Out Of Control Kevin Kelly,2009-04-30 Out of Control chronicles the dawn of a new era in which the machines and systems that drive our economy are so complex and autonomous as to be indistinguishable from living things.

Toward Combined Arms Warfare Jonathan Mallory House,1985

Barbarians of Lemuria (Legendary Edition) Simon Washbourne,2009-12-02 It is a savage age of sorcery and bloodshed, where strong men and beautiful women, warlords, priests, magicians and gladiators battle to carve a bloody path leading to the Throne of Lemuria. It is an age of heroic legends and valiant sagas too. And this is one of them... Barbarians of Lemuria; swords & sorcery roleplaying, inspired by Thongor, Conan, Brak and Elric. Barbarians of Lemuria has been acclaimed by many as one of the best roleplaying games of this genre. This 'Legendary' version features updates and extra goodies to give you much more swords & sorcery role playing goodness.

BattleTech: Fall From Glory Randall N. Bills,2021-03-19 FLIGHT INTO THE UNKNOWN... 100 million dead. 500 million wounded. One billion homeless. The worst war in human history is over—and has left the Star League shattered. Jealousy and infighting from the five Great House Lords over who will be the next First Lord has the entire Inner Sphere already teetering on the brink of all-out conflict again. Against this grim backdrop, Aleksandr Kerensky, commanding general of the Star League Defense Force, faces a terrible choice. Stay, and see the mightiest military ever known subsumed into the Great Houses, lighting a conflagration that may burn even brighter than the terrible Amaris Coup. Or do the unthinkable... To save the Inner Sphere, Aleksander—along with his sons, Nicholas and Andery—must leave it behind. He marshals the largest fleet ever assembled to carry millions of people on thousands of JumpShips to head into the unknown. Exodus! But though the Great General strives to make a fresh start for his people far from the Inner Sphere, old habits and allegiances are difficult to leave behind. Soon the Kerenskys and their followers face threats both external and internal as they search the endless black for a new world upon which they can forge a Star League-in-Exile...or die trying.

Level Up! Scott Rogers, 2010-09-29 Design and build cutting-edge video games with help from video game expert Scott Rogers! If you want to design and build cutting-edge video games but aren't sure where to start, then this is the book for you. Written by leading video game expert Scott Rogers, who has designed the hits Pac Man World, Maxim vs. Army of Zin, and SpongeBob Squarepants, this book is full of Rogers's wit and imaginative style that demonstrates everything you need to know about designing great video games. Features an approachable writing style that considers game designers from all levels of expertise and experience Covers the entire video game creation process, including developing marketable ideas, understanding what gamers want, working with player actions, and more Offers techniques for creating non-human characters and using the camera as a character Shares helpful insight on the business of design and how to create design documents So, put your game face on and start creating memorable, creative, and unique video games with this book!

Mapping Cyberspace Martin Dodge, Rob Kitchin, 2003-09-02 Mapping Cyberspace is a ground-breaking geographic exploration and critical reading of cyberspace, and information and communication technologies. The book: * provides an understanding of what cyberspace looks like and the social interactions that occur there * explores the impacts of cyberspace, and information and communication technologies, on cultural, political and economic relations * charts the spatial forms of virtual spaces * details empirical research and examines a wide variety of maps and spatialisations of cyberspace and the information society * has a related website at <http://www.MappingCyberspace.com>. This book will be a valuable addition to the growing body of literature on cyberspace and what it means for the future.

BattleTech: Forever Faithful Blaine Lee Pardoe, 2019-02-23 SEMPER FIDELIS In the year 3060, the reborn Star League has destroyed Clan Smoke Jaguar, conquered their home world Huntress, and scattered the few remaining Jaguar warriors to the winds. Now the League seeks to end the Clan invasion for good by using former Smoke Jaguars against their own people. Meanwhile, two bitter enemies seek to salvage a future for the last Jaguars in existence: Trent, who betrayed his wayward Clan to help them regain their honor, and Paul Moon, a disgraced warrior torn between his pledged loyalty to the Star League and a duty to the Smoke Jaguar civilization he was born to protect. But power-hungry predators lurk in Clan space, waiting for the right time to strike the vulnerable Star League forces. And to the victor will go the spoils: the priceless artifacts of a destroyed Clan and the sacred genetics of the final generation of Smoke Jaguar warriors. Trent and Paul Moon must fight tooth and nail against would-be conquerors to save the soul of the surviving Jaguar people before they are consigned to the annals of history. But will their divergent plans tear the survivors apart, or lead them toward freedom?

BattleTech Technical Readout 3085 Catalyst Game Labs, 2010-10-13 In December 3076, Devlin Stone marshaled the nations of the Inner Sphere and began Operation SCOUR. The two-year final push to Terra was the bloodiest fighting seen in centuries. In the end, Terra had been freed with the Word of Blake scattered to the darkest corners of the universe. Stepping into that vacuum, Stone forged a new Terran Hegemony in The Republic of the Sphere. With the end of the Jihad, the survivors are rebuilding their shattered armies, introducing new machines to replace those whose factories ceased to exist in the fires of the Jihad. BattleTech Technical Readout: 3085 gives a detailed look at the machines introduced during the waning days of the Jihad and into the founding days of Devlin Stone's Republic of the Sphere. This book includes the latest Mechs, battle armor, aerospace and vehicles as well as new late-Jihad support vehicles. In addition, this sourcebook heralds the long-awaited update of Technical Readout: Project Phoenix, featuring brand-new art and additional variants. Conventional infantry make their Technical Readout debut with fifty-six individual infantry formations from classic foot

infantry to xeno-planetary soldiers. And finally, after more than twenty years of silence, Land-Air BattleMechs explode back into a Technical Readout with a look at the original four LAMs and their Star League history.

Into the Looking Glass John Ringo, 2005-06-01 WORST TWO OUT OF THREE When a 60 kiloton nuclear explosion destroys the University of Central Florida, terrorism is the first suspect. But terrorists don't generally leave doorways to another world in their wake. Or, rather, a generator of doorways to multiple other worlds. With time of the essence, the Secretary of Defense scrounges up the nearest physicist with a high level security clearance. With doctorates in everything from nuclear physics to electrical engineering, William Weaver, PhD, is the egghead's egghead. On the other hand, with skills in everything from mountain biking to screaming electric guitar, he's also fast enough and tough enough to survive when the alien gates start disgorging demons. As a snap decision, he appears to be the perfect choice, smart, tough and capable. Now if he could only patch things up with his girlfriend, get his boss off his back and get his cellphone bill paid. Oh, yeah, and figure out why the heck these gates keep opening. Okay, so sometimes he's got priority issues. As the gates spread and evil aliens spread with them, it is up to Weaver and SEAL Command Master Chief Miller to find a way to stop the proliferation and close the hostile gates. The problem being that the only way they can see to save the earth is destroy it. Then there's not going to be any more girlfriends or cellphones or bosses . . . Hmmm... Okay, two out of three of those are bad. They're really, really bad. Bad on toast. Bad like the Pacific is watery. Every day a Monday, bad. One and a half at the very least. Worst two out of three. Gotta prioritize. Guess Weaver and Miller are just gonna have to save the world. At the publisher's request, this title is sold without DRM (Digital Rights Management).

Battletech Field Manual FASA Corporation, 1997-05 The Free Worlds League (FWL) field manual provides an extensive survey of House Marik's Free Worlds League, one of the major Inner Sphere military powers. The manual includes a full military history of the rebellion-riddled confederation, from the Succession Wars to the Andurien Civil War and beyond, and profiles of every League regiment, including the elite Marik Guard and the chivalrous Knights of the Inner Sphere. Also included are color renderings of FWL uniforms and insignia and special rules for new, exclusive League weapons and BattleMechs.

Kurita McGraw-Hill School, 1987-09

The Classic Era Robert Thurston, 2003 Collected together for the first time in one volume are the classic novels of the Jade Phoenix Trilogy featuring Aidan Pryde, a MechWarrior in training with Clan Jade Falcon who learns that there's more to war than honor and glory. Original.

Historical Operation Klondike Chris Hartford, Christoffer Trossen, David L. McCullough, 2010-05-01

Battletech Compendium FASA Corp, 1995-09 BattleTech celebrates its tenth anniversary with the BattleTech Compendium: the Rules of Warfare, the ultimate guide to combat in the 31st century. All the rules needed to simulate exciting conflicts between BattleMechs, vehicles, and infantry are included, revising and streamlining material from BattleTech, 3rd Edition, CityTech, 2nd Edition, and the original BattleTech Compendium. The Rules of Warfare also contains a concise history of the BattleTech universe and its movers and shakers, several new BattleMech and OmniTech designs, rules for miniatures play, and full-color illustrations.
