Paper Toy Making Margaret W. Campbell,2011-08 Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Origami Toys Paul Jackson,2010 Origami Toys is a how-to book on making various interactive origami toys that flap, jump, fly, spin, bang, tumble, turn inside out, peck, snap, rock, and talk. Each toy is of the author's creation: in every instance, he has either come up with his own design, or he has created a modification of a previous classic design. There's a variety of toys for all origami levels: beginning, intermediate, and advanced.

Artcade Tim Nicholls,2016 Gamers who cut their teeth in the arcades will love this trip down memory lane. Artcade is a unique collection of coin-op cabinet marquees, some dating back 40 years to the dawn of video gaming. Originally acquired by Tim Nicholls from a Hollywood props company, this archive of marquees - many of which

had suffered damage over time - have now been scanned and digitally restored to their former glory. The full collection of classic arcade cabinet artwork is presented here for the first time in this stunning landscape hardback book, and accompanied by interviews with artists Larry Day and the late Python Anghelo. Relive your mis-spent youth with artwork from dozens of coin-ops including Asteroid, Battlezone, Street Fighter II, Out Run, Moon Patrol, Gyruss, Q*Bert, Bubble Bobble and many more. Each marquee takes up a full double-page spread in the book, and is faithfully recreated using beautiful lithographic printing on the highest quality paper. Tim has spent over a thousand hours assembling the high-resolution scans, restoring the images in Photoshop and color-correcting them back to their vibrant, as-new appearance. The results of all that hard work are now available as a lasting record of the amazing artwork that adorned the arcades during the golden era of coin-op video gaming.

Jurassic Park The Topps Company,2022-04-26
Journey back to where it all started in this deluxe collection showcasing the classic Topps trading cards from 1993–timed for the theatrical release of Jurassic World: Dominion When Jurassic Park was released almost 30 years ago, it was an immediate blockbuster and went on to become one of entertainment’s largest multimedia franchises, with five more films, theme park attractions, and a robust consumer product program—including a set of trading cards released by Topps in 1993 to tie into the film. This comprehensive collection of the original trading card series–timed to publish alongside the release of Jurassic World: Dominion–includes the fronts and backs of all of these classic cards, plus the special chase cards and rare promotional material. The book also includes text and commentary by Gary Gerani, editor of the original series, and an afterword by Chip Kidd, who created and designed the cover of Michael Crichton’s Jurassic Park, which became the iconic logo for the franchise.

Stacking the Deck Bryan Berg,2009-12-15 Written by the holder of several Guinness World Records for cardstacking, this is the first complete, fully illustrated guide to the art of building mind-boggling, multilevel structures with ordinary playing cards. In Stacking the Deck, Bryan Berg reveals the secret to successful cardstacking with his simple four-card-cell structure and expanded grid techniques. Using illustrations and step-by-step instructions, he guides readers on to more elaborate -- and incredibly strong -- creations. He covers a wide range of architectural styles, from classic to whimsical, and various types of structures, including pyramids, shrines, stadiums, churches, an oil derrick, and even the Empire State Building. Since first setting the height record in 1992, Bryan's built awe-inspiring card models of a Japanese shrine, the Iowa State Capitol building, Ebbets Field, and his latest tower, which is more than twenty-five feet tall! This book includes photographs of some of these amazing pieces, illustrating just how appealing

and enduring a house of cards can be. Stacking the Deck will inspire everyone from youngsters experimenting with their first deck of cards to adults, who can create their own private skyscrapers. Once you've read Stacking the Deck, you'll never look at a deck of cards the same way again.

The amusement park employs half the town's workers, pulls in tourists, and gives teenagers like Tess Landers someplace to hang out on the weekends. Tess is eating a hot dog when the Boardwalk's roller coaster--the Devil's Elbow--jumps the track, hangs for a moment in the air, and then plummets to the ground. One of Tess's classmates is dead on impact, two are forever maimed, and over twenty others are taken to the hospital. It's the worst tragedy Santa Luisa has ever seen, but it's only the beginning./divDIV /divDIVAs people rush to help, Tess spies a black-suited figure running away from the crowd. The crash was no accident. Five more teens will suffer before the killer is through, and Tess may be about to put herself on the list of victims./divDIV /divDIVThis ebook features an illustrated biography of Diane Hoh including rare photos and never-before-seen documents from the author's personal collection./div

The Strange Library Haruki Murakami,2014-12-02 Fully illustrated and beautifully designed, this is a unique and wonderfully creepy tale that is

sure to delight Murakami fans. All I did was go to the library to borrow some books. On his way home from school, the young narrator of *The Strange Library* finds himself wondering how taxes were collected in the Ottoman Empire. He pops into the local library to see if it has a book on the subject. This is his first mistake. Led to a special 'reading room' in a maze under the library by a strange old man, he finds himself imprisoned with only a sheep man, who makes excellent donuts, and a girl, who can talk with her hands, for company. His mother will be worrying why he hasn't returned in time for dinner and the old man seems to have an appetite for eating small boy's brains. How will he escape?
