The Complete Story of Sadako Sasaki Masahiro Sasaki, Sue DiCicco, 2020-04-07 **Independent Publisher Book Award (IPPY) Winner** **Middle School Book of the Year-- Northern Lights Book Awards** **Skipping Stones Honor Award Winner** For the first time, middle readers can learn the complete story of the courageous girl whose life, which ended through the effects of war, inspired a worldwide call for peace. In this book, author Sue DiCicco and Sadako's older brother Masahiro tell her complete story in English for the first time--how Sadako's courage throughout her illness inspired family and friends, and how she became a symbol of all people, especially children, who suffer from the impact of war. Her life and her death carry a message: we must have a wholehearted desire for peace and be willing to work together to achieve it. Sadako Sasaki was two years old when the atomic bomb was dropped on her city of Hiroshima at the end of World War II. Ten years later, just as life was starting to feel almost normal again, this athletic and enthusiastic girl was fighting a war of a different kind. One of many children affected by the bomb, she had contracted leukemia. Patient and determined, Sadako set herself the task of folding 1000 paper cranes in the hope that her wish to be made well again would be granted. Illustrations and personal family photos give a glimpse into Sadako's life and the horrors of war. Proceeds from this book are shared equally between The Sadako Legacy NPO and The Peace Crane Project.

Forty Ways to Look at Winston Churchill Gretchen Rubin,2004-05-11 Warrior and writer, genius and crank, rider in the British cavalry's last great charge and inventor of the tank—Winston Churchill led Britain to fight alone against Nazi Germany in the fateful year of 1940 and set the standard for leading a democracy at war. Like no other portrait of its famous subject, *Forty Ways to Look at Winston Churchill* is a dazzling display of facts more improbable than fiction, and an investigation of the contradictions and complexities that haunt biography. Gretchen Craft Rubin gives readers, in a single volume, the kind of rounded view usually gained only by reading dozens of conventional biographies. With penetrating insight and vivid anecdotes, Rubin makes Churchill accessible and meaningful to twenty-first-century readers with forty contrasting views of the man: he was an alcoholic, he was not; he was an anachronism, he was a visionary; he was a racist, he was a humanitarian; he was the most quotable man in the history of the English language, he was a bore. In crisp, energetic language, Rubin creates a new form for presenting a great figure of history—and brings to full realization the depiction of a man too fabulous for any novelist to construct, too complicated for even the longest narrative to describe, and too valuable ever to be forgotten.

Forty Ways to Look at JFK Gretchen Rubin,2005 The author of the bestselling *Forty Ways to Look at Winston Churchill* presents this biography-in-miniature of John F. Kennedy, highlighting crucial, oft-overlooked elements to Kennedy's story. Young Adult.
