Principles of Management David S.

Bright, Anastasia H. Cortes, Eva Hartmann, 2023-05-16 Black & white print. *Principles of Management* is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management

is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well as behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters.

A Doll's House Henrik Ibsen, 2023-08-31 A Doll's House by Henrik Ibsen is a three-act play written by Norwegian playwright Henrik Ibsen. It premiered at the Royal Theatre in Copenhagen, Denmark, on 21 December 1879, having been published earlier that month. The play is set in a Norwegian town circa 1879. The play concerns the fate of a married woman, who at the time in Norway lacked reasonable opportunities for self-fulfillment in a male-dominated world, despite the fact that Ibsen denied it was his intent to write a feminist play. It was a great sensation at the time, and caused a storm of outraged controversy that went beyond the theatre to the world of newspapers and society. Synopsis: The play opens at Christmas time as Nora Helmer enters her home carrying many packages. Nora's husband Torvald is working in his study when she arrives. He playfully rebukes her for spending so much money on Christmas gifts, calling her his little squirrel. He teases her about how the previous year she had spent weeks making gifts

and ornaments by hand because money was scarce. This year Torvald is due a promotion at the bank where he works, so Nora feels that they can let themselves go a little. The maid announces two visitors: Mrs. Kristine Linde, an old friend of Nora's, who has come seeking employment; and Dr. Rank, a close friend of the family, who is let into the study. Kristine has had a difficult few years, ever since her husband died leaving her with no money or children. Nora says that things have not been easy for them either: Torvald became sick, and they had to travel to Italy so he could recover. Kristine explains that when her mother was ill she had to take care of her brothers, but now that they are grown she feels her life is unspeakably empty. Nora promises to talk to Torvald about finding her a job. Kristine gently tells Nora that she is like a child. Nora is offended, so she tells her that she got money from some admirer so they could travel to Italy to improve Torvald's health. She told Torvald that her father gave her the money, but in fact she illegally borrowed it without his knowledge (women were forbidden from conducting financial activities such as signing checks without a man's endorsement). Since then, she has been secretly working and saving up to pay off the loan. Krogstad, a lower-level employee at Torvald's bank, arrives and goes into the study. Nora is clearly uneasy when she sees him. Dr. Rank leaves the study and mentions that he feels wretched, though like everyone he wants to go on living. In contrast to his physical illness, he says that the man in the study, Krogstad, is morally diseased.

But I Love Him Jim Martyka, 2019-01-15 As her weak and battered body lay paralyzed on the mattress in her master bedroom, Michelle's boyfriend's blood dripped from the lacerations on his hands onto her bruised and mangled face. Using what little energy she had left, she broke free from his grasp and fell to her knees, begging God to forgive Paul for what he was doing and to make him stop. Paul simply laughed and replied, God isn't going to help you now. In that instant, Michelle saw her life flash before her eyes and wondered how she got there...again. **But I Love Him** is a painful yet inspirational true story of a strong, independent woman caught in the horrifying cycle of domestic violence and how she got out. In this book, Michelle shares the details of her struggle with genuine honesty, taking the reader on a twisted journey of love, pain and unyielding brutality that eventually leads...to peace. Mixing statistics, research and resource with her own account, she shows just how far someone in her situation can sink, why it happens and how they can always pick themselves back up. Those who hear Michelle's story will walk away with a newfound understanding about the horrors of domestic violence, how to escape and how to build a new, healthier life. Michelle Jewsbury is an international philanthropic, speaker and author that has traveled the world as an advocate for the less fortunate. May 2014, she took her first humanitarian trip to Guatemala where she helped an orphanage on the Rio Dulce. Her next mission trip took her to Kenya, Africa with Kizimani, a non profit that focuses on bringing hope and

sustainable change to impoverished communities. In 2015, she embarked in a career as Vice President for Young Vision Africa, a non-profit organization that encourages young leaders in Sierra Leone to make lasting changes in their country. Also in 2015, Michelle joined a team of people in Hyderabad, India where she worked with Back2Back at one of their orphanages. Michelle left her position with Young Vision Africa in August 2016 to focus her efforts on ending domestic violence. In July 2017, Michelle founded Unsilenced Voices, a 501(c)3 nonprofit organization focused on inspiring change in communities around the globe by encouraging victims to break free and survivors to speak up about domestic violence and sexual assault. The mission of Unsilenced Voices is to provide shelter and relief to survivors of domestic abuse and sexual gender-based violence worldwide. Unsilenced Voices has been operating in Ghana and Sierra Leone where they are working to implement shelters, sensitization programs, legal assistance, vocational training, medical and counseling to survivors. The organization is currently developing essential partners in the United States to serve the greater Los Angeles area. In the entertainment industry, Michelle has worked in casting, as an agent, producer, and actress in television, film and on the stage. Michelle wrote, produced and performed a critically acclaimed play about her experience with the same title as her book. The play debuted at the largest Solo Festival on the West Coast, The White Fire SoloFest, with a nearly sold out performance in February 2016. The show, also

staged in the 2016 Hollywood Fringe Festival, received multiple reviews and commendations. Michelle has had numerous appearances on talk shows, speaking engagements and workshops and has led multiple seminars on the harsh reality of violence against women and overcoming obstacles.

A People's History of Riots, Protest and the Law

Matt Clement, 2016-06-21 This book examines how movements from below pose challenges to the status quo. The 2010s have seen an explosion of protest movements, sometimes characterised as riots by governments and the media. But these are not new phenomena, rather reflecting thousands of years of conflict between different social classes.

Beginning with struggles for democracy and control of the state in Athens and ancient Rome, this book traces the common threads of resistance through the Middle Ages in Europe and into the modern age. As classes change so does the composition of the protestors and the goals of their movements; the one common factor being how groups can mobilise to resist unbearable oppression, thereby developing a crowd consciousness that widens their political horizons and demonstrates the possibility of overthrowing the existing order. To appreciate the roots and motivations of these so-called deviants the author argues that we need to listen to the sound of the crowd. This book will be of interest to researchers of social movements, protests and riots across sociology, history and international relations.

criticism. The chapters provide an extended explanation of each theory, using examples from everyday life, popular culture, and literary texts; a list of specific questions critics who use that theory ask about literary texts; an interpretation of F. Scott Fitzgerald's *The Great Gatsby* through the lens of each theory; a list of questions for further practice to guide readers in applying each theory to different literary works; and a bibliography of primary and secondary works for further reading.

Urban food prices under lockdown: Evidence from Myanmar's traditional food retail sector during COVID-19 Goeb, Joseph, Maredia, Mywish K., Win, Khin Zin, Masias, Ian, Lambrecht, Isabel, Boughton, Duncan, Minten, Bart, 2021-05-27 Many governments imposed stringent lockdowns during the COVID-19 pandemic as a public health measure to suppress

the spread of the disease. With consumer incomes already depressed, the potential impacts of these measures on urban food prices are of particular concern. This working paper examines the changes in Myanmar's urban food prices during lockdown using detailed food price data collected from a panel of phone surveys conducted in August and September 2020 of 431 family-owned retail shops in Myanmar's two largest cities, Yangon and Mandalay. We find that the supply side of Myanmar's food retail sector was largely resilient to the shocks and lockdowns throughout the first six months of the COVID-19 pandemic. Estimates from a fixed effects difference-in-differences model reveal that food prices were 3 percent higher in townships under lockdown compared to those not under lockdown, a statistically significant but modest effect. Lockdowns had smaller effects on prices for highly processed food items sourced directly from companies, but larger effects on prices for raw or lightly processed commodities sourced through wholesale markets, which comprise a larger share of urban consumer's diets. Retailer margins did not change significantly under lockdown restrictions, suggesting no evidence of price gouging. Overall, our findings of a modest impact of the lockdown on urban food prices underscore the importance of keeping the food supply chain—including wholesale markets and retail shops—functioning as completely and as safely as possible during times of crisis, as was mostly the case early in the crisis for the two cities in this study.

The Blind Man of Hoy Red Szell,2015-04-16 From the moment I watched a documentary of Chris Bonington and Tom Patey climb the perpendicular flanks of the Old Man of Hoy I knew that my life would not be complete until I had followed in their footholds. That was in 1983 when I was thirteen. Within months I was tackling my first crags and dreaming of standing atop Europe's tallest sea stack with the Atlantic pounding 450 feet below. Those dreams went dark at nineteen when I learned I was going blind. I hung up my harness for twenty years and tried to ignore the twinge of desire I felt every time The Old Man appeared on TV.' Middle aged, by now a family man, crime novelist and occasional radio personality, Red Szell's life nonetheless felt incomplete. He was still climbing, but only indoors until he shared his old, unforgotten, dream with his buddies, Matthew and Andres, and it became obvious that an attempt had to be made. With the help of

mountain guides Martin Moran and Nick Carter, and adventure cameraman Keith Partridge, supported by family and an ever growing following, Red set out to confront the Orcadian giant.

Sojourners and Settlers Clarence E.

Glick, 2017-04-30 Among the many groups of Chinese who migrated from their ancestral homeland in the nineteenth century, none found a more favorable situation than those who came to Hawaii. Coming from South China, largely as laborers for sugar plantations and Chinese rice plantations but also as independent merchants and craftsmen, they arrived at a time when the tiny Polynesian kingdom was being drawn into an international economic, political, and cultural world. *Sojourners and Settlers* traces the waves of Chinese immigration, the plantation experience, and movement into urban occupations. Important for the migrants were their close ties with indigenous Hawaiians, hundreds establishing families with Hawaiian wives. Other migrants brought Chinese wives to the islands. Though many early Chinese families lived in the section of Honolulu called Chinatown, this was never an exclusively Chinese place of residence, and under Hawaii's relatively open pattern of ethnic relations Chinese families rapidly became dispersed throughout Honolulu. Chinatown was, however, a nucleus for Chinese business, cultural, and organizational activities. More than two hundred organizations were formed by the migrants to provide mutual aid, to respond to discrimination under the monarchy and later under American laws, and to establish their status among other Chinese and Hawaii's multiethnic community.

Professor Glick skillfully describes the organizational network in all its subtlety. He also examines the social apparatus of migrant existence: families, celebrations, newspapers, schools--in short, the way of life. Using a sociological framework, the author provides a fascinating account of the migrant settlers' transformation from villagers bound by ancestral clan and tradition into participants in a mobile, largely Westernized social order.

Pandemic Exposures Fassin Didier, Marion

Fourcade, 2021-11 An illuminating, indispensable analysis of a watershed moment and its possible aftermath. For people and governments around the world, the onset of the COVID-19 pandemic seemed to place the preservation of human life at odds with the pursuit of economic and social life. Yet this naive alternative belies the complexity of the entanglements the crisis has created and revealed not just between health and wealth but also around morality, knowledge, governance, culture, and everyday subsistence. Didier Fassin and Marion Fourcade have assembled an eminent team of scholars from across the social sciences to reflect on the myriad ways SARS-CoV-2 has entered, reshaped, or exacerbated existing trends and structures in every part of the globe. The contributors show how the disruptions caused by the pandemic have both hastened the rise of new social divisions and hardened old inequalities and dilemmas. An indispensable volume, *Pandemic Exposures* provides an illuminating analysis of this watershed moment and its possible aftermath.

Understanding Morphology Martin

Haspelmath, Andrea D. Sims, 2013-10-28 This new edition of *Understanding Morphology* has been fully revised in line with the latest research. It now includes 'big picture' questions to highlight central themes in morphology, as well as research exercises for each chapter. *Understanding Morphology* presents an introduction to the study of word structure that starts at the very beginning. Assuming no knowledge of the field of morphology on the part of the reader, the book

presents a broad range of morphological phenomena from a wide variety of languages. Starting with the core areas of inflection and derivation, the book presents the interfaces between morphology and syntax and between morphology and phonology. The synchronic study of word structure is covered, as are the phenomena of diachronic change, such as analogy and grammaticalization. Theories are presented clearly in accessible language with the main purpose of shedding light on the data, rather than as a goal in themselves. The authors consistently draw on the best research available, thus utilizing and discussing both functionalist and generative theoretical approaches. Each chapter includes a summary, suggestions for further reading, and exercises. As such this is the ideal book for both beginning students of linguistics, or anyone in a related discipline looking for a first introduction to morphology.
