**American Psychiatric Association Practice Guidelines** American Psychiatric Association, 1996  
The aim of the American Psychiatric Association Practice Guideline series is to improve patient care. Guidelines provide a comprehensive synthesis of all available information relevant to the clinical topic. Practice guidelines can be vehicles for educating psychiatrists, other medical and mental health professionals, and the general public about appropriate and inappropriate treatments. The series also will identify those areas in which critical information is lacking and in which research could be expected to improve clinical decisions. The Practice Guidelines are also designed to help those charged with overseeing the utilization and reimbursement of psychiatric services to develop more scientifically based and clinically sensitive criteria.

Texas School Finance Reform José Angel Cárdenas, 1997 A master story-teller, Dr. Jose A. Cardenas, offers us an insider's view of the 28-year history of school finance in Texas. Dr. Cardenas is the founder & director emeritus of IDRA & is the only person who has been actively involved in the entire school finance reform effort since the early days of the RODRIGUEZ VS. SAN ANTONIO ISD litigation when he was superintendent of the Edgewood Independent School

District. More than a history, this book provides a blueprint for persons interested in bringing about future reform in schools & other social institutions. Beginning with a description of the Texas system in 1950, the account covers court cases, legislation, & advocacy efforts & concludes with the status & future of school finance reform. Personal vignettes sprinkled throughout offer glimpses of those special untold moments that impacted history. Much of this volume - including the myths of school finance & lessons learned - relate to reform efforts in other states as well. Dr. James A. Kelly, president of the National Board of Professional Teaching Standards, provides a foreword, *Fighting the Good Fight*, describing Dr. Cardenas as a trailblazer & pioneer. (ISBN 1-878550-63-2; 1997; 387 pages; hardback) Distributed exclusively by the Intercultural Development Research Association (IDRA); 210-684-8180; FAX: 210-684-5389; E-mail: [idra@idra.org](mailto:idra@idra.org); URL: [www.idra.org](http://www.idra.org).

*Father Ed Dowling* Glenn F. Chesnut, 2015-07-17  
The story of Father Ed Dowling, S.J., the Jesuit priest who served for twenty years as sponsor and spiritual guide to Bill Wilson, the co-founder of Alcoholics Anonymous. An icy evening in December 1940 saw the first meeting of two extraordinary spiritual leaders. Father Ed said that the graces he received from meeting Bill Wilson were as great as those he had received from his ordination as a priest, and Bill in turn described encountering the Jesuit as being like a second conversion experience, where he could feel the transcendent presence of God filling the entire room with

grace. The good priest taught Wilson about St. Ignatius Loyolas Spiritual Exercises, about the eternal battle between good and evil which the Spanish saint described in that book, and explained the Jesuit understanding of the way we can use our deepest emotions to receive guidance from God while serving on that battlefield. The co-founder of the twelve step movement in turn supplied Father Ed with some of the most valuable tools he possessed for carrying out small group therapy on a wide range of different kinds of troubled people. Together the two men discussed Poulains Graces of Interior Prayer and Bills attempts to make spiritual contact with both spooks and saints, and explored the world of LSD experiences and the teachings of the Catholic, Hindu, and Buddhist mystics in Aldous Huxleys Perennial Philosophy. And we will see how Father Ed, with his deep social conscience, helped Bill W. turn his book on the Twelve Traditions into a Bill of Rights for the twelve step movement, and how he laid out his own spiritual vision of Alcoholics Anonymous at the A.A. International in St. Louis in 1955.

*The Last Lecture* Randy Pausch, 2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most

to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

The House on Mango Street Sandra

Cisneros, 2013-04-30 NATIONAL BESTSELLER • A coming-of-age classic about a young girl growing up in Chicago • Acclaimed by critics, beloved by readers of all ages, taught in schools and universities alike, and translated around the world—from the winner of the 2019 PEN/Nabokov Award for Achievement in International Literature. “Cisneros draws on her rich [Latino] heritage...and seduces with precise, spare prose, creat[ing] unforgettable characters we want to lift off the page. She is not only a gifted writer, but an absolutely essential one.” —The New

York Times Book Review The House on Mango Street is one of the most cherished novels of the last fifty years. Readers from all walks of life have fallen for the voice of Esperanza Cordero, growing up in Chicago and inventing for herself who and what she will become. "In English my name means hope," she says. "In Spanish it means too many letters. It means sadness, it means waiting. Told in a series of vignettes—sometimes heartbreaking, sometimes joyous—Cisneros's masterpiece is a classic story of childhood and self-discovery and one of the greatest neighborhood novels of all time. Like Sinclair Lewis's Main Street or Toni Morrison's Sula, it makes a world through people and their voices, and it does so in language that is poetic and direct. This gorgeous coming-of-age novel is a celebration of the power of telling one's story and of being proud of where you're from.

The Struggle against Enforced Disappearance and the 2007 United Nations Convention Tullio Scovazzi, Gabriella Citroni, 2007-06-05 Enforced disappearance is one of the most serious human rights violations. It constitutes an autonomous offence and a crime under international law on account of its multiple and continuing character. It is not a phenomenon of the past, nor is it geographically limited to Latin America: such scourge is widespread today and on the increase in other continents. For more than twenty-five years, relatives of disappeared people worldwide have insisted on the pressing need for an international legally binding instrument against enforced disappearances. 2006 is the year of the adoption of the International Convention on the Protection of All Persons from Enforced Disappearances, which represents the result of several legislative and jurisprudential developments that are duly analyzed in this book. The Convention has been opened for signature in February 2007.

Words & Music Paul Morley, 2015-11-19 Has pop burnt itself out? Inspired by the video for Kylie Minogue's hit single 'Can't Get You Out of My Head', acclaimed rock journalist Paul Morley is driving with Kylie towards a virtual city built of sound and ideas in search of the answer. Their journey bridges the various paradoxes of twentieth-century culture, as they encounter a succession of celebrities and geniuses - including Madonna, Kraftwerk, Wittgenstein and the ghost of Elvis Presley - and explore the iconic and the obscure, the mechanical and the digital, the avant-garde and the very nature of pop itself.

**Artificial Hells** Claire Bishop, 2012-07-24 Since the 1990s, critics and curators have broadly accepted the notion that participatory art is the ultimate political art: that by encouraging an audience to take part an artist can promote new emancipatory social relations. Around the world, the champions of this form of expression are numerous, ranging from art historians such as Grant Kester, curators such as Nicolas Bourriaud

and Nato Thompson, to performance theorists such as Shannon Jackson. *Artificial Hells* is the first historical and theoretical overview of socially engaged participatory art, known in the US as social practice. Claire Bishop follows the trajectory of twentieth-century art and examines key moments in the development of a participatory aesthetic. This itinerary takes in Futurism and Dada; the Situationist International; Happenings in Eastern Europe, Argentina and Paris; the 1970s Community Arts Movement; and the Artists Placement Group. It concludes with a discussion of long-term educational projects by contemporary artists such as Thomas Hirschhorn, Tania Bruguera, Paweł Althamer and Paul Chan. Since her controversial essay in *Artforum* in 2006, Claire Bishop has been one of the few to challenge the political and aesthetic ambitions of participatory art. In *Artificial Hells*, she not only scrutinizes the emancipatory claims made for these projects, but also provides an alternative to the ethical (rather than artistic) criteria invited by such artworks. *Artificial Hells* calls for a less prescriptive approach to art and politics, and for more compelling, troubling and bolder forms of participatory art and criticism.

**Clarks in Jamaica** Al Fingers, 2021-06 In Jamaica, Clarks are loved like no other brand. They are the island's ruling name in footwear -- the champion shoes -- and it has been that way for as long as anybody can remember. This book celebrates the rich history of Clarks in Jamaica, with a focus on the Jamaican reggae and dancehall musicians who have worn and sung about Clarks shoes through the

years. Documenting the origins of the Clarks brand in 1825 through to the introduction of their shoes into Jamaica in the 1920s and the impact of styles such as the Desert Boot, Wallabee and Desert Trek on the island, Clarks in Jamaica explores how footwear made by a Quaker firm in the quiet English village of Street, Somerset became the baddest shoes in Jamaica and an essential part of the island's culture. Building on the success of the first release in 2011, this updated second edition includes new interviews, previously unseen photographs, insights into Jamaica's favourite styles of Clarks from former company employees, and an expanded chapter on Jamaican fashion detailing the histories of island fashion staples such as the mesh marina (string vest), Arrow shirt, knits ganzie and beaver hat. Beautifully presented and thoroughly researched, Clarks in Jamaica is a wonderful document of Clarks' deep roots in Jamaican culture, a fitting tribute to the rich cultural exchange that has taken place between Jamaica and the UK that will appeal as much to Jamaicaphiles and lovers of Clarks shoes as to musicologists, fashion stylists and cultural historians.

**The African Wild Dog** IUCN/SSC Candid Specialist Group, 1997 Over the last 30 years the African wild dog population has declined dramatically. Dogs have disappeared from 25 of the 39 countries where they were previously found, and only 6 populations are believed to number more than 100. Today it is believed that only between 3,000-5,500 dogs remain in 600-1,000 packs with most to be found in eastern and southern Africa. The dramatic

reduction in their population is attributed to a number of factors including human population growth and activities, deterioration of habitat, and contact with domestic dogs and their diseases. This Action Plan explores some of the reasons behind their disappearance and provides a number of proposed solutions split into 3 priority areas, ranging from habitat management and conservation to monitoring domestic dogs.

**Visual Thinking** Rudolf Arnheim, 1969 The 35th anniversary of this classic of art theory.

**Prison Religion** Winnifred Fallers Sullivan, 2011-09-06 More than the citizens of most countries, Americans are either religious or in jail--or both. But what does it mean when imprisonment and evangelization actually go hand in hand, or at least appear to? What do faith-based prison programs mean for the constitutional separation of church and state, particularly when prisoners who participate get special privileges? In *Prison Religion*, law and religion scholar Winnifred Fallers Sullivan takes up these and other important questions through a close examination of a 2005 lawsuit challenging the constitutionality of a faith-based residential rehabilitation program in an Iowa state prison. *Americans United for the Separation of Church and State v. Prison Fellowship Ministries*, a trial in which Sullivan served as an expert witness, centered on the constitutionality of allowing religious organizations to operate programs in state-run facilities. Using the trial as a case study, Sullivan argues that separation of church and state is no longer possible. Religious authority has shifted from institutions to individuals, making it difficult to define religion, let alone disentangle it from the state. *Prison Religion* casts new light on church-state law, the debate over government-funded faith-based programs, and the predicament of prisoners who have precious little choice about what kind of

rehabilitation they receive, if they are offered any at all.
