past are magnified and his faults are reduced to molehills. This is a book for which so much has been offered and done by Marcos and his minions so that it would never see the light of print. Now that it is off the press. I entertain greater fear that so much more will be done to prevent its circulation, not only in the Philippines but also in the United States. But this work now belongs to history. Let it speak for itself in the context of developments within the coming months or years. Although it finds great relevance in the present life of the present life of the Filipinos and of Americans interested in the study of subversion of democratic governments by apparently legal means, this work seeks to find its proper niche in history which must inevitably render its judgment on the seizure of government power from the people by a lame duck Philippine President. If I had finished this work immediately after my defection from the totalitarian regime of Ferdinand and Imelda, or after the vicious campaign of the dictatorship to vilify me in July-August. 1975, then I could have done so only in anger. Anger did influence my production of certain portions of the manu-script. However, as I put the finishing touches to my work, I found myself expurgating it of the personal venom, the virulence and intemperate language of my original draft. Some of the materials that went into this work had been of public knowledge in the Philippines. If I had used them, it was with the intention of utilizing them as links to heretofore unrevealed facets of the various ruses that Marcos employed to establish his dictatorship. Now, I have kept faith with the Filipino people. I have kept my rendezvous with history. I have, with this work, discharged my obligation to myself, my profession of journalism, my family and my country. I had one other compelling reason for coming out with this work at the great risks of being uprooted from my beloved country, of forced separation from my wife and children and losing their affection, and of losing everything I have in my name in the Philippines - or losing life itself. It is that I wanted to make a public expiation for the little influence that I had(more inside)

The Competitive Advantage Michael E Krivdo,Robert M Toguchi,2019-05-23 Volume 8 of the Army University Large Scale Combat Operations series. The Competitive Advantage: Special Operations Forces in Large Scale Combat Operations presents twelve historical case studies of special operations forces from World War I through Operation Iraqi Freedom. This volume sheds light upon the emerging roles, missions, and unique capabilities that have forged a path for Army Special Operations Forces today. These case studies set Large Scale Combat Operations in the center and place ARSOF's role in the forefront. If a reader were to take one piece from this volume, it would be the clear understanding of the close synergy that occurs between the Conventional Force and SOF in Large Scale Combat Operations for major wars in the 20th and early 21st century. That synergy should provide a broad azimuth for military planners and practitioners to follow as the Army, SOF, and the Joint Force combine to preserve the peace, defend the Nation, and defeat any adversary.

Biennial Reports of the Chief of Staff of the United States Army to the Secretary of War United States. War Department. General Staff,George Catlett Marshall,Center of Military History,1941 Brings together three installments of General George C. Marshall's wartime reports. Provides a comprehensive picture of global war as seen from the perspective of the Chief of Staff George C. Marshall. Includes Marshall's comments on such topics as: technology; the 90-division gamble; the replacement system; troop morale and the citizen-soldier; and demobilization.

Painted Wood Valerie Dorge,F. Carey Howlett,1998-08-27 The function of the painted wooden object ranges from the practical to the profound. These objects may perform utilitarian tasks, convey artistic whimsy, connote noble aspirations, and embody the highest spiritual expressions. This volume, illustrated in color throughout, presents the proceedings of a conference organized by the Wooden Artifacts Group of the American Institute for Conservation of Historic and Artistic Works (AIC) and held in November 1994 at the Colonial Williamsburg Foundation in Williamsburg, Virginia. The book includes 40 articles that explore the history and conservation of a wide range of painted wooden objects, from polychrome sculpture and altarpieces to carousel horses, tobacconist figures, Native American totems, Victorian garden furniture, French cabinets, architectural elements, and horse-drawn carriages. Contributors include Ian C. Bristow, an architect and historic-building consultant in London; Myriam Serck-Dewaide, head of the Sculpture Workshop, Institut Royal du Patrimoine Artistique, Brussels; and Frances Gruber Safford, associate curator of American decorative arts at the Metropolitan Museum of Art in New York. A broad range of professionals—including art historians, curators, scientists, and conservators—will be interested in this volume and in the multidisciplinary nature of its articles.
