Friedrich Pukelsheim

Proportional Representation Friedrich Pukelsheim, 2017-12-28 The book offers an in-depth study of the translation of vote counts into seat numbers in proportional representation systems – an approach guided by practical needs. It also provides plenty of empirical instances illustrating the results. It analyzes in detail the 2014 elections to the European Parliament in the 28 member states, as well as the 2009 and 2013 elections to the German Bundestag. This second edition is a complete revision and expanded version of the first edition published in 2014, and many empirical election results that serve as examples have been updated. Further, a final chapter has been added assembling biographical sketches and authoritative quotes from individuals who pioneered the development of apportionment methodology. The mathematical exposition and the interrelations with political science and constitutional jurisprudence make this an apt resource for interdisciplinary courses and seminars on electoral systems and apportionment methods.

Worthy to Win Joey T. Johnson, 2013-12-06 *Worthy to Win* - Emerging from fear and self-doubt, When you know the potential is there. *Worthy to Win* is a 8-step mental performance process that establishes a mindset for success. The process helps people overcome the fears and doubts that inevitably lead to self-sabotage. Using a competitive sports metaphor, *Worthy to Win* takes the reader on a quest to understand the secrets to unlocking an individuals potential through getting to know themselves at a core level.

Hearing God Dallas Willard, 2021-12-07 Being close to God means communicating with him—telling him what is on our hearts in prayer and hearing, and understanding what he is saying to us. But how do we hear God's voice? How can we be sure that what we think we hear is not our own

subconscious? What role does the Bible play? What if what God says to us is not clear? The key, says bestselling author Dallas Willard, is to focus not so much on individual actions and decisions as on building our personal relationship with our Creator. In this beloved classic, you'll gain rich spiritual insight into how we can hear God's voice clearly and develop an intimate partnership with him in the work of his kingdom. Hearing God is now available as part of the IVP Signature Collection, which features special editions of iconic books in celebration of the seventy-fifth anniversary of InterVarsity Press. A new companion Bible study guide with contributions from Jan Johnson is also available.

Living in Christ's Presence Dallas Willard, 2013-12-26 Logos Bookstores' 2014 Best Book in Spirituality 2014 Readers' Choice Award Winner 2014 Leadership Journal Best Books for Church Leaders (The Leader's Inner Life) A Special Award of Merit, from Byron Borger, Hearts and Minds Bookstore In these pages Dallas Willard explores what it means to live well now in light of God's kingdom. He reflects on the power of the Trinity in our lives, the meaning of knowledge, the importance of spiritual disciplines and much more. Dallas Willard offers poignant thoughts about what it will be like to transition into the very presence of Christ in heaven. This book is adapted from the talks given at the February 2013 Dallas Willard Center Knowing Christ Today conference in Santa Barbara, California. Each chapter is followed with an illuminating dialogue between Dallas Willard and John Ortberg. The book closes with the theme of offering a blessing to one another. These reflections form an apt conclusion to Dallas Willard's public ministry. It is a gift of grace. A conversation guide written by Gary W. Moon is included. Also available is the companion Living in Christ's Presence DVD.

The Photoshop Book for Digital Photographers Scott Kelby, 2011-12-20 Finally, a Photoshop book that is written expressly for professional photographers and hi-end serious amateurs that doesn't talk about F-stops, exposures, and how to frame a shot (you know all that stuff already--if you

don't hate to say it, but this isn't for you). This new book, from Photoshop User magazine editor and bestselling author Scott Kelby, starts at the moment your digital camera photos come into Photoshop, and he shows you the Photoshop pros techniques for managing, correcting, retouching and outputting your photos to knock your client's socks off, and turn you into a Photoshop production wizard. This book is absolutely ideal for traditional photographers who are making the jump to digital photography, and Scott's casual, step-by-step, plain-English style makes even the most complex Photoshop techniques seem so easy and accessible. It's the type of book that makes you smile and think Ahhhh, so that's how they do it and then immediately you realize Hey, I can do this! The entire book is graphically rich, in full color cover-to-cover, and best of all it's packed with real-world project-based tutorials that will take you through the process of sizing your images with the proper resolution (and the secret to doing so without losing image quality), how to deal with High ISO noise, blue channel noise, and other common plagues introduced by digital cameras; you'll learn how the pros color correct their photos for output on everything from inkjet printers to printing presses, and the secrets to getting perfect fleshtones no matter where it's output. You'll learn the sharpening techniques today's top digital photographers use, and how the leading retoucher's perform digital plastic surgery in Photoshop, plus professional facial retouching techniques using Photoshop 7.0's amazing new tools. Plus, you'll also learn how to manage your photos, digital dodging and burning tricks, dealing with common problems, making client presentations within Photoshop and on the Web, and the inside tips on how to work faster and more efficiently than you ever thought possible. If you're serious about digital photography and Photoshop, this is book you've been waiting for.

Up in the Air Philip Ardagh, 1998

Our Island Children of Gununa, Alison Lester, Elizabeth Honey, 2014-04-30 Our island lies beneath a big blue sky, surrounded by the turquoise sea. Turtles glide through the clear salt water, and dugongs graze on banks of seagrass. In this lyrical celebration of place, the children of Mornington Island explore their home in words and pictures. This is a collaboration with much-loved children's picture-book creators authors Alison Lester and Elizabeth Honey. All royalties from Our Island and one dollar from the sale of each copy are donated to Mornington Island State School to fund art projects in the community.

Medicine Caroline Petit, 2014-01-30 The extent to which classical theories about, and practices of, medical knowledge have shaped and continue to define medicine today is remarkable: but not always widely appreciated. Caroline Petit here offers a concise yet comprehensive account of medicine in antiquity which explores precisely that fascinating legacy. Discussing topics such as medical ethics, diagnostic explanations of illness and disease, matters of sex and gender, the ancient division between body and soul, interpretations of madness and melancholia, and methods of medical teaching and dissemination, the author draws fascinating parallels between the ancient, early modern and modern periods. We learn, positively, that the ancient medical thinking of Galen, Hippocrates and Soranos of Ephesus nourished the thought of some of the greatest physicians in history; but also that, negatively, modern medical thinkers sometimes misused ancient texts in pursuit of their own social and political agendas - a recurring problem in the history of medicine. Discussing a variety of ancient texts, from the Hippocratic era to the late Roman Empire, and examining contested literary evidence and interpretations, Petit skilfully traces the trajectory of medical practice from its magical and religious origins to a rational science of pathology, physiology, surgery and anatomy.

Space Systems for Disaster Warning, Response, and Recovery Scott Madry, 2014-09-06

This SpringerBrief provides a general overview of the role of satellite applications for disaster mitigation, warning, planning, recovery and response. It covers both the overall role and perspective of the emergency management community as well as the various space applications that support their work. Key insights are provided as to how satellite telecommunications, remote sensing, navigation systems, GIS, and the emerging domain of social media are utilized in the context of emergency management needs and requirements. These systems are now critical in addressing major man-made and natural disasters. International policy and treaties are covered along with various case studies from around the world. These case studies indicate vital lessons that have been learned about how to use space systems more effectively in addressing the so-called "Disaster Cycle." This book is appropriate for practicing emergency managers, Emergency Management (EM) courses, as well as for those involved in various space applications and developing new satellite technologies.

The Annenbergs John E. Cooney, 1982 This is the colorful and dramatic biography of two of America's most controversial entrepreneurs: Moses Louis Annenberg, 'the racing wire king, ' who built his fortune in racketeering, invested it in publishing, and lost much of it in the biggest tax evasion case in United States history; and his son, Walter, launcher of TV Guide and Seventeen magazines and former ambassador to Great Britain.--Jacket.

What Matters Now Seth Godin, 2010 NOTE: All proceeds from the sale of What Matters Now go to Room to Read.-----Now, more than ever, we need to shake things up. Now, more than ever, we need a different way of thinking, a useful way to focus and the energy to turn the game around. I hope this book will get you started on that path. It took months, but I think you'll find

it worth the effort. Here are more than seventy big thinkers, each sharing an idea for you to think about as we head into the new year. From bestselling author Elizabeth Gilbert to brilliant tech thinker Kevin Kelly, from publisher Tim O'Reilly to radio host Dave Ramsey, there are some important people riffing about important ideas inside. This book also includes Tom Peters, Fred Wilson, Jackie Huba and Jason Fried, along with Gina Trapani, Bill Taylor and Alan Webber. Here's to a year with ideas even bigger than these.
