I Feel Jealous Stephanie Finne,2021-06-15 In this book, readers will learn about jealousy and envy in themselves and others, how and why they feel it, how to best respond to it, and how to communicate these feelings. Social and emotional learning (SEL) concepts support growth mindset throughout, while Try This! and Grow with Goals activities at the end of the book further reinforce the content. Vibrant, full-color photos and carefully leveled text engage young readers as they learn more about states of mind, moods, and emotions. Also includes sidebars, a table of contents, glossary, index, and tips for educators and caregivers. I Feel Jealous is part of Jump!'s States of Mind series.

*What Do Economists Contribute?* Daniel B. Klein,2016-07-27 The title of this book raises a provocative question that should make all economists think. What is our raison d'etre ? Only a few economists have specifically addressed

the issue. Several of the more challenging efforts are included here. Do economists have much influence on government policy, particularly over, say, five or ten years? Is that because they don't try hard enough or is it because politicians care more about the next election than about the opinion of economists? In this splendid collection, some published as long ago as the 1930s, nine great economists consider these questions. The editor's illuminating introduction sorts out the area of agreement and disagreement between them.
