**Lighting Design** Ulrike Brandi,2012-12-17 A concise, systematic introduction to natural and artificial lighting design More than any building material, light produces spatial effects, generates moods, and stages” architectural designs. In well-lit spaces, we feel good, and we are capable and effective; light promotes health. Moreover, especially in office buildings, the combination of a sensible natural lighting design with a corresponding approach to artificial lighting is a decisive factor in energy conservation. Assembled by experienced authors and experts from the worlds of practice and teaching, this new volume in the series Detail Practice provides an introduction to the most important aspects of natural and artificial lighting design. In addition to straightforward planning rules — such as ground plan design, building orientation, and the structuring of facades — it also introduces and explains current natural and artificial lighting systems with the help of example projects.

**Affective Health and Masculinities in South Africa** Hans Reihling,2020-04-03 Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men’s struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African ‘tradition’ that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men’s vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

A wildly astute plunge into the depths of love, rivalry, betrayal and the power of women.”—Bill Clegg An internationally renowned writer, Valeria Costas has dedicated her life to her work and to her secret lover, Martin Acla, a prominent businessman. When his sudden stroke makes headlines, her world implodes; the idea of losing him is terrifying. Desperate to find a way to be present during her lover's final days, Valeria commissions his artist wife, Isla, to paint her portrait—insinuating herself into Martin's family home and life. In the grand, chaotic London mansion where the man they share—husband, father, lover—lies in a coma, Valeria and Isla remain poised on the brink, transfixed by one another. Day after day, the two women talk to each other during the sittings, revealing truths, fragilities and strengths. But does Isla know of the writer's long involvement with Martin? Does Valeria grasp the secrets that Isla harbors? Amidst their own private turmoil, the stories of their lives are exchanged, and as the portrait takes shape, we watch these complex and extraordinary women struggle while the love of their lives departs, in an unforgettable, breathless tale of deception and mystery that captivates until the very end.

This is a comprehensive and solutions-oriented book that outlines how any marketer, at any level, can guarantee their advertising succeeds. Marketers cannot ignore the findings or the solutions revealed in What Sticks, such as: \* Why 47% of the advertising campaigns studied didn’t work and what you can do to guarantee yours does \* How to spend the same advertising budget, but get better results \* How to get your CFO and CEO to eagerly increase your marketing & advertising budget \* How to forecast next year’s advertising budget (Hint: It’s not by using last year’s spending!) \* How to immediately fix your advertising by applying these principles and real nuggets of wisdom Revitalize your advertising and join the new

Paris Colin Jones,2006-04-06 'Paris is the World, the rest of the Earth is nothing but its suburbs' - Marivaux In this intelligently-written and supremely entertaining new history, Colin Jones seeks to give a sense of the city of Paris as it was lived in and experienced over time. The focal point of generation upon generation of admirers and detractors, a source of attraction or repulsion even for those who have never been there, Paris has witnessed more extraordinary events than any other major city. No spot on earth has been more walked around, written about, discussed, painted and photographed. With an eye for the revealing, startling and (sometimes) horrible detail, Colin Jones takes the reader from Roman Paris to the present, recreating the ups and downs in the history of the city and its inhabitants. Attentive to both the urban environment and to the experience of those who lived within it, PARIS: BIOGRAPHY OF A CITY will be hugely enjoyed by habitual Paris obsessives, by first-time visitors, and by those who know the city only by repute.
