Achtung-Panzer! Heinz Guderian,1995 This is one of the

most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

If Anything Happens I Love You Will McCormack, Michael Govier, 2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Mogworld Yahtzee Croshaw, 2018-05-29 In a world full to bursting with would-be heroes, Jim couldn't be less interested in saving the day. His fireballs fizzle. He's awfully grumpy. Plus, he's been dead for about sixty years. When a renegade necromancer wrenches him from eternal slumber and into a world gone terribly, bizarrely wrong, all Jim wants is to find a way to die properly, once and for all. On his side, he's got a few shambling corpses, an inept thief, and a powerful death wish. But he's up against tough odds: angry mobs of adventurers, a body falling apart at the seams — and a team of programmers racing a deadline to hammer out the last few bugs in their AI. **Mogworld* is the debut novel from video-game icon Yahtzee Croshaw (Zero Punctuation)! With an exclusive one-chapter preview of Yahtzee Croshaw's next novel, *Jam*—coming to bookstores in October 2012! *Ben Yahtzee Croshaw's video review site, Zero

Punctuation, receives over 2,500,000 unique hits a month, and has been licensed by G4 Television. *Yahtzee's blog receives about 150,000 hits per day. The first legitimate breakout hit from the gaming community in recent memory. -Boing Boing

Welsh Monsters and Mythical Beasts C. C. J. Ellis, 2021-10-05
Upon the dramatic landscape of the Isle of Wales there have been born many creatures and beings of legend. This lushly illustrated guide delves into the dragons, beasts, fair folk, and spirits of Wales. Tales become blended and one with history, and this history meets illustration with C.C.J. Ellis' rich renderings of these creatures. Detail and colour lift these beings off the page and bring this compendium to life. Now available worldwide, this new edition includes a Welsh language guide so that each of the creatures might be known by their original Welsh names. You may have heard of the Red Dragon (Ddraig Goch) featured on the national flag of Wales, but have you heard of the Water Leaper (Llamhigyn Y Dŵr) or of the Mary White (Mari Lwyd)? C.C.J. aims to re-introduce the beasts of Welsh myth and legend to the world and bring a touch of Wales to your shelves. Part of the Wool of Bat series focused on the preservation and promotion of folklore and oral history from around the world.

Mordin on Time Nick Mordin, 2003-02 In *Mordin On Time*, Nick Mordin sets out his method for answering the most fundamental question facing punters in any race, namely: which is the fastest horse? He was timing the sections of races with a stop watch, estimating wind strength and direction, adjusting for movements of running rails, using projected times and calculating average times years before the best-selling American books on

speed rating were published. This new edition incorporates much new material, including standard times for all Irish racecourses (plus the major French ones). *Mordin On Time* enables the reader to construct their own speed ratings wherever they live.

Understanding the Jewish Roots of Christianity Gerald McDermott, 2021-03-17
How Jewish is Christianity? The question of how Jesus' followers relate to Judaism has been a matter of debate since Jesus first sparred with the Pharisees. The controversy has not abated, taking many forms over the centuries. In the decades following the Holocaust, scholars and theologians reconsidered the Jewish origins and character of Christianity, finding points of continuity. *Understanding the Jewish Roots of Christianity* advances this discussion by freshly reassessing the issues. Did Jesus intend to form a new religion? Did Paul abrogate the Jewish law? Does the New Testament condemn Judaism? How and when did Christianity split from Judaism? How should Jewish believers in Jesus relate to a largely gentile church? What meaning do the Jewish origins of Christianity have for theology and practice today? In this volume, a variety of leading scholars and theologians explore the relationship of Judaism and Christianity through biblical, historical, theological, and ecclesiological angles. This cutting-edge scholarship will enrich readers' understanding of this centuries-old debate.

Gatherings Jan Scott, Julie Van Rosendaal, 2014-11 The old adage, 'It's not what's on the table, it's who's at the table, ' means more to home cooks as the stuffy, fussy, pretentious dinner party of the past disappears, making way for a new entertaining ideal. People naturally gather together over food; it's a huge part of any celebration, and a means of coming together for more casual daily social interactions. Dinner parties are making a comeback - with more focus on gathering over easy, casual food, there's less pressure for fancy recipes, immaculate table settings and perfect presentation. Home cooks crave comfortable ways to socialize with friends and family, whether it be a special occasion or a means of reconnecting on a regular weeknight. Gatherings puts the focus on real situations that bring people together, whether the occasion is a birthday or holiday, or just an excuse to reconnect and strengthen relationships. The book will be broken down into casual scenarios, with recipes, drinks or cocktails, and easy serving, decor and presentation suggestions for each. It will appeal to those less inclined to spend money eating out, who are

still interested in socializing or hosting more casual home parties. It will benefit those who can't cook, have a small space, don't know how to mix drinks or easily decorate, or are intimidated by all that organizing a party entails, from estimating quantities to storing and serving. Gatherings makes social occasions easy and approachable, and strengthens relationships while building confidence in the kitchen.
