Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

And though most inhabitants of the Windy City don’t believe in magic, the Special Investigations Department of the Chicago PD knows better. Karrin Murphy is the head of S. I. and Harry’s good friend. So when a killer vampire threatens to destroy Murphy’s reputation unless Harry does her bidding, he has no choice. The vampire wants the Word of Kemmler (whatever that is) and all the power that comes with it. Now, Harry is in a race against time—and six merciless necromancers—to find the Word before Chicago experiences a Halloween night to wake the dead...

Happiness 6 Shuzo Oshimi,2017-12-19 A supernatural story of sexual awakening, growing up, and suburban vampirism, Happiness follows a dorky boy who is attacked by a girl in an alley. She sucks his blood and gives him a choice: life or death. He chooses life, but finds himself nearly overwhelmed by a new thirst and a fascination with the necks of his classmates... Praise for Flowers of Evil: A shockingly readable story that vividly--one might even say queasily--evokes the fear and confusion of discovering one's own sexuality. Recommended. -The Manga Critic A page-turning tale of sordid middle school blackmail. -Otaku USA Magazine By loving this manga I recognize what a sick and twisted individual I have become. While I can still say that I am not truly deviant, Flowers of Evil is a great reminder of my own thirst for power and my own personal corruption. -Otaku Champloo

Myth and Tales Mariangela Bombardieri,2019-03-04 It is an original collection of stories and paintings on ancient and modern myths. The splendor of the images merges with an engaging and interesting narration, which is aimed at capturing the essence of things. It treats universal themes of human existence in a creative and exciting way. Dear friends, here is my last effort: Myth and tales. I made an e-book that collects paintings and stories about ancient and modern myths. I like the idea of not being alone, while with Hypatia I turn my gaze to the heavenly vault and question the stars. I am again with you and the crazy Don Quixote, while we pursue our dreams for the rest of our lives. And again, I am under the scorching sun of Mexico City, in the garden of the Casa Azul, talking with Frida Kahlo about the inevitable alternation of love. Myths are part of the life

of each of us. Who has not been the protagonist of their human odyssey? Whole areas in our brain are dedicated to Myths, Fairy Tales and Archetypal Images, which belong to a different dimension from the matter-of-fact real. Immersing ourselves in the Myths means sinking into a perennial energy and finally finding ourselves again; it means grasping the mystery of our life. Only he who finds his original essence will live (Zhuang-zi). My reflection and my pictorial production on the Myths is contained in the e-book Myth and tales. There are two versions: one in Italian and one in English. Have a nice vision and reading!
