Imperium Lupi Adam Browne, 2017-07-17 IMPERIUM LUPI A decade has passed since the last Howler War and the City of Lupa stands peaceful again under the choking clouds of the Ashfall. The wild hyenas have been conquered, the little beasts remain subdued, and the wolf packs preserve their uneasy oligarchy thanks to the noxious power of imperium. However, new threats fester within the Lupan Wall. There are those who would overturn the rule of the Den Fathers, if not the dominion of wolfkind altogether, by persuasion, murder, even genocide, if that's what it takes. Imperium Lupi

is a gritty, steampunk, fantasy adventure packed with intrigue and flexible morals. The true monsters are not the giant insects that stalk the wild world of Erde, but the beasts who don the mask of civility to cover their crooked convictions. For the Republic Lupi!

How to Make Adorable Baby Animal Dolls Jonni Good, 2013-06 In this book the author shows you exactly how to make your own adorable baby animal collector's dolls, leading you through the entire process every step of the way. Your dolls won't cost much to make, and every doll will be an original, one-of-a-kind work of art. Since no two dolls ever come out exactly alike, each doll will have its own personality and character. You won't have to learn how to make molds for the doll heads, because each one is hand-sculpted over a simple armature. You don't need a kiln, because you'll be using home-made air-dry clay instead of porcelain. The resulting heads are seamless, hollow, and surprisingly strong. The bodies and ears are made out of soft, huggable cotton velour, and the toes are sculpted with a few easy stitches. Adorable!

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian

Paul Harris.
