**The Soft Cage** Christian Parenti,2007-10-15 On a typical day, you might make a call on a cell phone, withdraw money at an ATM, visit the mall, and make a purchase with a credit card. Each of these routine transactions leaves a digital trail for government agencies and businesses to access. As cutting-edge historian and journalist Christian Parenti points out, these everyday intrusions on privacy, while harmless in themselves, are part of a relentless (and clandestine) expansion of routine surveillance in American life over the last two centuries—from controlling slaves in the old South to implementing early criminal justice and tracking immigrants. Parenti explores the role computers are playing in creating a whole new world of seemingly benign technologies—such as credit cards, website cookies, and electronic toll collection—that have expanded this trend in the twenty-first century. *The Soft Cage* offers a compelling, vitally important history lesson for every American concerned about the expansion of surveillance into our public and private lives.

**You Can't Touch My Hair** Phoebe Robinson,2016-10-04 A NEW YORK TIMES BEST SELLER • “A must-read...Phoebe Robinson discusses race and feminism in such a funny, real, and specific way, it penetrates your brain and stays with you.”—Ilana Glazer, co-creator and co-star of *Broad City* A hilarious and timely essay collection about race, gender, and pop culture from comedy superstar and 2 Dope Queens podcaster Phoebe Robinson Being a black woman in America means contending with old prejudices and fresh absurdities every day. Comedian Phoebe Robinson has experienced her fair share over the years: she's been unceremoniously relegated to the role of “the black friend,” as if she is somehow the authority on all things racial; she's been questioned about her love of U2 and Billy Joel (“isn't that...white people music?”); she's been called “uppity” for having an opinion in the workplace; she's been followed around stores by security guards; and yes, people do ask her whether they can touch her hair all the time. Now, she's ready to take these topics to the page—and she's going to make you laugh as she's doing it. Using her trademark wit alongside pop-culture references galore, Robinson explores everything from why Lisa Bonet is “Queen. Bae. Jesus,” to breaking down the terrible nature of casting calls, to giving her less-than-traditional advice to the future female president, and demanding that the NFL clean up its act, all told in the same conversational voice that launched her podcast, *2 Dope Queens*, to the top spot on iTunes. As personal as it is political, *You Can't Touch My Hair* examines our cultural climate and skewers our biases with humor and heart, announcing Robinson as a writer on the rise. One of *Glamour's* “Top 10 Books of 2016”

**Watercolor Painting** Tom Hoffmann,2012-12-11 The beauty of a watercolor painting lies in its diaphanous layers, delicate strokes, and luminous washes. However, the very features that define the beauty of the medium can make it difficult to master. This complete guide to understanding the relationships between color, value, wetness, and composition unravels the mysteries of watercolor to help your practice evolve. Experienced teacher and acclaimed artist Tom Hoffmann offers a unique, inquiry-based approach that shows you how to translate any subject into the language of watercolor. With Hoffmann as your guide, you'll learn the key questions to ask yourself at every turn and time-tested methods to help you reach solutions. Hoffmann's thorough explanations and step-by-step demonstrations delineate the process of composing a painting in watercolor, while art from more than thirty-five past and present masters, including John Singer Sargent, Ogden Pleissner, George Post, Emil Kosa, Jr., Mary Whyte, Trevor Chamberlain, Lars Lerin, Torgeir Schjølberg, Piet Lap, Leslie Frontz, and Alvaro Castagnet serve to illustrate and inspire. Whether you're a serious beginner or a seasoned practitioner, this book will guide you toward the all-important balance between restraint and risk-taking that every watercolorist seeks.

The Library Screen Scene Renee Hobbs,Liz Deslauriers,Pam Steager,2019 In the past two decades, several U.S. states have explored ways to mainstream media literacy in school curriculum. However one of the best and most accessible places to learn this necessary skill has not been the traditional classroom but rather the library. In an increasing number of school, public, and academic libraries, shared media experiences such as film screening, learning to computer animate, and video editing promote community and a sense of civic engagement. *The Library Screen Scene* reveals five core practices used by librarians who work with film and media: viewing, creating, learning, collecting, and connecting. With examples from more than 170 libraries throughout the United States, the book shows how film and media literacy education programs, library services, and media collections teach patrons to critically analyze moving image media, uniting generations, cultures, and communities in the process.

**Architecture and Modern Literature** David Anton Spurr,2017-05-09 Architecture and Modern Literature explores the representation and interpretation of architectural space in modern literature from the early nineteenth century to the present, with the aim of showing how literary production and architectural construction are related as cultural forms in the historical context of modernity. In addressing this subject, it also examines the larger questions of the relation between literature and architecture and the extent to which these two arts define one another in the social and philosophical contexts of modernity. Architecture and Modern Literature will serve as a foundational introduction to the emerging interdisciplinary study of architecture and literature. David Spurr addresses a broad range of material, including literary, critical, and philosophical works in English, French, and German, and proposes a new historical and theoretical overview of this area, in which modern forms of meaning in architecture and literature are related to the discourses of being, dwelling, and homelessness.

**Ctesias' 'History of Persia'** Lloyd Llewellyn-Jones,James Robson,2009-12-04 Towards the end of the fifth century BC Ctesias of Cnidus wrote his 23 book History of Persia. Ctesias is a remarkable figure: he lived and worked in the Persian court and, as a doctor, tended to the world's most powerful kings and queens. His position gave him special insight into the workings of Persian court life and access to the gossip and scandal surrounding Persian history and court politics, past and present. His History of Persia was completed at a time when the Greeks were fascinated by Persia and seems very much to cater to contemporary interest in Persian wealth and opulence, powerful Persian women, the institution of the harem, kings and queens, eunuchs and secret plots. Presented here in English translation for the first time with commentaries, Ctesias offers a fascinating insight into Persia in the fifth century BC.

**The Ballad of the Lone Medievalist** Kisha G. Tracy,John P. Sexton,2018 Working medievalists are often the only scholar of the Middle Ages in a department, a university, or a hundred-mile radius. While working to build a body of focused scholarly work, the lone medievalist is expected to be a generalist in the classroom and a contributing member of a campus community that rarely offers disciplinary community in return. As a result, overtasked and single medievalists often find it challenging to advocate for their work and field. As other responsibilities and expectations crowd in, we come to feel disconnected from the projects and subjects that sustain our intellectual passion. An insidious isolation even from one another creeps in, and soon, even attending a conference of fellow medievalists can become a lonely experience. Surrounded by scholars with greater institutional support, lower teaching loads, or more robust research agendas, we may feel alienated from our work - the work to which we've dedicated our careers. The Lone Medievalist (the collaborative community and the book) is intended as an antidote to the problem of professional isolation. It is offered in the spirit of common weal that marks the ideals (if not always the realities) of so many of the communities we study - agricultural, professional, national, notional, and of course, monastic. The Ballad of the Lone Medievalist isn't only about scholarship, or teaching, or institutional life, or the pursuit of new learning - it's about all of them. The essays in this volume address all aspects of the professional and intellectual life of medievalists. Though many of us acknowledge and address the challenges in being Lone Medievalists, these essays are not intended as voces clamantium; they are offered to provide strategies, camaraderie, and an occasional bit of inspiration. They are a call to action, a sharing of hard-won wisdom, and a helping hand - and, above all, a reminder that we are not alone.

**Voice and Agency** Jeni Klugman,Lucia Hanmer,Sarah Twigg,Tazeen Hasan,Jennifer McCleary-Sills,Julieth Santamaria,2014-09-29 Despite recent advances in important aspects of the lives of girls and women, pervasive challenges remain. These challenges reflect widespread deprivations and constraints and include epidemic levels of gender-based violence and discriminatory laws and norms that prevent women from owning property, being educated, and making meaningful decisions about their own lives--such as whether and when to marry or have children. These often violate their most basic rights and are magnified and multiplied by poverty and lack of education. This groundbreaking book distills vast data and hundreds of studies to shed new light on deprivations and constraints facing the voice and agency of women and girls worldwide, and on the associated costs for individuals, families, communities, and global development. The volume presents major new findings about the patterns of constraints and overlapping deprivations and focuses on several areas key to women's empowerment: freedom from violence, sexual and reproductive health and rights, ownership of land and housing, and voice and collective action. It highlights promising reforms and interventions from around the world and lays out an urgent agenda for governments, civil society, development agencies, and other stakeholders, including a call for greater investment in data and knowledge to benchmark progress.

**White Noise** Don DeLillo,1999-06-01 A brilliant satire of mass culture and the numbing effects of technology, White Noise tells the story of Jack Gladney, a teacher of Hitler studies at a liberal arts college in Middle America. Jack and his fourth wife, Babette, bound by their love, fear of death, and four ultramodern offspring, navigate the rocky passages of family life to the background babble of brand-name consumerism. Then a lethal black chemical cloud, unleashed by an industrial accident, floats over their lives, an airborne toxic event that is a more urgent and visible version of the white noise engulfing the Gladneys--the radio transmissions, sirens, microwaves, and TV murmurings that constitute the music of American magic and dread.
