Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Join Mattel and Dark Horse in this comprehensive retrospective chronicling He-Man's decades-long epic journey from toy, to television, to film, to a true pop culture phenomenon!

KAWS ,2019 KAWS is one of the most prominent and prolific artists of his generation. Working across art, fashion and design, he creates colour-filled paintings, murals, large-scale sculptures, street and public art, products, and streetwear. His work is infused with humour and humanity and is deeply tied to our times. KAWS draws his cast of characters from pop-culture animations to form a distinctive artistic vocabulary. Featuring a new text by Margaret Atwood (*The Handmaid's Tale*), a biographical essay by NGV Senior Curator of Contemporary Art, Dr Simon Maidment, and more than 200 images, including documentation of the career-survey exhibition *KAWS: Companionship in the Age of Loneliness* at the National Gallery of Victoria, this publication is a comprehensive overview of the artist's work to date. -- Publisher website.
