Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper

use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

If Anything Happens I Love You Will

McCormack, Michael Govier, 2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from "above" as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose's soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a

wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Expressive Anatomy for Comics and Narrative: Principles and Practices from the Legendary Cartoonist Will Eisner, 2008-08-17 The final volume of Will Eisner's celebrated instructional trilogy explores the critical principle of body grammar in comics storytelling. Designed and outlined by Will Eisner before his death in 2005, this posthumous masterwork, the third and final book in the Will Eisner Instructional Series, finally reveals the secrets of Eisner's own techniques and theories of movement, body mechanics, facial expressions, and posture: the key components of graphic storytelling. From his earliest comics, including the celebrated *Spirit*, to his pioneering graphic novels, Eisner understood that the proper use of anatomy is crucial to effective storytelling. His control over the mechanical and intuitive skills necessary for its application set him apart among comics artists, and his principles of body grammar have proven invaluable to legions of students in overcoming what is perhaps the most challenging aspect of creating comics. Buttressed by dozens of illustrations, which display Eisner's mastery of expression, both subtle and overt, *Expressive Anatomy for Comics and Narrative* will benefit comics fans, students, and teachers and is destined to become the essential primer on the craft.

On his side, he's got a few shambling corpses, an inept thief, and a powerful death wish. But he's up against tough odds: angry mobs of adventurers, a body falling apart at the seams — and a team of programmers racing a deadline to hammer out the last few bugs in their AI. *Mogworld is the debut novel from video-game icon Yahtzee Croshaw (Zero Punctuation)! With an exclusive one-chapter preview of Yahtzee Croshaw's next novel, Jam—coming to bookstores in October 2012! *Ben Yahtzee Croshaw's video review site, Zero Punctuation, receives over 2,500,000 unique hits a month, and has been licensed by G4 Television. *Yahtzee's blog receives about 150,000 hits per day.
